DRAFT BYE-LAWS.

BYE-LAWS OF THE SARAN DISTRICT BOARD.

Definitions.

1. In these bye-laws, unless there is anything repugnant in the subject or context,— Definitions.

(*1*) the word "cattle" has the same meaning as in the Cattle-trespass Act, 1871;

(*2*) "reserved tank or well" means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, *khal* or other channel so set apart; and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well," or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition; and

(*3*) the "slopes" of a reserved tank or well include all places from which water can flow directly into such tank or well; and

(*4*) "road" means a road vested in, or under the control and administration of, the District Board or a Local Board; and includes—

(*a*) a village road;

(*b*) the slope, berm, borrow-pits and side-drains of a road; and

(*c*) all land vested in, or under the control and administration of, the District Board or a Local Board, and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road.

2. (*1*) No person shall encroach on any part of a road by cultivating crops thereon.

(*2*) No person shall, on any road,

by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

(*a*) Without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, make or cause any encroachment, or

(*b*) obstruct traffic, or

(*c*) cause any inconvenience to passengers, or

(*d*) hinder or impede the flow of water.

Sale, collecting or gathering of articles in vicinity of road.

3. No person shall expose or place any article for sale in any bazaar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road so as to interfere with the traffic of the road.

Cutting of plants, trees or hedges obstructing road or drain.

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain,

shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by District Engineer, cut down, prune or trim such plants, trees or hedges within the period, and in the manner, prescribed in such notice.

Damage to bridges, culverts or causeways on road.

5. (*1*) No person shall destroy or damage or cause to be destroyed or damaged, any bridge, culvert or causeway built on or across any road.

(*2*) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(*3*) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

Damage to fences, posts, soil, turf or grass on road.

6. No person shall—

(*a*) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road; or

(*b*) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

Channel across road.

7. (1) No person shall cut a channel, or convey water by a channel, across a road, except with the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, and in such manner as he may prescribe.

(2) Any person who has been permitted by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition.

(3) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public.

Obstruction of waterway adjoining road.

8. No person shall obstruct any waterway adjoining a road, so as to injure or tend to injure the road or otherwise to render the road impassable.

Excavations on or near road.

9. (1) No person shall make any excavation on any road or any hole, pit, tank or well within fifteen feet of any road, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer.

(2) Every person by whom, or by whose direction, any hole, pit, tank or well has been excavated within fifteen feet of a road shall be bound to take such order therewith as will prevent damage to, or erosion of, the road.

Protection of excavations on or near road.

10. The owner or occupier of any tank, well or other excavation on or near the side of any road shall be bound to fence in or duly protect such excavation in such manner as may be directed by notice signed by the Chairman or Vice-Chairman of the District Board or a Local Board.

Use of roads bridges, culverts or canals while closed to traffic.

11. No person shall pass over, or drive any animal or vehicle over, any road, bridge, culvert or canal, so as to injure the same while it is under construction or repair, or is affected by flood, or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman of the District Board or a Local Board, or (in emergent cases, pending application to such Chairman) of the District Engineer.

Discharge of rainfall from roof to road.

12. No person shall, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, allow the rainfall from the roof of any building owned or occupied by him to be discharged upon any road by means of a spout or other thing intended for the conveyance of water.

Flow of filth on to road.

13. No person shall allow the water of any privy or any matter offensive or deleterious to health to flow on any road.

Removal of trees or erections falling on to roads.

14. Any person owning or possessing a tree or a house, wall or other erection which has fallen, or part of which has fallen, on to a road, shall, if so required by notice in writing signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, remove such tree, house, wall, erection or part, within the period prescribed in such notice.

Curing hides on or near road.

15. No person shall cure hides on any road; nor shall any person cure hides near any road, unless the place of curing is invisible from such road.

Slaughter of animals, cleaning of carcasses, etc., on or near road.

16. No person shall slaughter any animal, or clean any carcasses, or collect bones, on or near any road.

Placing or burning of bodies on road.

17. No person shall place or burn any corpse or the dead body of any animal on or near any road.

Steeping offensive matter in road-side drain, pit or excavation.

18. No person shall steep any jute, hemp, bamboos, hides or other offensive matter in any drain, borrow-pit or excavation at the side of any road.

Flying kite on road.

19. No person shall fly a kite on or over any road.

Rule of the road.

20. (1) Any person driving a vehicle along a road, and meeting another vehicle, shall keep on the left or near side of the road, so as to allow sufficient room for the other vehicle to pass.

(2) No person driving a vehicle along a road and overtaking another vehicle shall attempt to pass the latter vehicle otherwise than on the right or off side of the road.

Freedom of roads.

21. No person shall prevent any other person from passing along a road, or shall otherwise interrupt the free use of a road.

Care of animals on road.

22. (1) No person in charge of, or having control over, any animal used for riding or draught shall allow such animal to stand or wander on any road without a rider or driver.

(2) No person in charge of, or having control over, any cattle shall allow such cattle to stray or lie on any road so as to cause inconvenience or danger to any person travelling on the road.

(3) No person shall tether any cattle on, or within reach of, a road, or stall cattle or allow cattle to graze on a road.

Elephants and camels on road to have bell.

23. Every person owning, riding, driving or in charge of any elephant or camel proceeding on a road must see that such elephant or camel is provided with a bell, and with a light also if such animal is proceeding on a road after nightfall.

Taking elephants over road, embankment, bridge or culvert.

24. No person driving or in charge of an elephant shall—

(*a*) cause material injury to a road, or to an embankment vested in the District Board or a Local Board, by taking the elephant over the same; or

(*b*) take the elephant over a bridge or culvert vested in the District Board or a Local Board, unless the same be constructed of arched masonry.

Removal of elephants or camels from road to admit passage of horses.

25. Every driver of an elephant or camel shall, on being so required by the rider or driver of a horse, remove such elephant or camel with reasonable promptitude to a sufficient distance from the road, to allow such horse to pass safely along the road.

Care of vehicles on road.

26. (*1*) No person shall drive or have in his charge on any road more than one vehicle at a time.

(*2*) No person in charge of, or having control over, any vehicle shall allow it to stand unattended on any road.

(*3*) No person shall leave a vehicle standing on a road for any longer time than is necessary for loading or unloading it.

(*4*) No person shall drive upon a road any vehicle laden with bamboos, planks or other materials of a similar character which exceed twelve feet in length and project beyond the vehicle, unless the vehicle be accompanied also by another person.

(*5*) All owners and drivers of vehicles loaded with bricks or other materials shall be responsible for their being so secured that the contents thereof may not fall down on any road.

(*6*) If any vehicle breaks down on a road, the driver shall remove it to the edge of the road without delay, and shall, within a reasonable time, remove from the road all materials (if any) which have fallen from the vehicle, and shall place the vehicle in such a position that it will not obstruct traffic.

(*7*) No person shall lead or drive any vehicle up or down the slopes of any road, except at crossings fixed by the District Board.

Carrying bamboos or *bullahs* on cart on road.

27. No person shall carry bamboos or *bullahs* on a cart on any road in such a manner as to scrape the road, or to cause injury or annoyance, or risk of injury, to travellers thereon

Width of tyres.

28. No bullock cart shall travel on any road unless the iron tyres of the wheels, or (in the case of carts not having iron tyres) the wooden rims of the wheels, are two inches or more in width :

Provided that this bye-law shall not apply to carts owned by residents of other districts which do not ordinarily ply within the Saran district but merely pass through that district.

Separate tracks for cart traffic and carriage traffic

29 Where separate tracks on roads have been set apart for carts and carriages, respectively, no cart shall be permitted to pass over the portion reserved for carriages unless the tracks set apart for carts are impassable.

Transport of heavy machinery over bridge.

30. No person shall transport heavy machinery over a timber bridge so as to injure the bridge.

Lighting of vehicles on road.

31. Every carriage drawn by a horse or horses, every waggon drawn by any other animals or propelled by motive power, and every motor-car shall carry two conspicuous lights, one on either side,

and every two-wheeled cart and every bicycle, tricycle and multicycle shall carry one conspicuous light,

when travelling on a road between dusk and dawn, except on clear moonlight nights.

Care of children on roads.

32. No parent, or other person for the time being in charge, of any child under five years of age shall allow such child to stray on any road so as to cause obstruction or risk of obstruction to traffic.

Nuisances on roads.

33. No person shall commit a nuisance on any road.

Trees.

Damage to trees.

34. No person shall destroy or damage, or cause to be destroyed or damaged,—

(*a*) any tree planted by, or under the charge of, the District Board or any Local Board; or

(*b*) any gabion or other defensive enclosure erected for the protection of any such tree.

Tapping, or taking fruit from trees on road.

35. No person shall tap any date or palm tree, or remove fruit from any tree, planted by, or under the control of the District Board or any Local Board, without a lease or written permission previously obtained from the Chairman of the District Board or Local Board.

Fires.

Lighting of fires.

36. No person shall light a fire in any unenclosed place within ten yards of any wooden bridge vested in the District Board, or within fifty yards of any inspection or dâk bungalow vested in the District Board or a Local Board.

Water-supply reserved for drinking and culinary purposes.

37. No person shall take water from a reserved tank or well, except for drinking or culinary purposes, save with the express permission of the District Board or a Local Board.

Taking of water.

38. No person shall—

Bathing or washing.

(*a*) bathe or wash any portion of his own body or the body of any other person; or

(*b*) wash clothes; or

(*c*) wash any cattle or other animal; or

(*d*) allow any of his ducks, geese or other birds to enter the water

in any reserved tank or well, or upon any of the banks, slopes or sides of any reserved tank or well.

Fouling of water.

39. No person shall—

(*a*) commit any nuisance in, or on the banks or slopes or sides of, any reserved tank or well; or

(*b*) throw any filthy substance thereinto; or

(*c*) in any way pollute the water thereof; or

(*d*) allow the water of any sink, sewer, cesspool or privy, or any offensive matter belonging to him or being on his land, to flow thereinto.

Explanation.—Steeping jute or bamboos in a reserved tank amounts to an offence against this bye-law.

Removal of earth or grass from sides or slopes.

LAND SALE NOTICES.

APPENDIX XXX.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Nepalganj extension of the Eastern Bengal State Railway, in the district of Purnea, will be put up to sale at 11 o'clock on Wednesday, the 25th October 1911, corresponding with the 17th Kartik 1319 Fusli, at the Bathnaha Railway Station in the district of Purnea.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing or plough the lands closer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Jessore, will be put up to sale at the Jhenidah Subdivisional Office on the 30th October 1911, corresponding with 13th Kartik 1918 B.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

The conditions regarding the payment of a land-revenue fixed in perpetuity are not applicable to estates in temporarily settled districts in which the land-revenue should be fixed for the term of the current settlement and be subject to periodical revisions on expiry of each settlement. In the case of an estate, situate in permanently settled area and yielding an annual rental of less than Re. 1, there should be no conditions regarding payment of land revenue.

2nd.—The sale to be subject to existing leases and to the right conferred by the settlement proceedings, and by the laws in force; and purchasers to be bound to respect the right of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

NOTICE TO TENDERERS.

(See A. R. I., Vol. III, paras. 135 and 136.)

FRESH SEALED TENDERS for the supply of the undermentioned supplies from 1st November 1911 to 31st March 1912 will be received by the Superintendent, Remount Depôt, Calcutta, up to 4 P.M. on the 5th October 1911.

II.—Forms of "Tender" and "Schedules" (I. A. F. Z2120, 2121 and 2122) of the stores for the supply of which tenders are invited are obtainable on payment at the rate of Re. 1 per set on application in writing, and samples of the articles to be supplied can be inspected at the Remount Depôt, 26, Garden Reach, Calcutta, any day (Sundays and holidays excepted) between the hours of 10 A.M. and 2 P.M.

III.—Tenders will only be received in accordance with the conditions on these printed forms, which must be submitted in English, and should specify in words as well as in figures the rate at which each description of article named in them will be delivered. Fractional parts of pies in rates will not be accepted. Tenders must be duly signed and completed in accordance with the instructions they contain.

IV.—Tenders should be accompanied by a deposit in the form of a $\frac{\text{Presidency Bank}}{\text{Treasury}}$ Receipt or Government Promissory Notes, Provincial or Municipal debentures, or Port Trust bonds, as earnest-money, at the rate of 2 per cent. on the total value of the stores tendered for, subject to a minimum of Rs. 25, which deposit will be returned on acceptance or rejection of the tender. In the case of Promissory Notes being furnished they must remain in the name of the depositor.

V.—No security or deposit which the tenderer may have furnished in connection with a previous contract or on any other account can be accepted as earnest-money.

VI.—The approval or rejection of tenders rests with the Quartermaster-General in India, who reserves to himself the right of rejecting any tender, or any items in a tender, without cause assigned. The lowest tender will not of necessity be accepted.

VII.—Tenders will be opened at this office at 12 A.M. on Friday, the 6th October 1911. Tenderers are invited to attend.

VIII.—Parties tendering are particularly requested to give their addresses in full.

IX.—Any further information required can be obtained on application to this office between the hours of 10 A.M. and 4 P.M. (Sundays and holidays excepted).

X.—Tenders must be sent under a strong cover, securely fastened, sealed with a distinctive device and conspicuously marked "Tender for the supply of grain" and addressed to the Superintendent, Calcutta Remount Depôt, Saharanpur (U. P.), and not to any officer by name.

XI.—Tenders which do not comply with the above conditions will be rejected.

REPORT ON THE WORKING OF THE LICENSED JUTE WAREHOUSE AND FIRE-BRIGADE ACT, 1910-1911

NOTIFICATION.

No. 885T. M.—The 21st September 1911.—The following is published for general information.

H. WHEELER,
Secy. to the Govt. of Bengal.

No. $\frac{1473A-1-11}{7619}$, dated Calcutta, the 11th July 1911.

From—F. L HALLIDAY, ESQ., C.I.E., M.V.O., Commissioner of Police, Calcutta,
To—The Secretary to the Government of Bengal, Municipal Department.

I HAVE the honour to submit, in accordance with section 41, Act I of 1893, the following report on the working of the Fire Brigade, in the Town and Suburbs of Calcutta and in Howrah during the year 1910-11.

2. The force at the end of the year under review is shown in Appendix I attached. An extra European Assistant Engineer was sanctioned for headquarters during the year under review, under Government of Bengal order No. 1052F.M., dated 16th October 1909, and was entertained from the 7th July 1910.

A statement showing receipts and expenditure of the Fire Brigade for 1910-11 is enclosed.

The year opened with a balance of Rs. 37,813-8-10: the receipts amounted to Rs. 1,51,901-11-4 and the total expenditure to Rs. 1,34,192-0-4, leaving a balance of Rs. 55,523-3-10 at the close of the year.

Receipts.

Fees under Petroleum Act show an increase of Rs. 566 over the estimate. No judicial fines were realised under the Act and the sale proceeds of unserviceable stores, horses, etc., show an increase of Rs. 633-11-4 over the estimate. There were no receipts for hire of engines during the year, the net result being an actual increase in receipts over the estimate by Rs. 999-11-4.

Expenditure.

(*a*) Under the head "Establishment" there was a decrease of Rs. 8,083-3-3 as compared with the estimate. The decrease is due mainly to the following reasons:—

(*i*) Saving of Rs. 3,472-6 was effected owing to non-payment of contribution towards pay and leave allowances of the Superintendent, Reserve Force.

(*ii*) Saving of Rs. 1,761, owing to non-payment of grain compensation allowance to the men, as the same was abolished during the year.

(*iii*) Saving of Rs. 830 in the pay of *khalasis*. This was principally due to vacancies existing in the rank.

(*iv*) Saving of Rs. 1,742 in the pay of the European staff of the Brigade. This was effected owing mainly to the employment of new men as engineers and driver on the minimum pay of the appointments which fell vacant consequent on the dismissal of an engineer and the promotion of the driver.

(*b*) The total expenditure under the head "Contingencies" amounted to Rs. 91,061-13-6 against a budget grant of Rs. 1,11,553, showing a decrease of Rs. 20,491-2-6.

Out of the sum of Rs. 45,000, provided in the budget for the purchase of motor steam-engine and motor tender, the sum of Rs. 25,915-9-3 remained unexpended at the close of the year, the price of the engine and tender having not been paid in full, and the sum of Rs. 6,500 provided in the budget for construction of the Fire Brigade quarters in the new Garden Reach Thana compound was not paid to the Public Works Department during the year.

Canvas delivery hose valued at Rs. 11,967 was purchased during the year against the sanctioned budget grant of Rs. 3,000. This purchase was emergent to make up shortage in the stock of delivery hose.

(*c*) Under head "Other charges" there was an increase of Rs. 2,864-6-1 due to increased expenditure for water pressure.

4. One hundred and thirty fires of all degrees occurred during the year 1910-11, against 125 in 1909-10 and 170 in 1908-09. Of these 27 were serious fires in the town, river and docks, 17 in the suburbs and 6 in Howrah. Seven false alarms of fire were received. There were further two fires at which the Brigade attended, outside the jurisdiction, one a village at Tollygunge and one at the Baranagar North Jute Mill. There were also 78 petty fires, 26 in the town, on the river and in the docks, 44 in the suburbs, and 8 in Howrah.

Fourteen of the total number of fires occurred in buildings licensed under the Licensed Warehouse and Fire Brigade Act, I of 1893.

The total estimated value of the property destroyed by fire was Rs. 1,35,262-14 against Rs. 15,66,780-2 in 1909-10 and Rs. 20,76,151-2-6 in 1908-09.

Fires outside the jurisdiction of the Fire Brigade.

(1) *3rd July.*—A fire occurred at Tollygunge, district 24-Parganas, at which 75 *goleputa* huts, containing straw, *jagila*, grain, bullock carts, and household effects to the value of Rs. 15,000 was destroyed. It was extinguished by the Brigade after working at it for four hours.

(2) *17th March.*—A fire occurred at Baranagar North Jute Mill, district 24-Parganas, at which about 3,000 drums of jute and 25 cases of bobins were damaged by fire and water to the extent of Rs. 70,000. The property was insured. It was extinguished by the Brigade with motor and hosed appliances after working 3 hours and 25 minutes.

The most serious fires were as follows:—:—

(1) *9th April.*—At 2 Wellesly Street a timber yard and 20 tiled huts containing furniture and other household effects to the value of Rs. 15,000. Fire lasted eight hours.

(2) *21st May.*—At Ganges Jute Press, Chitpur, a large godown containing jute in bales damaged by fire and water—Rs. 2,30,000. Fire lasted 50 hours and 10 minutes.

(3) *26th October.*—At Krishna Jute Press, Howrah, one double-storied godown with corrugated roof containing jute, cotton and hemp—Rs. 33,000. Fire lasted 16 hours and 5 minutes.

(4) *2nd November.*—At No. 4 shed, Port Commissioners' Docks, Kidderpore, a masonry godown with corrugated roof containing jute in *pucca* bales—Rs 3,00,000. Fire lasted 17 hours and 30 minutes. A letter testifying appreciation of the excellent work done by the Brigade is reproduced below:—

Dated Calcutta, the 14th November 1910.

From—The Secretary to Port Commissioners, Calcutta,
To—The Commissioner of Police, Calcutta.

With reference to the fire which occurred in No. 4 shed, Kidderpore Docks, on Wednesday, 2nd November 1910, I am desired by the Commissioners in meeting to ask you to convey their thanks to the officers and men of the Calcutta Fire Brigade for the excellent services rendered by them in the extinction of the fire, and especially to Mr. Dundas, officiating Commissioner of Police, who personally directed the operations until the fire was under complete control.

(5) *2nd December.*—On board S. S. *Kabinga* No. 3, Esplanade Moorings, at which bales of jute and gunnies were destroyed, the estimated damage being assessed at Rs. 90,000, The fire lasted 187 hours. The Brigade were principally employed in removing the cargo, a task of considerable danger. A letter testifying to the appreciation of the excellent work done by the Fire Brigade is reproduced below:—

Calcutta, dated the 11th January 1911.

From—Messrs. Graham & Co., Agents, Bucknall Steamership Lines, Limited, Hansa Lines, Calcutta,
To—The Deputy Commissioner of Police.

S. S. *Kabinga.*

We desire to place on record, on behalf of the owners of the above steamer, the Commmander and ourselves, our appreciation of the very excellent work done by the Calcutta Fire Brigade in the recent fire on board the above steamer.

Apart from the fact that we found them extremely willing and courteous and always eager to do their best in the interest of saving the steamer, they were called upon at times to work in the burning hold in an atmosphere, which, owing to the fumes caused by the burning cargo, was almost enough to suffocate them. During the fire the men of the Fire Brigade were frequently pulled out of the hold in an insensible condition, but after being given time to recover, would again renew their efforts in fighting the fire with the utmost vigour.

We consider it was due to the good work done by them that the fire, which at one period looked very serious, was kept under control. In the opinion of the Master of the above steamer, who has had other experiences of fires on board vessels with other Fire Brigades, the efficiency of the Calcutta Fire Brigade is equal to that of any he has ever seen.

We might mention that unless you have any objection, we propose publishing this letter in the Calcutta newspapers.

We regret owing to pressure of business we have not addressed you earlier on this subject.

(6) *5th December.*—Strand Bank Jute Press, Chitpur, a godown containing about 12,000 bales of jute—Rs. 5,00,000. Fire lasted 151 hours and 20 minutes.

(7) *10th December.*—Sahib Bazar station, Port Trust Railway, a corrugated iron godown containing jute—Rs. 95,000. Fire lasted 5 hours and 30 minutes.

(8) *14th January.*—On board S. S. *Malakhand*, No. 7 Berth, Port Commissioners' Docks, bales of jute in No. 4 hold—Rs. 5,000. Fire lasted 5 hours and 30 minutes.

(9) *2nd February.*—No. 11 shed, Port Commissioners' Docks, one corrugated iron shed containing jute—Rs. 40,000. Fire lasted 6 hours. Property insured.

(10) *16th January.*—Calcutta Hydraulic Jute Press, Chitpur, bales of jute damaged by fire and water—Rs. 10,000. Fire lasted 5 hours.

5. *Repairs.*—During the year under review no important repair work to the engines has been necessary. All petty repairs were done by the Fire Brigade staff.

6. Two turn-outs consisting of a motor fire-pump and tender and one steam fire-engine, a hose cart, a brake, one water tower and fire escape with 15 horses and all necessary appliances, are always kept in readiness at head-quarters in case of a call.

7. *Payments by Municipalities.*—In the year under report the percentage fixed by Government as payable by the Corporation of Calcutta and the several municipalities concerned were as follows:—

				Rs.
Calcutta Corporation	...	20·267	70 per cent.	1,04,770
Chitpur and Cossipore Municipality		3	15 „	22,451

9. *Prosecutions.*—Three licenses were granted under section 36, Act I of 1893, to let off fire works, rockets, etc. Two licenses were cancelled. Two persons were convicted and fined for letting off fire works under section 66, Act IV of 1866.

10. *Water-supply.*—The water used by the Brigade is obtained from the street mains within the jurisdiction of the Calcutta Corporation, but at Howrah, Cossipore, Chitpur, Garden Reach and Manicktola where there is no unfiltered water laid on, water has to be obtained from tanks and in some cases from the canal or river Hooghly direct, and in these latter areas the work of the Fire Brigade is seriously hampered.

11. *Telephones and fire alarms.*—At the headquarters, Lall Bazar, there is a telephone exchange with 62 connections (and space for 38 more) to all police and fire-stations. The direct communication is principally with police-stations and pumping stations and also to the Port Commissioners' fire-float, the East Indian Railway goods-sheds, central telephone exchange and telegraph office.

The East Indian Railway goods-sheds are in direct telephonic communication with Howrah fire-station and also have a fire alarm (the only one in Calcutta) at the fire station. Besides the telephone for reporting fires, there are look-outs at all the fire-stations where steam or manual engines are kept.

At headquarters and Howrah tell-tale clocks continue to be used on the look-out towers as a check.

12. *New fire appliances.*—On the 29th January 1911 a motor fire tender was received. It is 45 horse-power motor, capable of travelling at the rate of 35 miles an hour, and is fitted with an auxiliary pump of the positive rotary type, with a capacity of 300 gallons per minute, has 65 feet of flexible rubber suction hose and carries a 35-foot fire ladder. It was built by H. Simonis and Company, Fire Engineers to the Commercial Car Company, London. This machine has since its arrival attended eight fires, has travelled in all about 150 miles and has proved itself, under severe tests of deep lifts and long leads of delivery hose amounting in one case to 1,200 feet, in every respect a first class fire-fighting machine. A second motor fire-engine, also ordered by me whilst in England, was received on the 2nd May 1911.

13. *Calls.*—Calls to the number of 137 were recorded during the year, being an increase of 12 over the previous year. The above figures include nine river and mill fires attended by the Brigade, assisted by the Port Commissioners' fire-floats.

The distance travelled to and from fires by the Brigade was 276 miles. Seventy-five fires were attended by the Brigade during the year. The average distance travelled per fire was 3·673 miles.

14. *Fatalities.*—During the year two fatalities occurred at fires:—

(1) 30th November, at No. 1 Raj Mohun Bose's Lane, a fire which broke out in a godown among some gunny bags: an old man named Din Mahomed, aged about 60 years, said to have been drunk, was burnt to death in his room

(2) 15th January, at No. 1 Middle Road, Entally: a man named Shaik Hasnoo died in hospital from the effects of burns received at the above fire.

15. *Miscellaneous.*—There is a forge attached to the Brigade which continued to be very useful. Four engineers attached to the Brigade hold licenses to drive motor cars. I attempted to arrange with the Sibpur College to train some of the Fire Brigade staff in motor engine work, but the fees asked were prohibitive. All the horses in the Brigade have been fitted with patent quick-hitching harness.

16. Mr. J. Milne, Chief Engineer, resigned his post on the 14th April 1910, and Mr. W. Phillips was appointed to act as Chief Engineer from the above date and continued to hold the post at the end of the year. He has been indefatigable in the discharge of his duties and has done much, under rather adverse circumstances, to improve the efficiency of the Brigade.

From—C. H. Bompas, Esq., I.C.S., Chairman, Howrah Municipality,
To—The Magistrate of Howrah.

In continuation of this office letter No. 480, of the 15th ultimo, forwarding in triplicate the annual report on the working of the Licensed Warehouse and Fire-Brigade Act for the year 1910-11 in the prescribed form, and in reference to your memorandum No. 208M.-3—11-4, dated the 30th June last, asking for a brief report on the said report in accordance with paragraph 2 of the Government order No. 385T.M., dated the 27th May 1910, I have the honour to submit that there is no particular item of importance in the said report to comment upon.

2. The annual fees charged in respect of the licenses remained the same as before, viz., 2 per cent. on jute warehouses, 1¼ per cent. on cotton godowns, 2 per cent. on wood depôts and 1 per cent. on all other depôts.

The proviso to section 10 of the Fire-Brigade Act was strictly followed, about half the expenditure being met from the General Fund of the Commissioners.

3. The demand made on this Municipality remained at 11 per cent. of the total expenditure as budgetted for by the Commissioner of Police, Calcutta.

4. There were 41 prosecutions against 71 in the previous year, and the fines realised amounted to Rs. 121.

No. 480, dated Howrah, the 15th June 1911.

From—C. H. Bompas, Esq., I.C.S., Chairman, Howrah Municipality,
To—The Magistrate of Howrah.

With reference to your letter No 167M.-II-4, dated the 5th instant, I have the honour to submit herewith in triplicate the annual report on the working of the Licensed Warehouse and Fire-Brigade Act of 1890 for the year 1910-11 in the prescribed form as desired.

F. C. Halliday,
Deputy Commissioner of Police, Calcutta.

No. 31, dated Calcutta, the 10th August 1911.

From—The Hon'ble Mr S. L. Maddox, M.A., I.C.S., Chairman of the Corporation of Calcutta,

To—The Secretary to the Government of Bengal, Municipal Department.

I have the honour to submit the following report under section 41 of Act I (B.C.) of 1893 for the year 1910-11 in accordance with the instructions contained in your office letter No 387 T.M., of the 27th May 1910.

2. During the year under report the fees under sections 10 and 24 were levied at 10 per cent. on the annual valuation of warehouses, as against 6 per cent. in the previous year. This was necessitated by reason of the increased expenditure incurred on account of the purchase of motor fire-engines with tender.

3. The statement of receipts and disbursements of the Licensed Warehouse Fund as well as that of the Jute and other licensed warehouses for the year 1910-11 is appended.

No. 120M., dated Calcutta, the 22nd August 1911.

From—The Hon'ble Mr. E. W. Collin, I.C.S., Commissioner of the Presidency Division,

To—The Secretary to the Government of Bengal, Municipal Department.

I have the honour to submit herewith copies of the reports submitted by the Chairmen on the working of the Licensed Jute Warehouse and Fire Brigade Act I (B.C.) of 1893, for the year ending the 31st March 1911, in the Cossipore-Chitpur, Maniktala and Garden Reach Municipalities.

No. $\frac{1955\text{-}11M.}{7}$, dated Alipore, the 31st July 1911.

From—J. A. L. Swan, Esq., I.C.S., Officiating Magistrate of the 24-Parganas,

To—The Commissioner of the Presidency Division.

I have the honour to submit herewith copies of the reports on the working of the Licensed Jute Warehouse and Fire Brigade Act I (B. C.) of 1893, for the year ending the 31st March 1911, in the Cossipore-Chitpur, Maniktala and Garden Reach Municipalities.

No. 901, dated Municipal Office, Talla, the 14th July 1911.

From—Rai Kripa Nath Dutt Bahadur, Chairman, Cossipore-Chitpur Municipality,

To—The Magistrate of the 24-Parganas, Alipore.

With reference to your letter No. 1955-1M. of 1911, dated the 26th May 1911, I have the honour to submit the following report on the working of the Jute Warehouse and the Fire Brigade Act within this Municipality during the year 1910-11, together with the statements of receipts and disbursements and of the Licensed Warehouses in the forms prescribed in Government Order No. 386T.—M., dated the 27th May 1910, and your letter No. 280-11M., dated 21st December 1910.

2. The rate of the licensed fee levied on the warehouses was increased in the year of report, from Rs. 3 to Rs. 4 per cent. to enable the Commissioners to raise a sum which, added to the contribution they proposed to make from their general fund, would go to meet the demand of the Commissioner of Police for their proportionate share of the charge for the maintenance of the Metropolitan Fire Brigade.

3 The total receipts from the fees and the rates specified in statement I amounted to Rs. 17,592-4-3. The demand of the Commissioner of Police for the year being Rs. 22,451, the Municipal Commissioners had to pay Rs. 4,858-11-9 from their general funds.

4. The Commissioners did not levy any rates under section 25 (1), (*b*) and (*c*) of the Licensed Warehouse and Fire Brigade Act. Neither did they receive, during the year of report, any fines under the Act, as will be seen from statement I submitted herewith.

5. The warehouses licensed during the year of report are shown in statement II.

No. 566, dated Calcutta, the 14th June 1911.

From—S. P. Chatarji, Chairman, Maniktala Municipality,
To—The Magistrate of the 24-Parganas, Alipore.

With reference to your letter No. M.1955—1 of 1911, dated the 26th May 1911, calling for a report on the working of the Licensed Jute Warehouse and Fire Brigade Act in this Municipality for the year 1910-11, I have the honour to report that the share of expenditure allotted to this Municipality by the Commissioner of Police was Rs. 2,245, which was discharged by two instalments.

2. The revenue during the year under review amounted to Rs. 3,114-4-3.

3. The annexed statement will show the number of warehouses and licenses issued during the year under review.

4. License fees levied on jute werehouses at 4 and 6 per cent. on the annual value of the holdings and at 10 per cent. on trades of other descriptions mentioned in the statement, and the fees were duly paid.

5. The jute godowns, firewood, packing case, hay and straw depôts are mostly situated near the Circular Canal which forms the northern, western and southern boundaries of this Municipality. Soorah Jute Mill (Messrs. W. M. Briggs and Co. Jute Mill has now been closed) and Messrs. Landale & Clark Co.'s Jute Mills are the three mills within this Municipality situated in the north of Narkeldanga and Maniktala Main Road.

6. The mutation fees of Rs. 5 for the year 1910-11 has duly been levied.

No. 100G.M., dated the 17th June 1911.

From—H. B. Poole, Esq., Chairman, Garden Reach Municipality,

To—The Magistrate of the 24-Parganas.

With reference to your No. M. 1955—1 of 1911, dated the 26th ultimo, I have the honour to submit the following report on the working of the Licensed Jute Warehouse and Fire Brigade Act in this Municipality for the year 1910-11 together with statements I and II in prescribed form.

2. During the year under report the total revenue from jute warehouse fees and from rate under section 25 (*b*) of the Fire Brigade Act as shown in statement I was Rs. 1,659-10. The amount of contribution paid in compliance with the requisition made by the Commissioner of Police, Calcutta, was Rs. 3,742. There was thus a deficit of Rs. 2,082-6, which was met from the general funds of the Municipality. The deficit was a little larger this year owing to the fact that the Superintendent, Army Remount Depôt, and the Commissioners for the port of Calcutta withheld payment of the amount due from them.

In levying the jute warehouse fees the limitations prescribed by the provisos to section 10 of the Fire Brigade Act were strictly observed.

3. The rates at which the fees were levied were 3·4 per cent. on the annual value of all large warehouses, Rs. 5 per cottah of all wood and straw depôts and one-half percentum on the annual value of all *busti* lands with huts, if any, on them. The rate of license fee in respect of large warehouses was raised from 2·9 per cent. to 3·4 per cent. in order to meet the increased demand of the Commissioner of Police. While the contribution paid by this Municipality is being increased every year inspite of the fact that the number of warehouses within the Municipality has decreased, the Commissioners again protest against this most unjust tax. That the benefits derived from the Calcutta Fire Brigade are not commensurate with the amount contributed towards its maintenance, must be evident to any one capable of viewing the situation disinterestedly.

4. A list of licensed warehouses within the Municipality during the year under review is given in statement II.

REPORT ON THE ADMINISTRATION OF THE EXCISE DEPARTMENT IN BENGAL DURING THE YEAR 1910-11.

NOTIFICATION.

No. 238T.—S.R.—The 23rd September 1911.—The following extracts from the Report of the Commissioner of Excise and Salt on the administration of the Excise Department in Bengal during the year 1910-11 and from the letter from the Board of Revenue reviewing the Report are published for general information.

H. WHEELER,
Secy. to the Govt. of Bengal.

No. 4124B., dated Calcutta, the 28th August 1911.

From—W. A. MARR, ESQ., I.C.S., Secretary to the Board of Revenue, L. P., Miscellaneous Revenue Department,
To—The Secretary to the Government of Bengal, Financial Department.

I AM directed by the Board of Revenue to submit the report of the Commissioner of Excise, Bengal, on the administration of the Excise Department during the year 1910-11.

Member in charge:
THE HON'BLE MR. D. J. MACPHERSON, C.I.E., I.C.S.

* * * * * *

3. *Administrative changes.*—The most important administrative changes which took place during the year were:—

(1) the extension of the contract system of supplying spirits to the districts of the Patna and Tirhut Divisions (excepting certain parts of Shahabad, Champaran and Muzaffarpur);

(2) the closure of outstills in the Khondmals subdivision of the district of Angul in deference to the wishes of the Khonds who took a vow to abstain from using liquor;

(3) the taxation of *pachwai* for the first time in the district of Sambalpur, and the withdrawal from the districts of the 24-Parganas, Nadia, Jessore and Khulna of the privilege of home-brewing of *pachwai* under license;

(4) the grant to respectable chemists and druggists doing wholesale business in the manufacture of medicines, chemicals or drugs of the privilege of obtaining locally manufactured rectified spirit at the reduced rate of duty of Rs. 7-13 per L.P. gallon for their business;

(5) the imposition of excise restrictions on the manufacture of perfumes and toilet preparations from or with duty-paid plain foreign spirit;

(6) the introduction of the new method of denaturation of spirits with light caoutchoucine and mineral pyridine bases;

(7) the introduction of Rajshahi *ganja*, exclusively, into the district of Sambalpur at a duty of Rs. 7 per seer, in place of Khandwa *ganja* with a duty of Rs. 5 per seer; and

(8) the raising of the rate of duty on country spirit in the towns of Cuttack, Balasore, Puri, Monghyr and Jamalpur, and in the urban tracts of the Shahabad district with effect from the 1st April 1910.

4. *Local Advisory Committees.*—Local committees were appointed in 30 mufassal towns, with a population of 20,000 or upwards, to advise the

Collectors as to the number and sites of liquor shops to be licensed for the current year. It is understood that, except in a few instances, there was a preponderance of the non-official element in these committees. From a separate communication received from the Excise Commissioner it appears that out of 42 cases in which the local committees recommended withdrawal or removal of shops, in 29 cases the recommendations were at once accepted, and in six the recommendations were noted for action as soon as possible. In the remaining seven cases the committees' recommendations were not accepted, and in each of these cases the reasons put forward for withdrawal or removal were fully considered by the Collector of the district, the Divisional Commissioner and the Commissioner of Excise before final rejection.

The details given in the Excise Commissioner's report as regards the action taken in respect of individual districts show that, in the matter of sites, due regard was paid to the wishes of the people in the localities concerned.

In Calcutta the sites of shops had been considered by a committee which sat in 1909-10 in connection with the triennial settlements which have been made with effect from the 1st April 1910. No further committee was therefore appointed for the current year.

During the year it was considered whether, in view of the difficulties encountered by license-holders in obtaining suitable sites for liquor shops and the desirability of improving the structural conditions and sanitary surroundings of such shops generally, it would be advisable for Government to acquire sites or to lease suitable premises for a term of years, disposing of the right to use them along with the vend license. After consulting Local Governments, the Government of India have decided that, while the general adoption of a policy of acquiring sites or premises on behalf of the State is both unnecessary and inexpedient, the local authorities should, in exceptional cases and subject to the sanction of the Local Government or other superior controlling authority, be allowed discretion in the matter of acquiring sites or premises for shops by purchase or lease as local conditions may require.

5. *Revenue.*—In round figures the total receipts of the year amounted to 180 lakhs of rupees against 168 lakhs in the preceding year, showing an increase of 12 lakhs. The receipts were made up of 88 lakhs in duty and 92 lakhs in license-fees against 76 lakhs and 92 lakhs, respectively, in the previous year. Country spirit, *ganja* and opium account for 59·5 per cent., 18·2 per cent., and 14·8 per cent., of the total revenue of the year, being (except in the case of *ganja*) very slightly less than the percentages in the preceding year. The receipts under country spirit show an increase of 4¼ lakhs of rupees, or 4·9 per cent., under *ganja* 3 lakhs, or 10·4 per cent., and under opium, more than three-quarters of a lakh, or 3·2 per cent. The incidence of taxation per proof gallon of spirit under the contract and central distillery systems taken together was Rs. 4·9 against Rs. 5·6 in the previous year, and the average annual fee for each outstill was Rs. 2,410 against Rs. 2,048 in the preceding year. The incidence of the excise revenue was 5 annas 5 pies per head of the population against 4 annas 11 pies in the preceding year. After making due allowance for difference in the population on which the calculations are based, the result is a real increase in the taxation per head.

6 *Result of settlements.*—There was a net increase of over 5½ lakhs of rupees in the total license-fees at which country spirit shops have been settled for the current year. The increase, which followed a heavy decrease of over 8 lakhs in the previous year, appears to be due mainly to improved agricultural conditions. In Calcutta there was an increase of about 2¼ lakhs under the head "Other excisable articles," which is attributed chiefly to a marked rise in the license-fees obtained for the opium shops at the last settlements. The retail selling price of opium has already gone up by about 2 annas per tola on the introduction of the restrictive system, and the increase in license-fees for the current year must tend to raise the price of opium to the consumer still higher. Vigilance against resort to illicit sources of supply will therefore be specially necessary.

7. *Country spirit.*—If the districts of the Patna and Tirhut Divisions (except Champaran) be left out of account because of a change from the outstill to the contract distillery system which took effect from the year under review, the statistics of duty-paid country spirit show 1,025,108 proof gallons consumed in contract and central distillery areas against 937,217 proof gallons in the preceding year. In Calcutta the increase was 30,889 proof gallons, which is attributed to the large extent of the displacement of cheap foreign spirit on account of the recent enhancement of duty and the new restrictions as to strength, compounding and bottling. It was also, as expected, partly due to cheaper prices of food grains. At the same time the large decrease in consumption which occurred in Calcutta in 1908-09 has not yet been made up. There was a large increase, aggregating 52,610 gallons L. P., in the three districts of the Bhagalpur Division in which the contract distillery system had been introduced in the preceding year. In that year also bad harvests and high prices curtailed consumption. These causes had ceased to operate during the year under report, and the increase appears to be merely a reversion to the normal. There was a decrease of 15,552 gallons L.P. in Manbhum accompanied by a rise in the number of cases of illicit distillation from 54 to 248. The decrease in consumption is attributed entirely to the continued depression in the lac and coal trades, but the Deputy Commissioner is also of opinion that the higher taxation of country spirit under the contract system is acting as an incitement to illicit distillation and resort to other intoxicants. The Commissioner of Excise is reluctant to accept the latter view. It is observed that the number of cases of illicit distillation detected in this district rose from 54 to as many as 248. There seems ground to suspect therefore that illicit practices have been prevalent in the district. The matter requires careful enquiry, and the Excise Commissioner promises a further report on the result. In dealing with it comparison should be made with the state of things in the neighbouring Asansol subdivision of Burdwan, which is also largely affected by the condition of the coal trade.

The Excise Commissioner discusses the effect of the introduction of the contract distillery system into the Patna and Tirhut Divisions which took effect from the beginning of the year under report. As in the neighbouring division of Bhagalpur in the preceding year, the change was accompanied by a heavy fall in consumption, due, in large measure, to prejudice created against the new liquor. This prejudice appears to have been so great that apprehension was entertained by the Excise Commissioner that the people might resort to illicit sources of supply or take to more harmful intoxicants, such as hemp drugs and cocaine. Illicit practices were detected both in the Patna and Tirhut Divisions to a considerably greater extent than previously, and there is some ground for suspecting that the change did lead some people to take to *ganja* instead. The matter should be carefully watched by the Excise Commissioner and Collectors during the current year; and the degree of success which may be found to attend the spread of the interesting *kanthidhari* movement in Bihar for abstention from social excesses, specially the consumption of liquor should be noticed.

It is satisfactory to find that the experiment of abolishing the country spirit shops in the Khondmals subdivision of Angul has been attended with good results, and that the Khonds have so far been able to maintain their vow to abstain from using liquor. The experiment should continue to engage the attention of the Commissioner of Excise during the current year.

8. *Minimum prices.*—In order to meet the legitimate demand of the people for weak cheap liquor, spirit of 70° U.P. was introduced in the distillery area of the district of Sambalpur with effect from the beginning of the current year, and a minimum price of 3 annas per bottle was fixed for it in four town shops of the district. Towards the close of the year minimum prices for the sale of country spirit were also fixed in the Chapra town shops at 1½ annas, 3 annas, 6 annas and 9 annas per bottle for liquor of the strengths of 85° U.P., 70° U.P., 50° U.P., and 30° U.P.,

respectively. This was done with the object of stopping unhealthy rivalry amongst certain shop-keepers who had been endeavouring to push consumption by under-selling each other. The working of the measure should be watched and noticed in the next Administration Report.

9. *Convictions for drunkenness.*—A comparative statement showing the number of persons convicted for drunkenness in municipalities has, for the first time, been annexed to the report in compliance with the wishes of the Government of India. The proportion of the number of persons convicted to each 10,000 of the town population shows great divergencies in different parts of the Province and even in the different municipalities of the same district. For instance, the proportion in the Calcutta town proper was only 34 in the year under review, while in the suburbs of Calcutta it was 207. As compared with the figures of the previous year there was a marked increase in the number of cases in the Muzaffarpur and Colgong municipalities. It is notorious that the fluctuations depend chiefly upon the methods and comparative energy of the local police, and no reliance whatever can be placed upon the statistics in attempting to draw any definite conclusions regarding the prevalence of drunkenness. There was only one case in which there was occasion to take any action against vendors for permitting drunkenness on licensed premises.

10. *Tari.*—In accordance with the recommendation made by the Indian Excise Committee of 1905-06 in paragraph 221 of their report, considerable reductions have been made in the number of *tari* shops in the Bihar districts during the last five years, but the consequent increased competition for the remaining shops has nevertheless resulted in a substantial increase in revenue. Sufficient progress in this direction, however, has not yet been made in the districts of Patna and Darbhanga.

The Excise Commissioner's report on the question of continuing the practice of issuing season *tari* licenses will be awaited by the Board.

The system of remittances of *tari* fees by money order in the Bihar districts is said to be working, on the whole, satisfactorily. The fact that the filled-up money order forms supplied to the *pasis* in Muzaffarpur are seldom used by them, as reported by the Excise Commissioner, demands some enquiry, since it suggests that the local post office officials refuse to accept these forms in order that they may obtain fees for filling up fresh ones.

11. *Pachwai.*—The total revenue from *pachwai* increased during the year by about 1¼ lakhs of rupees. The increase was due to keener competition in certain districts and to the cheaper price of rice. Some measure of success has attended the commencement of the task of bringing the manufacture and retail sale of *pachwai* in the district of Sambalpur under excise control, but it seems clear that complete success in this direction cannot be achieved until the excise preventive staff in that district is strengthened. Proposals for its reorganization and strengthening were submitted to Government in January 1910, but orders on the subject have not as yet been received.

The prohibition against the receipt by *pachwai* vendors of grain in barter for *pachwai*, which has been in force in the districts of the Sonthal Parganas and Birbhum, was extended during the year to the districts of Bankura and Midnapore.

The Commissioner of the Bhagalpur Division, Mr Walsh, in reviewing the Excise Administration Reports of the districts in his Division, suggests the desirability of reducing the number of *pachwai* shops in the Sonthal Parganas. He writes:—

"I should like to see the number of *pachwai* shops reduced in the interests of the Sonthals, though it will mean a decrease of revenue. There is no doubt that their introduction into the Sonthal Parganas has led to an increase of drunkenness and to money being spent on *pachwai* by those who cannot afford it. When the Sonthal was dependent on home-brewed *pachwai*, the women of the household who brew it saw that the stock of grain was not unduly used for the purpose, and also that no deleterious ingredients were used, and it is generally reported that the home-brewed *pachwai* is less intoxicating than the shop-brewed *pachwai*."

A report on the subject will be asked for from the Excise Commissioner.

12. *Foreign liquor.*—The enhancement of the duty on imported liquors from the 28th February 1910 seems to have affected to some extent the imports of some of the more expensive brands of spirits (*e.g.*, whisky and rum) and wines. But its effect is clearly visible in the case of the cheaper spirits, while the restrictions imposed on compounding, blending and bottling and the fixing of minimum strengths have had the desired effect of checking the importation of plain and rectified spirits for the local manufacture of cheap spurious foreign liquor.

A large increase observable in the number of licenses issued for the sale of foreign liquor in Calcutta is merely nominal: they are current only for particular entertainments and take the place of special permits formerly issued.

* * * * * *

14. *Ganja.*—There was a net increase of 138 maunds in the quantity of *ganja* consumed in the Province during the year: this was shared by all but four districts. Nearly half the increase, namely, 203 maunds, took place in the districts of the Patna and Tirhut Divisions, where the contract distillery system was introduced last year. The question whether this change has had any effect in driving some people to take *ganja* instead of contract spirits has already been noticed: several Collectors and the Commissioner of Excise are of opinion that it has, and the matter requires careful enquiry.

Special efforts taken to suppress the smuggling of *ganja* from the Garhjat Mahals into Puri appear to have been attended with some success: the natural result must be an increase in the consumption of the licit drug.

* * * * * *

17. *Opium.*—The consumption of opium in the Province as a whole and in Calcutta remained practically unchanged during the year. The restriction imposed, with effect from the 1st April 1909, on the issues of opium to shops in Calcutta and the adjoining districts of the 24-Parganas, Howrah and Hooghly, with a view to checking smuggling into Burma, appears to have met with considerable success. The limited quantities of opium issued from the treasuries seem to have left little margin for sale to smugglers, who have apparently been forced to shift their centres of operation to distant up-country places. There was a large increase in the seizures in Calcutta of illicit opium smuggled in this way.

The habit of opium-smoking does not appear to be on the increase. In consequence, however, of the resolutions adopted by the International Opium Commission at Shanghai, measures have recently been proposed to Government with a view to restricting the practice generally and to suppressing, at least as an experimental measure, its indulgence in saloons.

Morphia does not seem to be used as an intoxicant, except to a limited extent in certain towns and districts. Restrictions have been imposed with effect from the 1st June 1911 on the importation of all opium preparations, so that they can be brought from outside British India only by a few authorized importers and by channels other than the post.

The Excise Commissioner mentions the practice prevalent in the Orissa districts of administering opium pills to infants. Opium has long been popular with the Uriyas as a household remedy for certain diseases, and it is presumed that the use of the drug in these cases is purely medicinal.

A report in connection with the resolutions of the International Opium Commission at Shanghai was submitted to Government by the Board in February last. It has been directed by Government since the close of the year that, pending orders of the Supreme Government on the whole subject, action should be taken to restrict the hours of retail sale of opium, and that an enquiry should be made with a view to effecting a reduction in the existing number of retail opium shops.

The transmission of opium by post into, within, or out of Bengal, otherwise than on account of Government, has been prohibited by Government Notification No. 192 S. R. dated the 7th March 1911.

18. *Cocaine, novocaine, etc.*—It is to be regretted that, in spite of numerous prosecutions and the punishments inflicted, the illicit trade in cocaine is still on the increase; but it is extremely difficult to detect and suppress it. The Excise Commissioner raises the question whether, in the near future, it will not be necessary to undertake special legislation for its control. The Board recognizes the danger that the use of this pernicious intoxicant in private may spread; but before recourse can be had to special legislation, every possible endeavour must be made to enforce the stringent restrictions provided for in the existing law and rules. Importation of cocaine and of all drugs synthetic to it by means of the post has been prohibited, and only a few firms of repute are authorized to import them by other means. The drugs can be sold even for *bond fide* medicinal purposes only by a few approved chemists and druggists, who have received licenses for the purpose, and then only on the prescriptions of qualified medical practitioners. The punishment provided in the Excise Act, V of 1909, for unlawful import, export, transport, possession or sale of any of these drugs is imprisonment for a term which may extend to three months, or fine which may extend to Rs. 1,000, or both. With energy and ability on the part of the Preventive staff, both Excise and Customs, breaches of these regulations ought to be detected. As observed in the Board's review of last year, the importance of this work should be brought home to these officers, and they should be reminded that liberal rewards will be given for such detection. But it is a matter of regret to the Board to find that Magistrates often fail to realize the absolute futility of inflicting lenient punishments on the offenders they convict. The Excise Commissioner mentions a case in which a Calcutta Magistrate imposed only a fine of Rs. 5 for illicit possession of 59 packets of cocaine. The profits made in this illicit trade are enormous; and the Board ventures to suggest to Government that this may be brought to the notice of all Magistrates. The Commissioner of Excise and Collectors should at the same time issue strict instructions to prosecuting officers to press for severe sentences in such cases on the ground of the difficulty of stopping illicit practices which yield huge profits.

Seven licenses for the sale of eucaine and one for the sale of beta eucaine were taken out for the first time during the year. All of them were taken in Calcutta.

19. *Excise offences.*—A very striking increase is to be observed in the number of convictions for illicit distillation, which rose during the year from 690 to 1,264. The chief general cause is probably the simplified procedure introduced by Act V of 1909 and the greater powers therein conferred on Excise officials. Convictions for this offence were most numerous in the Sonthal Parganas, Manbhum and Midnapore. Cheap *mahua* and the high price of liquor of the strength (50° U.P.) most popular among the Sonthals are assigned as the cause of the increase in the first-named district, while increase in preventive activity, due largely to judicious distribution of rewards, is said to have contributed to the results in Manbhum and Midnapore. As an experimental measure, the maximum retail price of 50° U.P. liquor in the Sonthal Parganas has been reduced from annas 8 to annas 6 per bottle with effect from the 1st August 1911.

The number of persons sentenced to imprisonment increased from 287 to 690, and the amount of fines imposed from Rs. 82,358 to Rs. 99,670. It appears that trying Magistrates have now begun to realize to some extent the importance of passing adequate sentences in Excise and Opium cases. But from the cases cited in the Excise Commissioner's report, in which obviously inadequate sentences were passed, it will be seen that there is still a great deal of room for improvement in this direction. * * *

The number of cases compounded during the year under section 65 of the new Excise Act, 1909, was 475. The provisions of this section have been overlooked in many districts. Collectors, Excise Deputy Collectors and

Subdivisional Officers who are empowered to compound offences should be careful that only minor offences are so compounded.

No. 76E, dated Calcutta, the 22nd July 1911.

From—The Hon'ble Mr. C. E. A. W. Oldham, I.C.S., Commissioner of Excise and Salt, Bengal,

To—The Secretary to the Board of Revenue, L. P.

I have the honour to submit the following report on the administration of the Excise Department in the Province of Bengal for the year 1910-11. Mr. Foley was in charge of the Department from the 1st April to the 16th May 1910, and I held charge during the remaining portion of the year.

New Excise Act.

4. The provisions of the new Excise Act have continued to work satisfactorily.

Total Revenue and charges.

5. The Excise revenue and charges of the Province for the last five years are shown below:—

Period.	Revenue.	Charges.	Net revenue.	Percentage of charges.
	Rs.	Rs.	Rs.	
1906-07 ...	1,60,79,779	7,35,356	1,53,44,423	4·57

Revenue under different heads.

9. There was an increase under every head except *majum* and cocaine. The largest increase of revenue (Rs. 4,26,372) occurred under the head country spirit. *Ganja* comes next with an increase of Rs. 3,07,129, followed by *tari*, *pachwai* and opium, which yielded increases of Rs. 1,71,978, Rs. 1,29,400 and Rs. 82,782, respectively. The fluctuations in the revenue from different excisable articles will be discussed in detail under the appropriate heads.

Demand, collection and balance.

10. Of the gross demand of Rs. 1,80,34,534, a sum of Rs. 1,79,76,523, or 99·68 per cent., was realized. Of the balance, the sum of Rs. 7,223 was remitted as irrecoverable; Rs. 5,981 have since been recovered; Rs. 8,610 are reported to be doubtful of recovery; Rs. 15,751 have been classed as irrecoverable; and the remainder (Rs. 20,446) is in course of realization. Taking the population of Bengal according to the recent census to be 53 millions, the incidence of the excise revenue is 5 annas and 5 pies per head, as

compared with 15 annas and 4 pies in Bombay and 10 annas and 8 pies in Madras, taking, in respect of these two provinces, the preliminary figures of the current year's census as published in the *Gazette of India* of the 25th March last.

* * * * * *

SECTION II.—COUNTRY LIQUOR.

Country Spirit.

Systems.

12. The same three systems of manufacture and sale of country spirit were in force as in the previous year, viz., the contract supply, the central distillery and the outstill system. The central distillery system was confined to the Russa distillery, Calcutta; and, as explained in last year's report, it is very similar to the contract supply system.

Consumption of contract and distillery spirits.

13. The total consumption of contract and distillery spirits was 1,532,584 gallons L. P. as compared with 1,095,089 gallons L. P. in 1909-10, showing an increase of 437,495 gallons L. P. About 80 per cent. of this increase (viz., 349,604 gallons) is nominal, being due to the conversion of outstills into distillery shops in the districts of the Patna and Tirhut Divisions (except Champaran). Elsewhere the increase was most marked in Calcutta (30,889 gallons L.P.), Monghyr (23,879 gallons L.P.), Bhagalpur (14,676 gallons L.P.) and Purnea (14,055 gallons L.P.). In Calcutta cheap foreign liquor has hitherto competed with country spirit. The recent enhancement of duty on foreign spirit by Rs. 2—6 per gallon L. P., the prohibition of sale below certain fixed strengths and the restrictions placed on compounding and bottling of foreign liquor have checked considerably the consumption of such spirits; and the increase under country spirit represents, the Collector reports, to a large extent, displacement of cheap foreign spirits by country liquor. The statistics of imports corroborate this view. In 1909-10, when the contract supply system was first introduced into the districts of Monghyr, Bhagalpur and Purnea, the consumption of country spirit went down in a very marked manner, owing chiefly to the change of system and the prejudices of the people against the new liquor, and partly to the bad agricultural seasons and the consequent high prices of food-grains. Last year the people in these districts had become more accustomed to the new liquor and were getting over their prejudices: agricultural prospects, moreover, improved and prices were lower, the result being an increase in consumption as compared with the previous year. The figures merely show that conditions in these districts are reverting to the normal.

On the other hand, there was a considerable decrease again in the Manbhum district, which is reported to have been entirely due to the continued depression in the lac and coal trades. The Deputy Commissioner of this district is of opinion that the higher taxation of country spirit under the new system is acting as an incitement to illicit distillation and resort to other intoxicants. As a matter of fact, however, the increase in the prices of country spirit in this district as compared with the prices under the old outstill system, prior to the introduction of the contract system with effect from 1907-08, is not greater than in certain other parts of the province. In separate communications received during the year I find that the Deputy Commissioner ascribed the large increase in cases of illicit distillation to the cheapness of *mahua* (which acted as a temptation to distil), larger and more regular payments made to informers, the further powers given by the new Act, and the improved working generally of the Excise staff. He also expressed the view that there had been no great increase in illicit distillation, which had been common in the district ever since the new system was introduced, if not from before. It cannot, therefore, be said to have been satisfactorily proved yet that higher taxation has driven the people to illicit practices. However, the question of prices in this district will be carefully

gone into during the current year, and a separate report submitted to the Board in the matter. From the Sonthal Parganas, also, a complaint has been raised by the local officers against the present price of liquor. While the consumption in this district in L. P. gallons has fallen from 84,860 in 1907-08 to 44,068 in 1910-11, the number of persons convicted of illicit distillation has risen from 203 in 1907-08 to 415 during the past year. The present Deputy Commissioner attributes the decline in consumption partly to (1) the cheapness of food-grains and the consequent smaller receipts on account of sale of grain, (2) the abolition of sale of liquor on credit, and largely to (3) the higher maximum retail price of liquor. The question of the price of liquor has been gone into on the spot, and my recommendations made in my letter No. 25E., dated the 11th of May last. The Board have since sanctioned, as a tentative measure for the remainder of the current year, a reduction in the maximum price of 50° U. P. liquor from annas 8 to annas 6 a bottle.

Total revenue from country spirit.

14. The total revenue from country spirit amounted to Rs. 90,71,981, as compared with Rs. 86,45,609 in 1909-10.

Revenue under contract supply and distillery systems.

15. The total revenue under the contract and distillery systems was Rs. 75,27,247, against Rs. 61,85,532 in 1909-10. The increase in the districts of the Patna and Tirhut Divisions is nominal, the outstill system having been in force in the previous year. In almost all the other districts which show any considerable rise, the increase in revenue follows a larger consumption which has already been explained above. In Calcutta, the 24-Parganas, Midnapore and Nadia, the increase was partly due also to the higher license-fees obtained at the last settlements as a result of greater competition among the local vendors. In Manbhum the heavy fall (Rs. 38,337) was chiefly due to the decrease in consumption referred to in paragraph 13 above. In Ranchi the decrease (Rs. 17,075) was caused by reduction of license-fees which had been rather high, and also, it is reported, to a tendency on the part of the aborigines to return to the use of home-brewed *pachwai*. The decrease in Khulna (Rs. 10,656) is attributed by the local officers to the distress caused by the cyclone in October 1909.

Outstill revenue.

16. The revenue from outstills fell from Rs. 24,60,077 to Rs. 15,44,734. Most of this decrease occurred in the districts of the Patna and Tirhut Divisions, where the old outstill system was superseded during the year by the contract supply system. There was a marked increase, however, in Hazaribagh (Rs. 79,580) and in Palamau (Rs. 65,254), which is ascribed to better agricultural conditions and larger advance collections on account of the current year's settlements, at which competition was unusually keen.

Country spirit licenses.

17. The number of licenses for the sale of country spirit (contract, distillery and outstill) was 2,944, against 2,942 in the previous year. Thirty-nine new shops were opened and 37 abolished, to meet local conditions and requirements, the net increase being two only.

Working of the contract distillery system in the districts of the Patna and Tirhut Divisions.

18. With effect from the 1st of April 1910 the contract distillery system was introduced for the first time into the districts of Patna, Gaya, Shahabad (except the Rohtas plateau and a small tract adjoining it), Saran, the Bettiah distillery area in Champaran, Muzaffarpur (except the Sitamarhi subdivision) and Darbhanga. The contracts for the supply of liquor were given to four Indian and two European distillers, and the wholesale price was fixed at annas 15 per gallon L. P., except in the portion of the Saran district supplied by the Cawnpore Sugar Works, Limited, where the wholesale price was fixed at annas 13—9. For the distribution of liquor, six warehouses were opened in Patna, six in Gaya, eight in Shahabad, seven in Saran, one in Champaran, seven in Muzaffarpur and eight in Darbhanga. The consumption of country spirit in these districts

is compared in the table below with the estimated figures under the outstill system in 1909-10—

District.	Consumption in 1909-10.			Consumption of contract spirit in 1910-11.	Decrease.

Total ...	165,581	771,125	936,706	513,693	423,013

Even accepting the figures of consumption under the outstill system in 1909-10 as correct, it will be seen that the introduction of the new system resulted in a total decrease in consumption in these seven districts of 423,013 L. P. gallons, or 45·1 per cent. But it is notorious that the figures of consumption under the outstill system were generally under-estimated; so the real decrease has probably been even larger. The decrease is chiefly due to the higher prices payable for the contract spirit and the circulation of various rumours in the several districts calculated to prejudice the people against it. One of the most widely diffused reports was that mercury had been mixed with the liquor. In one district a story was spread that sulphuric acid was employed. In many parts it was suspected, and not without reason, that these rumours were being sedulously encouraged by the old outstill-holders whose interests were largely affected by the introduction of the new system; but tales of such nature find ready credence among the superstitious and uneducated lower classes in Bihar. It was fully anticipated that considerable difficulties would arise in giving effect to a sudden change of this nature, especially among a highly credulous population, most of whom are still illiterate. The most serious danger was lest the people should have recourse to wholesale distillation or take to other intoxicants, such as *ganja*, *bhang*, cocaine, etc. The tact and watchfulness of the District Officers and their subordinates has, however, tided over a difficult period; and there is every reason to believe that the people are now fast losing their prejudices, and are realising the superior quality of the new liquor, and that a satisfactory start has been made towards the establishment of the system in these two divisions. As evidence of this may be quoted the following figures of consumption quarter by quarter during the past year, which show a progressive rise:—

	1st quarter.	2nd quarter.	3rd quarter.	4th quarter.
	L. P. Gals.	L. P. Gals.	L. P. Gals.	L. P. Gals.
Patna	20,814	30,161	36,484	42,678
Gaya ...	25,355	32,615	39,700	42,839
Shahabad	16,522	18,138	17,797	20,821
Saran	20,397	35,336	29,360	28,965
Champaran	1,425	2,033	1,527	1,432
Muzaffarpur	4,888	4,996	5,388	6,449
Darbhanga	6,832	5,991	7,130	7,880
Total ...	96,033	129,210	137,386	151,064

The total loss on account of the introduction of the new system in these seven districts has been Rs. 2,40,286. Considering the nature of the population to be dealt with, and having regard to the loss (Rs. 2,06,208) that occurred in the first year of the introduction of the system in the three districts of the Bhagalpur Division, viz., Monghyr, Bhagalpur and Purnea, the falling off cannot be said to be excessive. As the people settle down to the new conditions, consumption and revenue will gradually revert to the normal, and we may expect a considerable increase during the next year or two.

Local Excise Committees.

19. In accordance with the instructions contained in the Board's letter No. 6641B., dated the 29th November 1910, local committees were formed in the following towns, having a population of 20,000 or more, to consider and advise the Collector on the proposals regarding the licensing, number and situation of liquor shops (country spirit, imported spirit, *pachwai* and *tari*) for the year 1911-12:—

1. Burdwan.
2. Bankura.
3. Midnapore.
4. Hooghly.
5. Serampore.
6. Baranagar.
7. Bhatpara.
8. South Suburban Municipality.
9. Krishnagar.
10. Santipur.
11. Berhampore.
12. Patna City.
13. Bihar.
14. Dinapore.
15. Gaya.
16. Arrah.
17. Sasaram.
18. Chapra.
19. Bettiah.
20. Muzaffarpur.
21. Hajipur.
22. Darbhanga.
23. Monghyr.
24. Jamalpur.
25. Bhagalpur.
26. Darjeeling.
27. Cuttack.
28. Balasore.
29. Puri.
30. Ranchi.

These committees were composed of non-official as well as official members. Notices under section 31 of the Excise Act were published, and every opportunity was given to the public of expressing their opinion. In accordance with the recommendations of the committees, or in deference to local opinion, the following action was taken:—

Burdwan.—One *tari* shop in the heart of the town was abolished.

Bankura.—The exit from a liquor shop was changed.

Hooghly.—The sites of two liquor and one *pachwai* shop were changed.

24-Parganas.—Two *tari* shops were removed on local objection.

Berhampore.—One *tari* shop was abolished at the recommendation of the local committee.

Jessore.—The country spirit shop in the Jessore town was removed to a more suitable site in consultation with the Chairman of the Municipality.

Patna.—The entrance to a liquor shop was changed. Three *tari* shops were removed to unobjectionable sites.

Gaya.—One *tari* shop was shifted to an unobjectionable site.

Saran.—The entrances to one country spirit shop and one *tari* shop were changed.

Champaran.—Two *tari* shops were closed.

Muzaffarpur.—Eleven *tari* shops were abolished, and four others were moved to unobjectionable sites.

Darbhanga.—One *tari* shop was closed, and one moved to another locality.

Monghyr.—The sites of one *tari* shop and one country spirit shop were changed.

Bhagalpur.—The site of one country spirit shop was changed.

Sonthal Parganas.—Three *tari* shops were abolished, and the sites of three others changed.

Cuttack.—One *tari* shop was moved.

Sambalpur.—The sites of two outstills, two *tari* and two distillery shops were changed.

Hazaribagh.—The sites of twenty-seven outstills and one contract liquor shop were changed.

Ranchi.—Sixteen outstills and one distillery liquor shop were removed from the vicinity of market places or other public places.

Manbhum.—The sites of three country spirit and two *pachwai* shops were changed.

In Calcutta no local committee was appointed, as the licenses for the sale of country spirit and for the retail 'on' and 'off' sale of foreign liquor had been settled for three years with effect from the 1st of April 1910, and the sites were considered by the committee which sat in 1909-10.

Convictions for drunkenness.

20. A statement is annexed showing the number of persons convicted of drunkenness, with the proportion per 10,000 of the population, for all the municipalities in the Province. Almost all the District officers in submitting the figures sound a note of warning, in which I fully agree, to the effect that the fluctuations in such statistics depend chiefly upon the methods and comparative energy of the local police. In my opinion it is not safe to draw any definite conclusions from figures of this nature. Only one case has been reported in which a liquor shop vendor was called upon to show cause for permitting a person to be drunk on the premises.

Abolition of country spirit shops in the Khondmals subdivision in the district of Angul.

21. After considerable correspondence with the local officers, the outstills in the Khondmals subdivision of Angul were closed with effect from the 1st of September 1910 in deference to the wishes of the Khonds, the headmen and the sardars promising to give whole-hearted assistance in the prevention of illicit distillation and to report all offences committed within their respective jurisdictions. The late Deputy Commissioner, Mr. McLeod Smith, was very sanguine as to the success of this measure, and believed that the Khonds were genuinely desirous of weaning themselves of the use of spirits. After seven months' experience of the result he wrote as follows:—

"The financial and social effects of the abolition on the people appear to have been so far good, though it is too early yet to make any definite pronouncement on the subject. We shall be in a position to gauge the real effects after the experiment has had a trial of at least one year. The money which the Khonds were spending before in buying liquor is now utilized in improving their lands and paying up their debts. Socially there has been an improvement too. Drunken brawls and drunkenness generally appear to have disappeared. The abolition of shops has not resulted in any real increase in the offences against the Excise laws. On the other hand, there has been a reduction in the number of cases of illicit distillation. Of the 19 cases under illicit distillation, 18 were against Khonds in which 32 Khonds were convicted. Three of these cases ended in acquittal. So there were 15 cases against Khonds. Four of those cases were reported by sardars and headmen. It may be noted that in most of these cases liquor was distilled for the performances of some ceremony and not for ordinary consumption. During the year under report 17 headmen were punished for failing to give information of cases in their respective jurisdiction."

The Divisional Commissioner, Mr. Levinge, in forwarding the District Excise Administration Report, writes that the latest reports "still indicate that the Khonds are observing their vow, that drunkenness among them has decreased, that the transfer of their lands to the Sundis has been stopped, and that they are gradually bettering themselves and freeing themselves from debt. Whether the improvement will be maintained is doubtful, and the situation requires to be closely watched. The local officers are alive to the necessity of vigilance."

The experiment is are of more than local interest; and the results will have to be carefully watched during the current year.

TARI.

Statistics.

25. While the total number of licenses issued for the sale of fermented and fresh *tari* decreased from 10,755 to 9,923, or by 832, the total receipts rose from Rs. 12,60,095 to Rs. 14,32,073, or by Rs. 1,71,978. These figures refer almost entirely to fermented *tari*. Licenses for the sale of fresh *tari* are comparatively few, aggregating only 174, with a revenue of Rs. 817, during the year, and are practically confined to the districts of the Burdwan and Presidency Divisions.

Fermented *tari*.

26. The number of licenses for fermented *tari* decreased from 10,586 to 9,749. As explained in last year's report, consistent measures have been taken to reduce the number of *tari* shops in the Bihar districts as suggested by the Indian Excise

Committee. The figures given below show to what extent this policy has been given effect to during the last five years:—

	Number of licenses in 1905-06.	Number of licenses in 1910-11.	Revenue in 1905-06.	Revenue in 1910-11.
			Rs.	Rs.
Patna	2,746	2,264	1,31,452	1,74,933
Gaya ..	2,370	1,284	1,36,966	1,90,253
Shahabad ...	671	395	27,676	62,720
Saran ...	1,116	735	64,000	1,01,795
Champaran	488	375	29,763	33,063
Muzaffarpur ...	1,813	1,128	1,19,949	1,50,024
Darbhanga ...	1,080	1,007	1,05,271	1,09,357
Monghyr ...	849	547	50,856	72,431
Bhagalpur ...	382	291	40,572	42,926
Total ...	11,515	8,026	7,06,505	9,37,502
	Decrease in licenses—		Increase in revenue—	
			Rs.	
	3,489		2,30,997	

It will be seen that a large reduction has already been made, and with satisfactory results. Sufficient progress has not yet been made in the Patna and Darbhanga districts. Attempts have been made in a few districts to settle *tari* shops in groups with men of some capital, but without any real success, owing to opposition on the part of the local *Pasis*, who hold out stubbornly for the old system of small shops held by individual members of their community, and readily combine against any capitalist that takes up the business, as they strongly resent intrusion upon their hereditary occupation.

The total receipts from fermented *tari* rose from Rs. 12,56,721 to Rs. 14,28,806. The increase was most marked in the three Bihar Divisions and in Calcutta. The increase in Calcutta (Rs. 15,965) is ascribed by the Superintendent of Excise Revenue to a smaller number of surrenders of licenses, owing to the introduction of a system requiring the deposit of two months' fees in advance, and to the provisions of section 45 of the new Act, which hold the outgoing vendor responsible for any loss resulting from resettlement. The increases in Patna (Rs. 28,324), Gaya (Rs. 30,590), Shahabad (Rs. 14,025), Saran (Rs. 19,410), Muzaffarpur (Rs. 26,180) and Monghyr (Rs. 10,914) were due to various reasons, among which the following are the principal:—Greater competition among the *tari* vendors due to the reduction in the number of licenses; unpopularity of the new contract liquor on its first introduction; and more favourable agricultural conditions.

* * * * * *

PACHWAI.

Retail sale.

29. The total number of licenses issued for the retail sale of *pachwai* was 1,683, as compared with 1,655 in the previous year. In Bankura 15 new shops were opened in the old outstill tracts, where the aboriginal element predominates in the population, and where illicit manufacture has been very prevalent and difficult to detect. In the Midnapore district, similarly, 23 new shops were opened to meet existing demand. In Sambalpur 24 licenses were issued for the first time. In the Burdwan and Birbhum districts, where such shops are numerous, the number of licenses was slightly reduced, with the object of encouraging competition among the vendors.

The total revenue rose from Rs. 6,74,622 to Rs. 8,00,852. The increase was most marked in the Burdwan (Rs. 48,332) and Birbhum (Rs. 48,983) districts, and was due partly to the keener competition at the settlements, and partly to the fall in the price of rice, which is the only material used in the manufacture of *pachwai* in these districts.

Home-brewing.

30. The number of home-brewing licenses increased from 9,649 to 10,842, and the revenue under this head from Rs. 22,654 to Rs. 25,824. The increase in licenses occurred principally in the Nadia district. The Collector reports that in the previous year licenses were issued through the village headmen, the number of headmen being incorrectly taken as the number of licenses; while in the year under report each license granted was separately counted. The increase is, therefore, nominal.

In the Sambalpur district *pachwai* was taxed for the first time during the year, the privilege of free home-brewing being withdrawn. The measure raised strong opposition on the part of *pachwai*-drinking tribes in the vicinity of Sambalpur, who continued to manufacture, ignoring the orders. The local officers endeavoured to deal with this opposition by prosecuting the more well-to-do among the offenders; and considerable success has attended their action. The aborigines living in the interior are reported to be gradually learning to take out retail, home-brewing and special licenses for their festivals. The Excise staff, however, will have to be strengthened in this district if *pachwai* is to be effectually controlled. A good beginning has been made, and 784 home-brewing licenses were issued during the year.

* * * * * *

Free home-brewing.

32. During the year the Commissioner of the Bhagalpur Division submitted a proposal made by the Collector of Monghyr that the home-brewing of *pachwai* should be formally authorised in the case of the Santhals residing in certain thanas in the south of the Monghyr district. It was reported that although the existing rules did not authorise this privilege, it had as a matter of fact always been allowed. The Lieutenant-Governor, however, decided that the conditions in the tracts in question were very similar to those in the Birbhum and Burdwan districts, where the privilege of free home-brewing was enjoyed by the Santhals during the period of the *Bandhana* festival only; and His Honour directed that the same principle should be applied.

The question whether the Santhals in the districts of the 24-Parganas, Nadia, Jessore and Khulna should continue to enjoy the privilege of home-brewing of *pachwai* under license at a small fixed fee, was also considered by Government during the year, and it was decided that this concession should be withdrawn with effect from the 1st of April of the current year. Free home-brewing has, however, been allowed to the Santhals during the *Bandhana* festival, where the District Officers consider this necessary.

SECTION III.—FOREIGN LIQUOR.

Licenses and revenue.

33. The total number of licenses issued for the sale of foreign liquor was 744, against 592 in the previous year. The increase was chiefly due to the issue of 138 bar licenses for theatres and other places of amusement, of which 136 were issued

in Calcutta. Such licenses, at a daily fee of Rs. 5, have been prescribed under the new Excise Act and rules, and are current only for the particular night on which the entertainment is held. Formerly licenses were not granted in these cases, but catering was allowed under special permission of the Board in each case. The total receipts from license-fees amounted to Rs. 3,14,481, against Rs 3,19,987 in 1909-10. The receipts from duty on Indian-made foreign liquor (country rum) were Rs. 1,90,566 against Rs. 1,45,988, the increase in this case being due principally to the enhancement of the rate of duty, and partly to larger consumption.

Imports.

34. The following figures show the imports during the last two years under the main heads:—

	Imported during	
	1909-10.	1910-11.
	Liquid gals.	Liquid gals.
Ale, beer and porter	916,352	930,095
Cider and other fermented liquors ...	3,709	3,991
Spirits and liqueurs.	L. P. gals.	L. P. gals.
Brandy	55,218	69,376
Gin	10,210	16,932
Rum	5,576	2,708
Whisky	157,776	177,347
Other sorts of spirits	104,621	69,291
Spirits used in drugs and medicines	45,461	49,512
	Liquid gals.	Liquid gals
Liqueurs	5,760	6,478
Denatured spirits	207,720	178,611
Perfumed spirits	5,427	5,062
Wines	99,985	94,188

The imports of white and rectified spirits dropped from 64,000 gallons to 39,000 gallons; and the importation of Java arrack, of which 33,000 gallons were brought in last year, practically ceased, no doubt in consequence of the higher rates of duty in force The fixing of minimum strengths, and the restrictions placed on compounding, blending and bottling have evidently checked to a great extent the importation of plain and rectified spirits, from which most of the cheap foreign spirits used to be manufactured locally.

* * * * * *

Statistics of consumption of imported liquor in Calcutta.

39. The question of obtaining more reliable figures of the consumption of foreign liquor in Calcutta than are available at present engaged careful attention during the year. Hitherto the foreign liquor vendors in Calcutta had not been compelled to keep accounts of sales, either wholesale or retail, in any particular form; and it was considered inadvisable to prescribe any *special* form of account that might involve additional labour and expense to the trade, where accurate accounts were already maintained by them, as suited to their own requirements. Foreign liquor vendors in Calcutta have, however, under the Board's orders, been directed to maintain their accounts of sales of foreign liquor in such a way that the total transactions in any particular licensed premises may be readily ascertainable.

Locally Manufactured Beer.

Number of breweries.

40. The three breweries referred to in last year's report, viz. at Gobra in Calcutta, and at Sonada and Kurseong in the Darjeeling district, continued to work.

41. The total quantity of beer issued from the three breweries was 88,635 gallons, against 107,122 gallons in the previous year.

Consumption and revenue.

The quantity issued from the Victoria brewery in Darjeeling increased from 45,443 gallons to 48,319 gallons; while that from the Gobra brewery fell from 57,830 gallons to 36,834 gallons. The decrease in the latter case was due to the fact that the concern changed hands twice during the year. It is reported that under the new management the beer has improved in quality and is finding a better sale in the local market.

The increase in receipts from license-fees and duty from Rs. 13,920 to Rs. 17,206 is due to the enhancement of duty from 2 to 3 annas, with effect from the 25th February 1910.

* * * * * *

SECTION IV.—HEMP DRUGS.

GANJA.

46. The total number of licenses issued in the province for the retail sale of *ganja* was 2,067, against 2,051 in 1909-10.

Retail licenses.

In 12 districts 23 new shops were opened to meet ascertained local demand, to check illicit practices, and, in the case of Sambalpur and Puri, to act as a safeguard against the smuggling of *deshi ganja*. On the other hand, in 4 districts 7 shops were abolished as being no longer required. The total sum realised on account of license fees rose from Rs. 12,83,314 to Rs. 13,79,836, or by Rs. 96,522.

Consumption and export of duty-paid *ganja*.

47. The figures below show the quantity of each kind of *ganja* issued and the duty realised during the last two years:—

Year.	Quantity issued on payment of duty.					Total duty levied.
	Rajshahi *ganja*.	Khandwa *ganja*.	Total.	Quantity consumed in the province.	Quantity exported beyond the province.	
	Mds.	Mds.	Mds.	Mds.	Mds.	Rs.
1909-10 ...	3,835	45	3,880	3,393	487	16,77,879
1910-11 ...	4,339	16	4,355	3,831	524	18,88,486

There was a net increase of 438 maunds in the quantity of *ganja* consumed within the province. The increase exceeded 20 maunds in the case of Purnea, Saran, the 24-Parganas, Darbhanga, Bhagalpur, Patna, Gaya, Shahabad, Champaran and Muzaffarpur. The reasons generally assigned by the district officers for the rise in consumption are (1) the cheapness of the drug consequent on the reduction in the wholesale price in Naogaon, (2) agricultural prosperity, and (3) expansion of trade and industries. The Collectors of Patna, Shahabad and Muzaffarpur districts attribute the increased consumption to some extent to prejudice against the new contract country spirit, which has induced some of the consumers to take to *ganja* as an alternative intoxicant. The Collectors of Gaya, Monghyr, Bhagalpur and Purnea, on the other hand, express a different view, holding that there is no reason to believe that distaste for the new liquor has driven the people to consume more *ganja*. It is a difficult matter to determine to what extent the dislike of the new liquor has influenced the consumption of *ganja*, or to

apportion the increase to its various causes. It can only be said that the general causes which have combined in other parts of the province to bring about an increase in consumption of the drug have also operated in the districts of Patna, Shahabad and Muzaffarpur, and it is possible that prejudice against the quality of the new liquor has not had so much effect as has been supposed. At the same time, that this cause has operated to some extent, I think, there can be no room for doubt; and the higher prices which the consumers of country liquor in all the Bihar districts have now to pay, since the abolition of the outstill system, must have influenced their purchases. The figures of consumption will be carefully watched during the current year, when, it is hoped, the unfounded prejudices against the new spirit at least will die out. We see here one of the dangers of raising the prices, or curtailing the supply, of country liquor to which the people have become accustomed—the danger of driving them to the use of more harmful intoxicants.

The Collector of Saran reports that the rise in consumption in that district was due to the larger trade with Gorakhpur and Ballia in the United Provinces, where the retail limit was 5 tolas, as compared with 20 tolas in this province. The District Officer of Champaran also ascribes the increase in his district partly to consumption in the adjoining district of Gorakhpur. The Collector of Darbhanga writes that the increase in that district was partly due to the fact that consumers of the poorer classes were not able to pay the higher price charged for the new contract liquor, taking *ganja* instead, and partly to the spread of what is known as the *kanthidhari* movement. This is a movement of social origin, starting, so far as I have been able to gather, some years back in the Saran district. The members undertake to enforce certain rules of conduct—domestic and social—among which are the following—not to drink any spirituous or fermented liquor; not to eat fish or flesh; and to wear a *kanthi*, or necklace, in token of their vows. The movement exists in various forms, and not always under the same appellation, in most of the districts of North Bihar. The extension of the new contract supply system in this area, by raising at first prejudices against the new liquor, has given some additional impetus to these societies, though the movement cannot be said to have had any very marked influence as yet in decreasing the consumption of liquor.

With a view to check the smuggling of *deshi ganja*, steps were taken with the sanction of Government conveyed in their order No. 266 S.R., dated the 17th March 1910, for the supply of Rajshahi *ganja* exclusively in the district of Sambalpur at a duty of Rs. 7 per seer, with effect from the 1st April 1910. As there was still a stock of Khandwa *ganja* in the *golas*, issue of the Rajshahi drug was commenced later on in the year. The measure is reported to have worked satisfactorily.

* * * * * *

BHANG.

Collection and storage of *bhang*.

52. Though *bhang* grows wild in many parts of the province, it is only permitted to be collected for vend in three districts, viz., Monghyr, Bhagalpur and Purnea. The system under which a contract has been given for the collection and storage in these districts of an amount sufficient to cover the estimated consumption of the province was explained in last year's report. This system continued in force during the past year. One of the objects of the measure was to equalize as far as possible throughout the province the price payable for the drug by wholesale licensees, Rs. 3-8 per maund being fixed as the wholesale price chargeable by the contractor. From the reports received from many districts, however, it would appear that this object has not yet been attained, having regard to the divergent prices which are reported to have been paid by the retail vendors in the districts. There is no reason why the local rates should not be equalized to a greater extent, and in many cases thereby considerably reduced. The ultimate result should be to enable the duty on the drug to be increased. The District Officers have been addressed on the subject.

The total quantity of *bhang* collected was 1,951 maunds, as compared with 1,666 maunds in 1909-10. The drug was gathered under the supervision of Excise officers, and stored by the contractor at Monghyr, Bhagalpur and Purnea, and thence issued to wholesale dealers.

Licenses for retail sale and druggists' permits.

53. The number of licenses issued for retail sale was 533, against 508 in the previous year. The number of druggists' permits fell from 162 to 130, the decrease occurring in the districts of Jessore and Khulna, where an excessive number had previously been granted.

* * * * * *

CHARAS.

Licenses.

56. The number of licenses decreased from 51 to 50, owing to the abolition of a shop in the Monghyr district for which there was no demand.

Imports.

57. The total quantity of *charas* imported during the year was 37 maunds 12 seers, against 40 maunds 21 seers in the previous year. The drug was imported, as in previous years, direct from the Punjab into Calcutta, the 24-Parganas, Birbhum and Gaya.

* * * * * *

SECTION V.—OPIUM.

Licenses and permits.

61. The total number of licenses issued for the retail vend of opium was 1,381, against 1,358 in 1909-10. I have already suggested that the number of shops should be reduced; and the subject is now under consideration. The number of permits issued was 1,250, as compared with 1,226; while 15 licenses were granted for the sale of poppy-heads, as compared with 19 in the previous year.

License fees.

62. The revenue from license fees rose from Rs. 6,67,110 to Rs. 7,24,371. The increase was largest in Calcutta (Rs. 20,700), where it was due to the keen competition among the vendors at the last settlements. Monghyr shows a decrease of Rs. 2,660. This is an opium cultivating district, and the decrease was deliberately effected with a view to enable the licit drug to be retailed at a reasonable price, and thus minimize the danger of illicit dealings in crude opium.

Consumption and duty.

63. The consumption within the province aggregated 2,167 maunds 37 seers, against 2,135 maunds 17 seers in the previous year. The increase was large in Monghyr (9 maunds 36 seers), which was probably a result of the reduction in fees referred to in the last paragraph. The largest decrease occurred in the Patna district (53 maunds 22 seers), where it was due to the restriction of issues to shops, adopted with a view to check suspected smuggling from this district to Calcutta and Burma. The receipts from duty rose from Rs. 19,03,851 to Rs. 19,29,422, and the total receipts from Rs. 25,71,011 to Rs. 26,53,793, or by Rs. 82,782, of which Rs. 57,211 were under license fees and Rs. 25,571 under duty.

The issues of opium to Foreign and Political States fell from 233 maunds 34 seers to 226 maunds 23 seers, the decrease being due to the smaller quantity taken by the French farmers in Chandernagore.

Madak and *chandu*.

64. The habit of opium smoking is prevalent in Calcutta, Balasore, Midnapore, Puri, Murshidabad, Sambalpur, the 24-Parganas and Burdwan. From Calcutta it is reported that the scarcity of opium and its high retail price resulting from the introduction of the restrictive system have led to the closing of some small "dens"; otherwise the habit is as rife as before, and will continue to be so till the saloons are forbidden by law. In the Midnapore district the habit is common in thanas Keshiari, Dantun and Narayangarh. The Collector remarks that the present law does not check it. In Sambalpur opium smoking is chiefly confined to up-country Muhammadan settlers. In the *jangal* tracts in the western part of the district the habit is believed to be an

antidote to the fever prevalent in the locality, and it is practised to some extent in consequence.

Morphia.

65. The use of morphia as an intoxicant has been reported as existing to a limited extent in the districts of Hooghly, the 24-Parganas, Calcutta, Nadia and Jessore and in the towns of Rajmehal, Sahebganj and Deoghur in the Sonthal Parganas; but there is no reason to suspect any appreciable increase in the use of this drug. With effect from the 1st of June of the current year, all preparations of opium have been placed under the same restrictions, in respect of import, as cocaine. These orders must have an important effect in checking consumption. Information was received during the year of the import of certain quantities of morphine by means of the French mail bag into Chandernagore, evidently with the object of smuggling it into British territory. At present there are no restrictions on the importation of morphine into French territory. As a result of a conference by the Commissioner of the Burdwan Division and myself with the Administrator of Chandernagore, Government has recommended that similar action be taken in respect of morphine and other alkaloids of opium as in the case of cocaine.

Preparation of opium pills.

66. The District Officer of Sambalpur reports that the practice of administering opium pills to infants under three years of age is prevalent among all classes of the people, both high and low. It has been ascertained that a similar custom exists in the Balasore district among all classes, while in the Puri district it is practically confined to the Khurdah subdivision. The Collector of Cuttack writes that when any child of the lower classes appears to be sickly from its birth, the drug is administered with the mother's milk, but there is no general practice of giving pills among all classes.

Smuggling and preventive measures.

67. The measures referred to last year's report, adopted to check the smuggling of duty-paid opium into Burma, have met with a large degree of success. The introduction of the restrictive system of issues has cut off the free supply from the Calcutta shops as well as from shops in the adjoining districts of the 24-Parganas, Howrah and Hooghly, the vendors being no longer able to meet the extra demand. The smugglers, therefore, have now to depend largely upon uncertain supplies from up-country, and their operations are more troublesome and expensive, while the opportunities for detection have been correspondingly increased. Upwards of twelve and a half maunds of opium were confiscated during the year, against four and a half maunds in 1909-10. Of this quantity more than 11 maunds were seized in Calcutta. In the cases detected by Excise and Police officers the accused were generally up-country smugglers, while the offenders arrested by Customs officers were mostly Muhammadan lascars of out-going vessels bound for Burma. In Gaya several residents of Dacca and Chittagong were caught purchasing opium for illicit trade, and putting up in the house of a local smuggler.

* * * * * *

SECTION VI.—COCAINE, NOVOCAINE, ETC.

Licenses.

69. The total number of licenses issued for the sale of cocaine was 280, against 271 in the previous year.

Prosecutions.

70. The number of persons convicted of illicit sale and possession of cocaine was 353 (viz., 270 in Calcutta, 24 in Hooghly, 22 in the 24-Parganas, 15 in Bhagalpur, 9 in Monghyr, 5 in Patna, 4 in Purnea, 2 in the Sonthal Parganas and one in each of the districts of Burdwan and Gaya), against 296 in the previous year. In Calcutta no less than 349 ounces of cocaine were seized. Two important seizures were effected by Customs officers. In one case, in

which the quantity seized was 149 ounces, the drug was imported by sea by some Chinamen hidden in their personal luggage, and was seized when being surreptitiously transferred from the ship's hold to a country boat. In the second case, 114 ounces were seized when being transhipped to a steamer bound for Chittagong.

Fifty-two ounces of cocaine were confiscated in the Burdwan, Hooghly, 24-Parganas, Patna, Gaya, Monghyr, Bhagalpur, Purnea, Sonthal Parganas and Manbhum districts.

It is satisfactory to note a marked improvement in sentences awarded by Magistrates. In the present state of the law it is only by really deterrent sentences that we can hope to deal with this illicit trade. The use of this insidious drug as an intoxicant does not, however, show any tendency to decline, in spite of the numerous prosecutions and the punishments inflicted. On the contrary, there is grave reason for fearing that the evil is more prevalent than ever and is on the increase. The demand for the drug is so strong that the profits of the trade are enormous, and, as a result, we find that even heavy fines are readily paid. This illicit trade is one that demands the utmost vigilance of the Excise officers: and it seems to me a question whether in the near future special legislation will not be required.

* * * * * *

SECTION VII.—OFFENCES AGAINST THE EXCISE AND OPIUM LAWS.

Arrests and convictions.

74. The total number of persons arrested rose from 4,200 in 1909-10 to 4,578 during the year under report. The increase was largest in the Midnapore (254), Sonthal Parganas (222) and Manbhum (151) districts, where it was due to the larger number of illicit distillation cases detected, and in Gaya (63) where the introduction of the Contract distillery system gave rise to more cases of illicit distillation and smuggling of outstill liquor from adjoining districts. The number of persons arrested by Excise officers rose from 3,092 to 3,216, and of persons arrested by other officers from 1,108 to 1,362. Convictions were obtained in 93 per cent. of the cases prosecuted by Excise officers, and in 86 per cent. of those prosecuted by others. The Excise staff were most successful in Midnapore, Manbhum, the Sonthal Parganas, Bankura, Gaya and Singhbum. In Calcutta several important cases of opium and cocaine smuggling were detected by Police and Customs officers; and good work is said to have been done by the Police in Gaya, Saran, Cuttack, Hazaribagh and Singhbhum. In the 24-Parganas the officers of the Salt Department rendered valuable assistance in the detection of excise offences.

Classification of offences.

75. Convictions for illicit distillation were most numerous in the Sonthal Parganas (445), Manbhum (248) and Midnapore (229). * * *

SECTION VII.—GENERAL ADMINISTRATION.

Block Patrol System.

87. The Block patrol system was introduced into the districts of the Patna, Tirhut and Bhagalpur Divisions in the course of the year. The districts were parcelled out into convenient circles and each circle was placed in charge of a Sub-Inspector. Each circle was sub-divided into a certain number of blocks, and each block was further divided into sub-blocks for purposes of patrol. It is too early yet to pronounce definitely upon the success or failure of the system, but enough experience has been gained to show that full effect cannot be given to it with the present executive staff; and several District Officers have questioned its suitability for Excise purposes. In many parts of the Province, for instance in those portions of the Bihar districts which lie to the north of the Ganges, where large tracts are under water during the rainy season and communications

are interrupted, such patrol is not practicable except during the dry months. Again, while continuous patrolling enables the Sub-Inspectors to acquire more intimate acquaintance with the conditions of all parts of their circles, it necessarily prevents them from paying so much attention to other sides of their work. Gaya is the only district in which the new system of patrol is reported to have resulted in the detection of several important cases of illicit distillation and smuggling of outstill liquor into the contract area. The Collector of Monghyr thinks the system can hardly lead to any good result unless a strong supervising agency is provided. He reports that not a single case was sent up as a result of patrol. The Collector of Purnea actually ascribes the decrease in detection during the year to the introduction of these patrols, on the ground that offenders take advantage of the absence of the executive officers on patrol duty in distant parts of their circles. I think it will be best to reserve judgment until the system has had at least a clear full year's fair trial in each district.

* The report is for the week ending the 23rd September 1911.

General Summary.—The rainfall was fairly general over the Province. The fall was heavy in Cooch Behar, parts of Angul, Puri, Darjeeling and Nadia, moderate in Cuttack and parts of Burdwan, Shahabad and generally light in the rest of the Province. Harvesting of *Bhatoi* crops and weeding of winter rice continue. Standing crops are on the whole doing well. Some damage has been done by floods to paddy on low lands in parts of Murshidabad. More rain is wanted in parts of Hooghly, Howrah, 24-Parganas and Champaran. The price of common rice has risen in Midnapore, Hooghly, 24-Parganas, Murshidabad, Saran, Champaran, Palamau and has fallen in Burdwan, Jessore, Khulna, Patna, Gaya, Shahabad, Monghyr, Darjeeling, Angul, Sambalpur, Ranchi and Manbhum. Cattle-disease is reported from Midnapore, Murshidabad, Patna, Muzaffarpur, Cuttack, Angul, Sambalpur and Hazaribagh. The supply of fodder and water is sufficient throughout the Province.

PART I A.

The following order, issued by the Government of India, in the Foreign Department, is republished for general information and guidance.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

Simla, the 6th October 1911.

No. 1884G.—The following communication addressed by His Majesty's Secretary of State for Foreign Affairs to the Most Hon'ble the Marquis of Crewe, K.G., His Majesty's Secretary of State for India, is published for general information and guidance:—

His Majesty being fully determined to observe the duties of neutrality during the existing state of war between Turkey and Italy and being moreover resolved to prevent, as far as possible, the use of His Majesty's harbours, ports and coasts and the waters within His Majesty's territorial jurisdiction in aid of the warlike purposes of either belligerent, has commanded me to communicate to you, for your guidance, the following rules which are to be treated and enforced as His Majesty's orders and directions:—

RULE I.—During the continuance of the present state of war, all ships of war of either belligerent are prohibited from making use of any port or roadstead in the United Kingdom, the Isle of Man, or the Channel Islands, or in any of His Majesty's Colonies, or Foreign Possessions, or Dependencies, or of any waters, subject to the territorial jurisdiction of the British Crown as a station or place of resort for any warlike purpose or for the purpose of obtaining any facilities for warlike equipment. And no ship of war of either belligerent shall hereafter be permitted to leave any such port, roadstead, or waters from which any vessel of the other belligerent, whether the same shall be a ship of war or a merchant ship, shall have previously departed until after the expiration of at least twenty-four hours from the departure of such last mentioned vessel beyond the territorial jurisdiction of His Majesty.

RULE II.—If there is now in any such port, roadstead, or waters, subject to the territorial jurisdiction of the British Crown any ship of war of either belligerent, such ship of war shall leave such port, roadstead or waters within such time, not less than twenty-four hours, as shall be reasonable, having regard to all circumstances and the conditions of such ship as to repairs, provisions, or things necessary for the subsistence of her crew. And, if after the date hereof any ship of war of either belligerent shall enter any such port, roadstead, or waters subject to the territorial jurisdiction of the British Crown, such ship shall depart and put to sea within twenty-four hours after her entrance into any such port, roadstead, or waters, except in case of stress of weather, or of her requiring provisions or things necessary for the subsistence of her crew, or repairs, in either of which cases the authorities of the port or of the nearest port, as the case may be, shall require her to put to sea as soon as possible after the expiration of such period of twenty-four hours without permitting her to take in supplies beyond what may be necessary for her immediate use, and no such vessel which may have been allowed to remain within British waters for the purpose of repair, shall continue in any such port, roadstead, or waters for a longer period than twenty-four hours after her necessary repairs shall have been completed, provided nevertheless that in all cases in which there shall be any vessels, whether ships of war or merchant ships, of both the said belligerent parties in the same port, roadstead, or waters within the territorial jusrisdiction of His Majesty, there shall be an interval of not less than twenty-four hours between the departure therefrom of any such vessel, whether a ship of war or merchantman of the one belligerent, and the subsequent departure therefrom of any ship of war of the other belligerent, and the time hereby limited for the departure of such ships of war respectively shall always in case of necessity be extended so far as may be requisite for giving effect to this proviso, but no further or otherwise.

RULE III.—No ship of war of either belligerent shall hereafter be permitted while in any port, roadstead, or waters, subject to the territorial jurisdiction of His Majesty to take in any supplies except provisions and such other things as may be requisite for the subsistence of her crew, and except so much coal only as may be sufficient to carry such vessel to the nearest port of her own country or to some nearer-named neutral destination, and no coal shall be again supplied to any such ship of war in the same or any other port, roadstead, or waters, subject to the territorial jurisdiction of His Majesty without special permission until after the expiration of three months from the time when such coal may have been last supplied to her within British waters as aforesaid.

RULE IV.—Armed ships of either billigerent are interdicted from carrying prizes made by them into the ports, harbours, roadsteads, or waters of the United Kingdom, the Isle of Man, the Channel Islands, or any of His Majesty's Colonies or Possessions abroad.

The Governor or other chief authority of each of His Majesty's Territories or Possessions beyond the seas shall forthwith notify and publish the above rules.

The Governor-General in Council is pleased to direct that the orders and directions of His Majesty the King-Emperor of India as contained in the above communication are to be obeyed by all persons within the limits of His Majesty's Territories and Possessions in India.

No. 2152-I.-B.—The footnote to paragraph (2) of the Notification of the Government of India in the Foreign Department, No. 1792-I.-B., dated the 22nd August 1911, prescribing the dress to be worn on all official occasions and at all functions at which Their Imperial Majesties are present during their forthcoming visit to India, is hereby cancelled.

No. 1883-G.—In exercise of the powers conferred by section 17 of the Indian Arms Act, 1878 (XI of 1878), the Governor-General in Council is pleased to direct that the following amendments be made to Schedule VI of the Indian Arms Rules, 1909:

For the existing clause 12 the following shall be substituted:

(12) (*a*) The Secretary to the Government of Bombay in the Political Department, and (*b*) The Chief Secretary to the Government of Bengal.	Any place within the political jurisdiction of His Britannic Majesty's Consul-General and Agent of the Government of India in Khorasan or of His Britannic Majesty's Consul for Seistan and Kain.

No. 1884-G.—The following communication addressed by His Majesty's Secretary of State for Foreign Affairs to the Most Hon'ble the Marquis of Crewe, K.G., His Majesty's Secretary of State for India, is published for general information and guidance:

"His Majesty being fully determined to observe the duties of neutrality during the existing state of war between Turkey and Italy, and being, moreover, resolved to prevent, as far as possible, the use of His Majesty's harbours, ports, and coasts and the waters within His Majesty's territorial jurisdiction in aid of the warlike purposes of either belligerent, has commanded me to communicate to you, for your guidance, the following rules which are to be treated and enforced as His Majesty's orders and directions:

"*Rule I.*—During the continuance of the present state of war, all ships of war of either belligerent are prohibited from making use of any port or roadstead in the United Kingdom, the Isle of Man, or the Channel Islands, or in any of His Majesty's Colonies or Foreign possessions or dependencies or of any waters, subject to the territorial jurisdiction of the British Crown as a station or place of resort for any warlike purpose or for the purpose of obtaining any facilities for warlike equipment. And no ship of war of either belligerent shall hereafter be permitted to leave any such port, roadstead, or waters from which any vessel of the other belligerent (whether the same shall be a ship of war or a merchant ship) shall have previously departed until after the expiration of at least twenty-four hours from the departure of such last mentioned vessel beyond the territorial jurisdiction of His Majesty.

"Rule II.—If there is now in any such port, roadstead, or waters, subject to territorial jurisdiction of the British Crown, any ship of war of either belligerent, such ship of war shall leave such port, roadstead, or waters within such time, not less than twenty-four hours, as shall be reasonable, having regard to all circumstances and the conditions of such ship as to repairs, provisions, or things necessary for the subsistence of her crew. And, if after the date hereof any ship of war of either belligerent shall enter any such port, roadstead, or waters, subject to the territorial jurisdiction of the British Crown, such ship shall depart and put to sea within twenty-four hours after her entrance into any such port, roadstead, or waters, except in case of stress of weather, or of her requiring provisions or things necessary for the subsistence of her crew, or repairs, in either of which cases the authorities of the port or of the nearest port (as the case may be) shall require her to put to sea as soon as possible after the expiration of such period of twenty-four hours without permitting her to take in supplies beyond what may be necessary for her immediate use, and no such vessel, which may have been allowed to remain within British waters for the purpose of repair, shall continue in any such port, roadstead, or waters for a longer period than twenty-four hours after her necessary repairs shall have been completed. Provided, nevertheless, that, in all cases in which there shall be any vessels (whether ships of war or merchant ships) of both the said belligerent parties in the same port, roadstead, or waters within the territorial jurisdiction of His Majesty, there shall be an interval of not less than twenty-four hours between the departure therefrom of any such vessel (whether a ship of war or merchantman) of the one belligerent and the subsequent departure therefrom of any ship of war of the other belligerent. And the time hereby limited for the departure of such ships of war respectively shall always in case of necessity be extended so far as may be requisite for giving effect to this proviso, but no further or otherwise.

"Rule III.—No ship of war of either belligerent shall hereafter be permitted, while in any port, roadstead, or waters, subject to territorial jurisdiction of His Majesty, to take in

any supplies except provisions and such other things as may be requisite for the subsistence of her crew and except so much coal only as may be sufficient to carry such vessel to the nearest port of her own country or to some nearer named neutral destination; and no coal shall be again supplied to any such ship of war in the same or any other port, roadstead, or waters, subject to the territorial jurisdiction of His Majesty, without special permission until after the expiration of three months from the time when such coal may have been last supplied to her within British waters as aforesaid.

"Rule IV.—Armed ships of either belligerent are interdicted from carrying prizes made by them into the ports, harbours, roadsteads, or waters of the United Kingdom, the Isle of Man, the Channel Islands, or any of His Majesty's Colonies or possessions abroad. The Governor or other chief authority of each of His Majesty's territories or possessions beyond the seas shall forthwith notify and publish the above rules."

The Governor-General in Council is pleased to direct that the Orders and Directions of His Majesty the King, Emperor of India, as contained in the above communication are to be obeyed by all persons within the limits of His Majesty's territories and possessions in India.

LAND SALE NOTICES.

APPENDIX XXX

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Nepalganj extension of the Eastern Bengal State Railway, in the district of Purnea, will be put up to sale at 11 o'clock on Wednesday, the 25th October 1911, corresponding with the 17th Kartik 1319 Fusli, at the Bathnaha Railway Station in the district of Purnea.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing or plough the lands closer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the District Collector of the orders of the Board confirming the sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively).

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

LEGISLATIVE DEPARTMENT.

THE following Act of the Governor General of India in Council received the assent of the Governor General on the 23rd September, 1911, and is hereby promulgated for general information :—

ACT NO. XVII OF 1911.

An Act to control the manufacture, possession, use, sale, import and export of airships.

WHEREAS it is expedient to take power to control the manufacture, possession, use, sale, import and export of airships; It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Airships Act, 1911.

(*2*) It extends to the whole of British India, including British Baluchistan, the Santhal Parganas and the Pargana of Spiti.

(*3*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, direct in this behalf.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) "airship" means any machine fitted with mechanical or other means of propulsion designed to fly or float in the air without connection with the earth, and includes any part of any such machine :

(*2*) "export" means taking out of British India :

(*3*) "import" means bringing into British India : and

(*4*) "prescribed" means prescribed by rules under this Act.

Power to make rules for licensing the manufacture, possession, use, sale, import and export of airships.

3. (*1*) The Governor General in Council, or the Local Government subject to the control of the Governor General in Council, may make rules consistent with this Act to regulate or prohibit, except under and in accordance with the conditions of a license granted as provided by such rules, the manufacture, possession, use, sale, import and export of airships or any specified class of airships.

(*2*) In particular and without prejudice to the generality of the foregoing power, the Governor General in Council or the Local Government, as the case may be, may make rules for all or any of the following, among other matters, that is to say :—

(*a*) the authority by which licenses may be granted ;

(*b*) the fees to be charged for licenses, and the other sums (if any) to be paid for expenses by applicants for licenses ;

(*c*) the manner in which applications for licenses shall be made, and the matters to be specified in such application ;

(*d*) the forms in which, and the conditions subject to which, licenses may be granted ;

(*e*) the period for which licenses shall continue in force ;

(*f*) the keeping by the holder of any such license of a record or account in the prescribed form of anything done under such license, and the exhibition of such record or account when called upon to do so by any officer of Government specially empowered by any such rule in this behalf ;

(*g*) the production by the person holding any license of such license, and the production or accounting for by him of the airship covered by such license, when called upon to do so by any officer of Government specially empowered by any such rule in this behalf ;

(*h*) the prohibition, either absolutely or subject to conditions, of the carrying in airships of all or any of the following things, namely :—explosives, arms, ammunition, carrier-birds, photographic or wireless telegraphic apparatus or such other things as may hereafter be prescribed in this behalf : and

(*i*) the carrying of a number or other means of identification by airships and the registration of such number or means of identification.

(*3*) In making any rule under this section, other than under clause (*h*) thereof, the authority making the rule may direct that a breach of it shall be punishable with imprisonment for a term which may extend to one month, or with fine which may extend to two hundred rupees, or with both.

4. (*1*) Notwithstanding anything in any rule made under section 3, the Governor General in Council may, by notification in the Gazette of India, prohibit either absolutely or subject to conditions the import or export of all or any airships or any class of airships if, in his opinion the issue of such a notification is expedient in the interest of the public safety or tranquillity.

Power to Governor General in Council to prohibit the import or export of airships for public good.

(*2*) When a notification has been issued under sub-section (*1*), the officers of sea customs shall have the same power in respect of the airships specified therein, and in respect of any vessel containing any such airships as they have for the time being in respect of any article the import or export of which is prohibited or regulated by the law relating to sea customs and the vessel containing the same; and the enactments for the time being in force relating to sea customs or any such article or vessel shall apply accordingly.

5. (*1*) If the Governor General in Council is of opinion, that in the interest of the public safety or tranquillity the issue of all or any of the following orders is expedient, he may by notification in the Gazette of India—

Power to Governor General in Council to cancel or suspend licenses and to acquire airships for the public service.

(i) cancel or suspend all or any licenses issued under this Act either absolutely or subject to such conditions as he may think fit to prescribe;

(ii) direct that all or any airships or any specified class of airships shall be delivered either forthwith or within a specified time, to such authority as he may appoint in this behalf;

(iii) direct that all or any airships delivered to any authority in accordance with a direction under sub-clause (ii) shall be at the disposal of His Majesty for the public service.

(*2*) On the issue of a notification under clause (ii) of sub-section (*1*) any person in whose possession any airship referred to in such notification may be, shall forthwith, or within the time specified in such notification, deliver the same to the authority specified therein.

(*3*) On the issue of a notification under clause (iii) of sub-section (*1*) in respect of any airship, the owner thereof shall be paid such compensation as may be determined by such officer as the Local Government may appoint in this behalf.

(*4*) In determining the amount of any compensation payable under sub-section (*3*), such officer shall have regard to any rules regulating the assessment and payment of compensation which the Governor General in Council or the Local Government, subject to the control of the Governor General in Council, may make in this behalf.

6. (*1*) The Governor General in Council, or the Local Government subject to the control of the Governor General in Council, may make rules consistent with this Act authorising any officer—

Power to make rules conferring powers of inspection, search, seizure, detention and removal.

(*a*) to enter, inspect and examine any place, carriage or vessel in which an airship is being manufactured, possessed, used, sold, imported or exported under a license granted under this Act, or in which he has reason to believe that an airship has been or is being manufactured, possessed, used, sold, imported or exported in contravention of this Act or of any rule made thereunder;

(*b*) to search for airships therein;

(*c*) to seize, detain and remove any airship found therein; and

(*d*) to search any airship for explosives, arms, ammunition, carrier-birds, photographic or wireless telegraphic apparatus or such other things as may hereafter be prescribed in this behalf, and to seize, detain and remove any such things if found thereon.

(*2*) The provisions of the Code of Criminal Procedure, 1898, relating to searches under that Code shall, so far as the same are applicable, apply to searches by officers authorised by rules under this section. V of 1898.

7. (*1*) The Local Government, or any officer specially empowered in this behalf by the Local Government, may by order in writing prohibit the navigation of airships over such areas as may be prescribed in the order.

Prohibition and regulation of navigation by airships.

(*2*) Any such order may apply either generally to all airships or to airships of such classes and descriptions only as may be specified in the order, and may prohibit the navigation of airships over any such prescribed area either at all times or at such times or on such occasions only as may be specified in the order and either absolutely or subject to such exceptions or conditions as may be so specified.

8. Whoever in contravention of—

Penalty for certain offences.

(*1*) a rule made under section 3, sub-section (*2*), clause (*4*), carries in an airship, explosives, fire-arms, ammunition, carrier-birds, photographic or wireless telegraphic apparatus or such other things as may hereafter be prescribed in this behalf, or

(*2*) a notification issued under section 4, imports or exports an airship, or

(*3*) a notification issued under section 5, sub-section (*1*), clause (i), does or abstains from doing any act, or

(*4*) a notification issued under section 5, sub-section (*1*), clause (ii), fails to deliver to the proper authority any airship in his possession, or

(*5*) an order made under section 7, undertakes a flight in an airship, unless he proves that he was compelled to do so by reason of stress of weather or other circumstances over which he had no control,

shall be punishable with imprisonment for a term which may extend to three years, or with fine, or with both.

9. Whoever, in any case not provided for in section 8, manufactures, possesses, uses, sells, imports, or exports an airship in contravention of this Act or of the conditions of a license granted thereunder, shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both.

Penalty in cases not provided for in section 8.

10. When a person is convicted of an offence punishable under this Act or of the rules made thereunder, the Court before which he is convicted may direct that the airship or the thing (if any) in respect of which the offence has been committed, or any part of such thing, shall be forfeited to His Majesty.

Forfeiture on conviction.

11. Whoever abets the commission of an offence punishable under this Act, or the rules made thereunder, or attempts to commit any such offence and in such attempt does any act towards the commission of the same, shall be punishable as if he had committed the offence.

Abetments and attempts.

12. Nothing in this Act shall apply to the manufacture, possession, use, sale, import or export of any airship—

Saving for acts done by Government or Government officers.

(*a*) by order of the Government; or

(*b*) by any person employed under the Government in the execution of this Act or to a public servant in the course of his employment or duty as such.

13. (*1*) The power to make rules conferred by this Act is subject to the condition of the rules being made after previous publication.

Procedure for making rules.

(*2*) All rules made under this Act shall be published in the Gazette of India or the local official Gazette, as the case may be, and shall thereupon have effect as if enacted in this Act.

14. No suit, prosecution or other legal proceedings shall lie against any person for anything which is in good faith done or intended to be done under this Act.

Saving for acts done in good faith under Act.

THE following Act of the Governor General of India in Council received the assent of the Governor General on the 23rd September, 1911, and is hereby promulgated for general information :—

ACT No. XVIII OF 1911.

An Act to modify certain provisions of the Calcutta Improvement Act, 1911.

Ben. Act of 1911.

WHEREAS it is expedient to modify the provisions of the Calcutta Improvement Act, 1911, so as to provide in certain cases for an appeal to the High Court from the awards of the Tribunal constituted under that Act; It is hereby enacted as follows :—

Short title.

1. This Act may be called the Calcutta Improvement (Appeals) Act, 1911.

Definitions.

2. In this Act—

(*1*) "Court" means the High Court of Judicature at Fort William in Bengal: and

(*2*) "Tribunal" has the same meaning as in the Calcutta Improvement Act, 1911.

Ben. Act of 1911.

Appeal from awards of the Tribunal.

Ben. Act of 1911.

3. (*1*) Notwithstanding anything contained in the Calcutta Improvement Act, 1911, an appeal shall lie to the Court in any of the following cases, namely :—

(*a*) where the decision is that of the President of the Tribunal sitting alone in pursuance of clause (*b*) of section 77 of the said Act :

(*b*) where the decision is that of the Tribunal, and

(i) the President of the Tribunal grant a certificate that the case is a fit one for appeal, or

(ii) the Court grants special leave to appeal :

Provided that the Court shall not grant such special leave unless the President has refused to grant a certificate under sub-clause (i) and the amount in dispute is five thousand rupees or upwards.

(*2*) An appeal under clause (*b*) of sub-section (*1*) shall only lie on the following grounds, namely :—

(i) the decision being contrary to law or to some usage having the force of law;

(ii) the decision having failed to determine some material issue of law or usage having the force of law;

(iii) a substantial error or defect in the procedure provided by the said Act which may possibly have produced error or defect in the decision of the case upon the merits.

Procedure in such appeals.

4. Subject to the provisions of section 3, the provisions of the Code of Civil Procedure, 1908, with respect to appeals from original decrees shall, so far as may be, apply to appeals under this Act. V of 1908

Execution of orders of Court.

5. The Chief Judge of the Court of Small Causes of Calcutta shall, on application, execute any order passed by the Court on appeal as if it was a decree made by himself.

Period of limitation for such appeals.

6. An appeal under section 3 shall be deemed to be an appeal under the Code of Civil Procedure, 1908, within the meaning of No. 156 of the First Schedule to the Indian Limitation Act, 1908. V of 1908 IX of 1908

PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.
LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 18th September 1911 :—

No. 18 OF 1911.

A Bill to consolidate and amend the law relating to Lunacy.

WHEREAS it is expedient to consolidate and amend the law relating to lunacy; It is hereby enacted as follows :—

PART I.
PRELIMINARY.
CHAPTER I.

Short title and extent.

1. (*1*) This Act may be called the Indian Lunacy Act, 191 .

(*2*) It extends to the whole of British India including British Baluchistan, the Santhal Parganas, and the Pargana of Spiti.

[*Vide* s.17, Act of 1868.]

Savings.

2. Nothing contained in Part II shall be deemed to interfere with the powers of High Courts which are or may hereafter be established under the Indian High Courts Act, 1861, over any person found to be lunatic by inquisition, or with the rights of any committee of the person or estate of such lunatic.

Definitions.

3. In this Act unless there is anything repugnant in the subject or context,—

(*1*) "Asylum" means an asylum for lunatics established or licensed by Government :

(*2*) "Cost of maintenance" in an asylum includes the cost of lodging, maintenance, clothing, medicine and care of a lunatic :

(*3*) "District Court" means the principal civil court of original jurisdiction in any area outside the local limits for the time being of the Presidency-towns :

(*4*) "Criminal lunatic" means any person for whose confinement in or removal to an asylum, jail or other place of safe custody an order has been made in accordance with the provisions of section 466 or section 471 of the Code of Criminal Procedure, 1898, or of section 30 of the Prisoners Act, 1900 : V of 1898. III of 1900.

(*5*) "lunatic" means an idiot or person of unsound mind : XXXVI of 1858, s. 18.

(*6*) "Magistrate" means a Presidency Magistrate, District Magistrate, Sub-Divisional Magistrate or a Magistrate of the first class specially empowered by the Local Government to perform the functions of a Magistrate under this Act.

(*7*) "Medical officer" means a gazetted medical officer of Government or any medical officer or class of medical officers whom the Local Government may by notification in the local official Gazette declare to be medical officers for the purposes of this Act :

(*8*) "medical practitioner" means a holder of a qualification to practise medicine and surgery which can be registered in the United Kingdom in accordance with the law for the time being in force for the registration of medical practitioners, or any person or class of persons whom the Local Government may by notification in the local official gazette, declare to be medical practitioners or the purposes of this Act :

(9) "prescribed" means prescribed by this Act or by rule made thereunder:

(10) "reception order" means an order made under the provisions of this Act for the reception into an asylum of a lunatic other than a lunatic so found by inquisition: and

(11) "rule" means a rule made under this Act.

PART II.

RECEPTION, CARE AND TREATMENT OF LUNATICS.

CHAPTER II.

RECEPTION OF LUNATICS.

[*Cf.* s. 4 (1), Lunacy Act, 1890.]

4. No person other than a criminal lunatic or a lunatic so found by inquisition shall be received or detained in an asylum, save as provided by section 16, unless under a reception order.

Reception of lunatics.

Reception Orders on petition.

[*Cf.* s. 4 (2), Lunacy Act, 1890.]

5. (1) An application for a reception order shall be made by petition to the magistrate within the local limits of whose jurisdiction the alleged lunatic ordinarily resides, shall be in the form prescribed and shall be supported by two medical certificates on separate pieces of paper one of which shall be from a medical officer.

Application for reception order.

[*Cf.* s. 7 (4) ibid.]

(2) The petition shall state whether a previous petition has been presented as to the alleged lunatic or not and if a previous petition has been made a copy of the order on that application shall be attached to it.

(3) No application for a reception order shall be entertained in any area outside the Presidency-towns unless the Local Government has by notification in the local official Gazette declared such area as an area in which reception orders may be made.

[*Cf.* s. 5, Lunacy Act, 1890.]

6. (1) The petition shall be presented, if possible, by the husband or wife or by a relative of the alleged lunatic.

Application by whom to be presented.

(2) If the petition is not so presented, it shall contain a statement of the reasons why it is not so presented, and of the connection of the petitioner with the alleged lunatic, and the circumstances under which he presents the petition.

(3) No person shall present a petition unless he is at least twenty-one years of age, and has, within fourteen days before the presentation of the petition, personally seen the said lunatic.

(4) The petition shall be signed and verified by the petitioner and the statement of prescribed particulars by the person making the statement.

[*Cf.* Lunacy 1890.]

7. (1) Upon the presentation of the petition the magistrate shall consider the allegations in the petition and the evidence of lunacy appearing by the medical certificates and whether it is necessary for him personally to see and examine the alleged lunatic.

Procedure upon petition for reception order

(2) If he is satisfied that a reception order may properly be made forthwith, he may make the same accordingly.

(3) If he is not so satisfied, he shall fix a date (notice whereof shall be given to the petitioner) for the consideration of the petition, and he may make such further or other inquiries of or concerning the alleged lunatic as he may think fit.

[*Cf.* s. Lunacy A 1890.]

8. The magistrate, if not satisfied with the evidence of lunacy appearing from the medical certificates, may visit the alleged lunatic at the place where such lunatic may happen to be.

Examination of alleged lunatic.

[*Cf.* s. 6(Lunacy A 1890.]

9. The petition shall be considered in private and no one except the petitioner, the alleged lunatic (unless the magistrate shall in his discretion otherwise order), any one person appointed by the alleged lunatic for that purpose, and the persons signing the medical certificates accompanying the petition, shall be present at the consideration thereof.

Consideration of petition.

[*Cf.* ss. 6(7 (1), Luna Act, 1890.]

10. (1) At the time appointed for the consideration of the petition, the magistrate may either make a reception order or dismiss the petition, or, if he thinks fit, may adjourn the same for future evidence or inquiry, and may make such order as to the payment of the costs of the inquiry by the person upon whose application it was made, or out of the estate of the alleged lunatic if found to be of unsound mind, or otherwise, as he may think proper.

Order.

(2) If the petition is dismissed, the magistrate shall record in writing his reasons for dismissing the same and shall deliver or cause to be delivered to the petitioner a copy of such order.

[*Cf.* s. Act 36 1858.]

11. When any reception order made under section 7 or section 10 is presented, the person in charge of the asylum, before admitting the lunatic into the asylum, may require the friends of the said lunatic to engage to pay the cost of maintenance of the lunatic, unless it shall appear to such person that they have not sufficient means of doing so.

Power to require engagement to meet cost of maintenance.

Reception orders otherwise than on petition.

[*Cf.* s. 3, 11 of 1877.

12. When any European who is subject to the provisions of the Army Act has been declared a lunatic in accordance with the provisions of the military regulations in force for the time being, and it appears to any administrative medical officer that he should be removed to an asylum, such administrative medical officer may, if he thinks fit, make a reception order under his hand for the admission of the said lunatic into any asylum which has been duly authorized for the purpose by the Governor General in Council.

Reception order in case of lunatic soldier.

[*Cf.* s. 4 rst para., and . 5, last para. ct 36, 1858; nd s. 15, unacy Act, 890.]

Duties of Police in respect of wandering or dangerous lunatics and lunatics cruelly treated or not under proper care and control.

13. (*1*) Every officer in charge of a police-station shall apprehend or cause to be apprehended and taken or cause to be taken to the magistrate all persons found wandering at large within the limits of his station who are deemed to be lunatics, and all persons believed to be dangerous by reason of lunacy.

Cf. s. 13 (1), unacy Act, 890 and s. 5 f Act 36 of 58.]

(*2*) Every officer in charge of a police-station who has knowledge that any person within the limits of his station is deemed to be a lunatic and is not under proper care and control or is cruelly treated by any relative or other person having the care or charge of him, shall immediately report the fact to the magistrate.

[Act 36 of 58, s. 4.]

Reception order in case of wandering and dangerous lunatics.

14. Whenever any person is brought before a magistrate under the provisions of sub-section (*1*) of section 13, the magistrate shall call in a medical officer, and shall examine such person, and shall make such other inquiries as he thinks advisable; and if the magistrate is satisfied on personal examination or other proof that such person is a lunatic and a proper person to be detained, and if the medical officer who has been called in signs a medical certificate with regard to the lunatic, the magistrate may make a reception order for the admission of such lunatic into an asylum and shall send him in suitable custody to such asylum:

Provided that, if any friend or relative of any lunatic, who is believed to be dangerous, shall enter into a bond with or without sureties for such sum of money as the magistrate thinks fit, conditioned that such lunatic shall be properly taken care of, and shall be prevented from doing injury to himself or others, the magistrate, instead of sending him to an asylum, may, if he thinks fit, make him over to the care of such friend or relative:

Provided also that, if any such friend or relative shall desire that the lunatic may be sent to a licensed asylum instead of the public asylum of the province, and shall engage in writing to the satisfaction of the magistrate to pay the cost of maintenance of the lunatic in such asylum, the magistrate may send the lunatic to the licensed asylum mentioned in the engagement.

[S. 5, Act 36 of 1858.] [*Cf.* s 13 of Act of 1890.]

Order in case of lunatic cruelly treated or not under proper care and control.

15. (*1*) If it shall appear to the magistrate, on the report of a police-officer or the information of any other person, that any person within the limits of his jurisdiction deemed to be a lunatic is not under proper care and control, or is cruelly treated or neglected by any relative or other person having the charge of him, the magistrate may cause the alleged lunatic to be produced before him, and summon such relative or other person as has or ought to have the charge of him.

(*2*) If such relative or other person is legally bound to maintain the alleged lunatic, the magistrate may make an order for such lunatic being properly cared for and treated, and, if such relative or other person wilfully neglects to comply with the said order, may sentence him to imprisonment for a term which may extend to one month.

(*3*) If there is no person legally bound to maintain the alleged lunatic, or if the magistrate thinks fit so to do, he may proceed as prescribed in section 14, and upon being satisfied in manner aforesaid that the person deemed to be a lunatic is a lunatic and a proper person to be detained under care and treatment, may make a reception order for his admission into an asylum.

[S. 6-A, Act 36 of 1858.]

Detention of alleged lunatic pending report by medical officer.

16. (*1*) When any person alleged to be a lunatic is brought before a magistrate under the provisions of section 13 or section 15, the magistrate, at the request of the medical officer who has been called in, may, by order in writing, authorize the detention of the alleged lunatic for such time not exceeding ten days as may be, in his opinion, necessary to enable the medical officer to determine whether such alleged lunatic is a person in respect of whom a medical certificate may be properly given.

(*2*) The magistrate may, from time to time, for the same purpose and at the request of the medical officer, by order in writing, authorize such further detention not exceeding ten days at a time as he thinks necessary:

Provided that no person shall be detained under this section for a total period exceeding thirty days from the date on which the first order under its provisions was made.

[S. 6, Act 36 of 1858.]

Commissioner of Police, etc., to act in the Presidency-towns.

17. All acts which the magistrate is authorized or required to do by sections 14, 15 and 16 may be done in the Presidency towns or Rangoon by the Commissioner of Police; and all duties which an officer in charge of a police-station is authorized or required to perform, may be performed in any of the said towns by an officer of the police-force not below the rank of an inspector.

Requirements of reception orders and medical certificates.

[Lunacy Act, s. 23.]

Medical certificates.

18. (*1*) Every medical certificate under this Act shall be made and signed by a medical practitioner or a medical officer as the case may be.

(*2*) Every medical certificate shall state the facts upon which the person certifying has formed his opinion that the alleged lunatic is a lunatic, distinguishing facts observed by himself from facts communicated by others; and no reception order on petition shall be made upon a certificate founded only upon facts communicated by others.

(*3*) Every medical certificate made under this Act shall be evidence of the facts therein appearing and of the judgment therein stated to have been formed by the person certifying on such facts, as if the matters therein appearing had been verified on oath.

[S. 29, Lunacy Act, 1890.]

Time and manner of medical examination of lunatic.

19. (*1*) A reception order required to be founded on a medical certificate shall not be made unless the person who signs the medical certificate, or, where two certificates are required, each person who signs

a certificate, has personally examined the alleged lunatic, in the case of an order upon petition, not more than seven clear days before the date of the presentation of the petition, and in all other cases not more than seven clear days before the date of the order.

(2) Where two medical certificates are required a reception order shall not be made unless each medical practitioner signing a certificate has examined the alleged lunatic separately from the other.

[S. 20, Lunacy Act, 1890.]

Persons disqualified for signing certificates.

20. A medical certificate accompanying a petition for a reception order shall not be signed by the petitioner or by the husband or wife, father or father-in-law, mother or mother-in-law, son or son-in-law, daughter or daughter-in-law, brother or brother-in-law, sister or sister-in-law, partner or assistant of such petitioner.

[*Cf.* s. 35, Lunacy Act, 1890.]

Authority for reception.

21. A reception order, if the same appears to be in conformity with this Act, shall be sufficient authority for the petitioner or any person authorised by him, or in the case of an order not made upon petition, for the person authorised so to do by the person making the order, to take the lunatic and convey him to the place mentioned in such order and for his reception and detention therein, or in any other asylum to which he may be removed in accordance with the provisions of this Act, and the order may be acted on without further evidence of the signature or of the jurisdiction of the person making the order.

Reception of criminal lunatics.

Reception of Criminal lunatics.

22. An order under section 466 or section 471 of the Code of Criminal Procedure, 1898, or under section 30 of the Prisoners Act, 1900, directing the reception of a criminal lunatic into any asylum which is prescribed for the reception of criminal lunatics shall be sufficient authority for the reception and detention of any person named therein in such asylum or in any other asylum to which he may be lawfully transferred.

Reception after inquisition.

[*Cf.* s. 12, Lunacy Act, 1890.]

Reception after inquisition.

23. A lunatic so found by inquisition may be admitted into an asylum—

(*a*) in the case of an inquisition under Chapter IV on an order signed by the committee of the person of the lunatic, and having annexed thereto a certified copy of the order appointing the committee, or, if no such committee has been appointed, upon an order signed by the Master of the Court;

(*b*) in the case of an inquisition under Chapter V—

[*Cf.* s. 8, Act, 36 of

(*i*) when a guardian of the person of such lunatic has been appointed by the Court of Wards or the Collector or by the Civil Court,—on an order signed by such guardian accompanied by a certified copy of the order of the District Court that such lunatic is a fit and proper person to be detained in an asylum;

(*ii*) when no guardian of the person of such lunatic has been appointed—on an order of the District Court that such lunatic is a fit and proper person to be detained in an asylum.

[*Cf.* s. 1 (4), Act 36, 1858.]

Order for payment of cost of maintenance of lunatic.

24. When an order has been made under section 23 the High Court or the District Court, as the case may be, shall, on receiving a report from the person in charge of an asylum that the lunatic referred to in the order has been admitted into the asylum, make an order for the payment of the cost of maintenance of the lunatic in the asylum, and on the application of such person may from time to time direct that any costs incurred in accordance with such order shall be recovered from the estate of the lunatic or of any person legally bound to maintain him as if payable under a decree of the Court:

Provided that, if at any time it shall appear to the satisfaction of the Court that the lunatic has not sufficient property, and that no person legally bound to maintain such lunatic has sufficient means for the payment of such cost, the Court shall certify the same instead of making such order for the payment of the cost as aforesaid.

Amendment of order or certificate.

[S. 12, Act 36 of 1858 *Cf.* s. 34 Lunacy Act 1890.]

Amendment of order or certificate.

25. If, after the reception of any lunatic into any asylum, it appears that the order upon which he was received or the medical certificate or certificates upon which such order was made is or are defective or incorrect, the same may at any time afterwards be amended by the person or persons signing the same with the sanction of two or more of the visitors of the said asylum, one of whom shall be a medical officer.

CHAPTER III.

CARE AND TREATMENT.

Visitors.

[Act 36, 1858, s. 2.]

Appointment of visitors.

26. (*1*) The Local Government shall appoint for every asylum not less than three visitors, one of whom at least shall be a medical officer.

(*2*) The Inspector General of Prisons (where such office exists) shall be a visitor *ex-officio* of all the asylums within the limits of his jurisdiction.

[*Ib.*, s. 3.]

Monthly inspection by visitors.

27. Two or more of the visitors, one of whom shall be a medical officer, shall, once at the least in every month, together inspect every part of the asylum or asylums of

which they are visitors, and see and examine, as far as circumstances will permit, every lunatic therein, and the order and certificate for the admission of every lunatic admitted since the last visitation of the visitors; and shall enter in a book to be kept for that purpose any remarks which they may deem proper in regard to the management and condition of the asylum and the lunatics therein.

t 5, s. 472.]

Inspection of criminal lunatics by Inspector General or visitors.

28. (*1*) When any person is confined under the provisions of section 466 or section 471 of the Code of Criminal Procedure, 1898, the Inspector General of Prisons, if such person is confined in a jail, or the visitors of the asylum or any two of them, if he is confined in an asylum, may visit him in order to ascertain his state of mind; and he shall be visited once at least in every six months by such Inspector General or by two of such visitors as aforesaid; and such Inspector General or visitors shall make a special report as to the state of mind of such person to the magistrate or Court under whose order he is confined.

ct 5, s. 47

(*2*) The Local Government may empower the officer in charge of the jail in which such person may be confined to discharge all or any of the functions of the Inspector General under sub-section (*1*).

Discharge of lunatics.

ct 36, , s. 9.]

Order of discharge from asylum by visitors.

29. (*1*) Three of the visitors of any asylum, of whom one shall be a medical officer, may, by writing under their hands, order the discharge of any person detained in such asylum and such person shall thereupon be discharged:

Provided that no order under this sub-section shall be made in the case of a person detained under a reception order under section 12, or, in the case of a criminal lunatic, otherwise than as provided by section 30 of the Prisoners' Act, 1900.

(*2*) When such order is given, if the person is detained under the order of any public officer, notice of the order of discharge shall be immediately communicated to such officer.

Cf. s. 72, acy Act, 0.]

Discharge of lunatics in other cases and of European military lunatics.

30. (*1*) A lunatic detained in an asylum under a reception order, made on petition, shall be discharged if the person on whose petition the reception order was made so directs in writing:

Provided that no lunatic shall be discharged under the provisions of sub-section (1) if the officer in charge of the asylum certifies in writing that the lunatic is dangerous and unfit to be at large.

s. 3 (second ra.), Act 11, 77.]

(*2*) A person detained in an asylum under a reception order made under section 12 shall be detained therein until he is discharged therefrom in accordance with the military regulations in force for the time being or until the officer making the order applies for his transfer to the military authorities in view to his removal to England.

[S. 7, Act 11, 1877.]

(*3*) Whenever it appears to the officer in charge of an asylum that the discharge of a person therein detained under an order made under section 12 is necessary either on account of his recovery, or for any other purpose, such person shall be brought before the visitors of the asylum, and on the visitors recording their opinion that the discharge should be made, the general or other Officer Commanding the division, district, brigade or force, or other officer authorized to order the admission of such persons into an asylum, shall forthwith direct him to be discharged and such discharge shall take place in accordance with the military regulations in force for the time being.

[Act 36 of 1858, s. 10.]

Order of discharge on undertaking of relative for due care of the lunatic.

31. When any relative or friend of a lunatic detained in any asylum under the provisions of section 14, section 15, or section 17 is desirous that such lunatic shall be delivered over to his care and custody, he shall make application to the authority under whose order the lunatic is detained, and such authority if it thinks fit, in consultation with the visitors or with one of them being a medical officer, and upon such relative or friend entering into a bond with or without sureties for such sum of money as the said authority thinks fit conditioned that such lunatic shall be properly taken care of and shall be prevented from doing injury to himself or others, shall make an order for the discharge of such lunatic, and such lunatic shall thereupon be discharged.

Removal of lunatics.

[Act 36 of 1858, s. 17-C.]

Removal of lunatics and of criminal lunatics.

32. (*1*) Any lunatic may be removed from any asylum by order of the Local Government to any other asylum within the same province, and by order of the Governor General in Council to any other asylum in any part of British India.

[*Cf* Act 5, 1898, s. 471 (3).]

(*2*) The Governor General in Council may make such general or special order as he shall think fit directing the removal of any person for whose confinement an order has been made under section 466 or section 471 of the Code of Criminal Procedure, 1898, from the place where he is for the time being confined, to any asylum, jail or other place of safe custody in British India.

Escape and re-capture.

[Act 36, 1858, s. 13, Lunacy Act, 1890, s. 85.]

Order to justify detention and re-capture after escape.

33. Every person received into an asylum under any such order as is required by this Act, may be detained therein until he is removed or discharged as authorized by law, and in case of escape may, by virtue of such order, be re-taken by any police-officer or by the person in charge of such asylum, or any officer or servant belonging thereto, or any other person authorized in that behalf by the said person in charge, and conveyed to and received and detained in such asylum.

PART III.

JUDICIAL INQUISITION AS TO LUNACY.

CHAPTER IV.

PROCEEDINGS IN LUNACY IN PRESIDENCY-TOWNS.

Inquisition.

Jurisdiction in lunacy in Presidency-towns.

34. The Courts having jurisdiction under this chapter shall be the High Courts of Judicature at Fort William, Madras and Bombay.

[S. 1, Act 34 of 1858.]

Court may order inquisition as to persons alleged to be insane.

35. (*1*) The Court may upon application by order direct an inquisition whether a person subject to the jurisdiction of the Court, who is alleged to be lunatic, is of unsound mind and incapable of managing himself and his affairs.

(*2*) Such order may also contain directions for inquiries concerning the nature of the property belonging to the alleged lunatic, the persons who are his relatives or next of kin, the time during which he has been of unsound mind, or such other matters as to the Court shall seem proper.

[S. 2, Act 34 of 1858.]

Application by whom to be made.

36. Application for such inquisition may be made by any person related by blood or marriage to the alleged lunatic, or by the Advocate General.

[*Cf.* s. 3, *ibid* and s. 4, Act 35 of 1858.]

Notice of inquisition to be given to alleged lunatic.

37. (*1*) Notice shall be given to the alleged lunatic of the time and place at which it is proposed to hold the inquisition.

(*2*) If it shall appear that the alleged lunatic is in such a state that personal service on him would be ineffectual, the Court may direct such substituted service of the notice as it shall think proper.

(*3*) The Court may also direct a copy of such notice to be served upon any relative of the alleged lunatic.

Cf. ss. 4, 5, *Ibid* and s. 5, Act 35 of 1858.]

Court may require attendance of, and may authorize, persons to have access to lunatic for the purpose of examination.

38. (*1*) The Court may require the alleged lunatic to attend at such convenient time and place as it may appoint for the purpose of being personally examined by the Court, or by any person from whom the Court may desire to have a report of the mental capacity and condition of such alleged lunatic.

(*2*) The Court may likewise make an order authorizing any person or persons therein named to have access to the alleged lunatic for the purpose of a personal examination.

[*Cf.* s. 6, *ibid* and s. 6, Act 35 of 1858.]

Rules respecting attendance and examination where the alleged lunatic is a woman of rank.

39. The attendance and examination of the alleged lunatic under the provisions of section 38 shall, if the alleged lunatic be a woman who, according to the manners and customs of the country, ought not to be compelled to appear in public, be regulated by the rules in force for the examination of such persons in other cases.

[S. 8, act 34 of 1858, and Act 36 of 1858.]

Court may in certain cases direct inquisition to be made before any District Court within whose local jurisdiction the alleged lunatic may be.

40. (*1*) If the alleged lunatic is not within the local limits of the jurisdiction of the Court, and the inquisition cannot conveniently be made in the mode hereinbefore provided, the Court may direct the inquisition to be made before the District Court within whose local jurisdiction the alleged lunatic may be; and such District Court shall accordingly proceed to make such inquisition in the same manner as if the alleged lunatic were subject to its jurisdiction, and shall certify its finding upon the matters of inquisition to the Court directing the inquisition.

(*2*) The evidence taken upon the inquisition shall be recorded by the District Court in the English language in the form of a narrative, and a copy thereof, certified by the Court, shall be transmitted, together with any remarks the Court may think fit to make thereon, to the Court by which the inquisition was directed.

[*Ib.*, s. 9.]

If finding of Court appears defective or insufficient in form, it may be amended by the Court directing the inquisition.

41. If the finding of the District Court appears to the Court directing the inquisition to be defective or insufficient in point of form, it may either amend the same or refer it back to the Court which made the inquisition to be amended.

[*Ib.*, s. 10.]

Court may direct new trial.

42 On the application of the person at whose instance the order directing an inquisition was made or on the application of the alleged lunatic or of any person related to such lunatic by blood or marriage authorized by the Court to make the application, the Court may direct a new trial of the matters of inquisition according to the usual course and practice of the Court in directing new trials in civil cases.

[*Cf. Ib.*, s. 12.]

Proceedings on finding of Court.

43 The finding of the Court on the inquisition or on a new trial, if any, directed under section 42, or the finding of the District Court to which the inquisition may have been referred under the provisions of section 40 with such amendments as may be made under the provisions of section 41, as the case may be, shall have the same effect, and be proceeded on in the same manner in regard to the appointment of committees of the person and estate of the lunatic as the findings referred to in section 12 of the Lunacy (Supreme Courts) Act, 1858, immediately before the commencement of this Act.

Judicial powers over person and estate of lunatics.

[*Cf.* Lunacy Act, s. 108(2).]

Custody of lunatics and management of their estates.

44. (*1*) The Court may make orders for the custody of lunatics so found by inquisition and the management of their estates.

(*2*) When upon the inquisition it is specially found that the person to whom the inquisition relates is of unsound mind so as to be incapable of managing his affairs, but that he is capable of managing himself, and is not dangerous to himself or to others, the Court may make such orders as it thinks fit for the commitment of the estate of the lunatic and its management including proper provisions for the maintenance of the lunatic but it shall not be necessary, unless in the discretion of the Court it appears proper to do so, to make any order as to the custody or commitment of the person of the lunatic.

[*Cf.* s. 109 A. of 1890; 11, Act 24 1858.]

54. The costs of all proceedings for the purpose of ascertaining whether a person is a lunatic and of all proceedings in the matter of a lunatic shall be in the discretion of the Court.

Costs of inquiry.

[Act 24, 58, s. 29.]

46. (*1*) When any person has been found of unsound mind, and it shall be shown to the Court, either on the application of such person or of any other person acting on his behalf, or on the information of any other person, that there is reason to believe that such unsoundness of mind has ceased, the Court may make an order for inquiry whether such person is still of unsound mind and incapable of managing himself and his affairs.

Proceedings in lunacy to cease or to be set aside if Court after inquiry finds that he unsoundness of mind has ceased.

(*2*) The inquiry shall be conducted in the same manner and subject to the same provisions as are hereinbefore prescribed for an inquisition into the unsoundness of mind of an alleged lunatic; and if it is found that the unsoundness of mind has ceased, the Court shall order all proceedings in the matter of the lunacy to cease or to be set aside on such terms and conditions as under the circumstances of the case shall appear proper.

[*Ib.*, s. 18.]

47. The Court, on the appointment of committees of the person and estate of a lunatic, may direct by the order of appointment, or by any subsequent order, that the person to whom the charge of the estate is committed shall have such powers for the management thereof as to the Court shall seem necessary and proper, reference being had to the nature of the property, whether moveable or immoveable, of which the estate may consist:

On appointment of Committee, the Court ma give certain powers for ma: agement of lunatic's estate.

Provided that such powers shall not extend to the sale or charge by way of mortgage of the estate or any part thereof, or to the letting of any immoveable property unless for a term not exceeding three years.

[*Ib.*, s. 14.]

48. (*1*) The Master of the Court, without an order of reference, may receive any proposal and conduct any inquiry respecting the management of the estate of a lunatic, if such proposal relates to any matter which the committee of the estate has not been empowered by an order under section 47 to dispose of.

Master to receive proposals concerning management, sale, etc., of estate without an order of reference.

(*2*) The Master may likewise, without reference, receive and inquire into any proposal relating to the sale or charge by way of mortgage of the estate or of any part thereof, or to the letting of any immoveable property for a term exceeding three years.

[Act 24 of 58, s. 15.]

49. The Master shall report to the Court on the proposal; and the Court shall, subject to the provisions of this chapter, make such order upon the report and respecting the costs, as shall, under the circumstances, seem just.

Court to make order upon the report of the Master.

50. (*1*) The Court or the Master shall once in the matter of each lunatic so found by inquisition, and may as often as it or he thinks it expedient, determine whether any one or more and (if any) how many and which of the persons related to the lunatic by blood or marriage shall attend before the Master, at the cost of the estate, in any proceeding connected with the management thereof.

[Act 24 of 1858, s. 16.]

What relatives to attend at any inquiry at the cost of the estate: appointment of guardian of infant relative.

(*2*) If any person so related is an infant, the Court or the Master may from time to time appoint a fit person to be his guardian for the purposes of the lunacy.

51. The Court may, on application made to it by petition concerning any matter whatsoever connected with the lunacy, make such order, subject to the provisions of this chapter, respecting the application and the costs thereof, and of the consequent proceedings, as shall, under the circumstances, seem just.

[*Ib.*, s. 17.]

Court may make order on application concerning any matter connected with the lunacy.

Management and administration.

52. The Court may, if it appears to be just or for the lunatic's benefit, order that any property, movable or immovable, of the lunatic, and whether in possession, reversion, remainder, or contingency be sold, charged, mortgaged, dealt with or otherwise disposed of, as may seem most expedient for the purpose of raising or securing or repaying with or without interest money to be applied or which has been applied to all or any of the following purposes, namely:—

[*Ib.*, s. 18.]

Lunatic's property may be sold for debts, maintenance, etc.

(*1*) the payment of the lunatic's debts or engagements;

(*2*) the discharge of any incumbrance on his property;

(*3*) the payment of any debt or expenditure incurred for the lunatic's maintenance or otherwise for his benefit;

(*4*) the payment of or provision for the expenses of his future maintenance and the maintenance of his family, including the expenses of his removal to Europe, when he shall be so removed, and all expenses incidental thereto;

(*5*) the payment of the costs of any inquiry under this chapter, and of any costs incurred by order or under the authority of the Court.

53. (*1*) The committee of the lunatic's estate shall, in the name and on behalf of the lunatic, execute all such conveyances and instruments of transfer relative to any sale, mortgage or other disposition of his estate as the Court shall order.

[Act 24 of 1858, s. 19.]

Committee to execute conveyances and powers.

(*2*) The committee shall, in like manner, under the order of the Court, exercise all powers whatsoever vested in a lunatic, whether the same are vested in him for his own benefit or in the character of trustee or guardian.

[Act 34 of 1858, s. 20.]

54. Where a person, having contracted to sell or otherwise dispose of his estate or any part thereof, afterwards becomes lunatic, the Court may, if the contract is such as the Court thinks ought to be performed, direct the committee of the estate to execute such conveyances and to do such other acts in fulfilment of the contract as it shall think proper.

Court may order performance of contract.

[*Ib.*, s. 21.]

55. (*1*) Where a person, being a member of a partnership firm, is found lunatic, the Court may, on the application of the other partners, or of any person who appears to the Court to be entitled to require the same, dissolve the partnership.

Member of partnership becoming lunatic.

(*2*) Upon such dissolution, or upon a dissolution by decree of Court or otherwise by due course of law, the committee of the estate may, in the name and on behalf of the lunatic, join with the other partners in disposing of the partnership property upon such terms, and shall do all such acts for carrying into effect the dissolution of the partnership, as the Court shall think proper.

[*Ib.*, s. 22.]

56. Where a lunatic has been engaged in business, the Court may, if it appears to be for the lunatic's benefit that the business premises should be disposed of, order the committee of the estate to sell and dispose of the same; and the monies arising from such sale shall be applied in such manner as the Court shall direct.

Disposal of business premises.

[*Ib.*, s. 23.]

57. Where a lunatic is entitled to a lease or under-lease, and it appears to be for the benefit of his estate that it should be disposed of, the committee of the estate may, by order of the Court surrender, assign or otherwise dispose of the same to such person for such valuable or nominal consideration, and upon such terms, as the Court shall think fit.

Committee may dispose of lease.

[*Ib.*, s. 24.]

58. If a lunatic is possessed of any immovable property situate beyond the local limits of the jurisdiction of the Court, which, by the law in force in the province wherein such property is situated, subjects the proprietor, if disqualified, to the superintendence of the Court of Wards, the said Court of Wards may assume the charge of such property and manage the same according to the rules for the time being in force for such management:

When and to what extent Court of Wards may assume charge of land belonging to a lunatic.

Provided that—

(*1*) in such case, no further proceedings in respect of the lunacy shall be taken under any such law, nor shall it be competent to the Court of Wards or to any Collector to appoint a guardian of the person of the said lunatic or a manager of the estate except of the immovable property which so subjects the proprietor as aforesaid:

(*2*) the surplus of the income of such property, after providing for the discharge of the Government revenue and expenses of management, shall be disposed of from time to time in such manner as the High Court shall direct, and not otherwise:

(*3*) nothing contained in this section shall affect the powers given to the High Court by sections 52, 53 and 54 or (except so far as relates to the management of the said immovable property which so subjects the proprietor as aforesaid) the powers given by any other section.

Vesting orders.

[Act 34 of 1858, s. 27.]

59. (*1*) If it appears to the Court, having regard to the situation and condition in life of the lunatic and his family and the other circumstances of the case, to be expedient that his property should be made available for his or their maintenance in a direct and inexpensive manner, it may, instead of appointing a committee of the estate, order that the property if money or if of any other description the produce thereof, when realized, be paid to such person as the Court may think fit, to be applied for the purpose aforesaid.

Court may in certain cases apply property for lunatic's maintenance without appointing committee.

(*2*) The receipt of the person so appointed shall be a valid discharge to any person who pays any money or delivers any property of the lunatic to such person.

[*Ib.*, s. 25.]

60. Where any stock or Government securities or any share in a company (transferable within British India or the dividends of which are payable there) is or are standing in the name of, or is vested in, a lunatic, beneficially entitled thereto, or in a committee of the estate of a lunatic, or in a trustee for him, and the committee dies intestate, or himself becomes lunatic, or is out of the jurisdiction of the Court, or it is uncertain whether the committee is living or dead, or he neglects or refuses to transfer the stock, securities or shares, or to receive and pay over thereof the dividends to a new committee or as the Court directs, within fourteen days after being required by the Court to do so, then the Court may order some fit person to make such transfer, or to transfer the same, and to receive and pay over the dividends in such manner as the Court directs.

Stock transferable in British India, belonging to lunatic, may be ordered to be transferred.

[Act 34 of 1858, s. 26.]

61. Where any such stock or Government securities or share in a company is or are standing in the name of, or vested in, any person residing out of British India and not in any part of the United Kingdom, the Court upon being satisfied that such person has been declared lunatic, and that his personal estate has been vested in a person appointed for the management thereof, according to the law of the place where he is residing, may order some fit person to make such transfer of the stock, securities or shares, or of any part thereof, to or into the name of the person so appointed or otherwise, and also to receive and pay over the dividends and proceeds, as the Court thinks fit.

Stock of lunatic residing out of British India, and not within the United Kingdom, may be ordered to be transferred.

[*Ib.*, s. 28.]

62. If it appears to the Court that the unsoundness of mind of a lunatic is in its nature temporary, and that it is expedient to make temporary provision for his maintenance or for the maintenance of such members of his family as are dependent on him for their maintenance, the Court may, in like manner as under section 59, direct his property or a sufficient part of it to be applied for the purpose aforesaid.

Power to apply property for lunatics' maintenance in case of temporary lunacy.

[Act 34 of 1858, s. 30.]

Power of Court to make rules.

63. The Court may, from time to time, make rules for the purpose of carrying into effect the provisions of this chapter and for regulating the mode of proceeding before the Court, or the Master, in matters of lunacy.

[s. 31.]

Powers of Master to be exercisable by Court.

64. The Court may exercise all or any of the powers hereinbefore conferred on the Master.

CHAPTER V.

PROCEEDINGS IN LUNACY OUTSIDE PRESIDENCY-TOWNS.

Inquisition.

[Act 35 of 1858, s. 2.]

District Court on application may institute inquisition when a person possessed of property is alleged to be a lunatic.

65. Whenever any person not subject to the jurisdiction of any of the Courts mentioned in section 34, who is possessed of property, is alleged to be a lunatic, the District Court within whose jurisdiction such person is residing may, upon application, by order direct an inquisition for the purpose of ascertaining whether such person is of unsound mind and incapable of managing his affairs.

[s. 3.]

Application by whom to be made.

66. (*1*) Application for such inquisition may be made by any person related by blood or marriage to the alleged lunatic or by any public curator appointed under the Succession (Protection of Property) Act, 1841, or by the Government Pleader, or if the property of the alleged lunatic consists in whole or in part of land or any interest in land, by the Collector of the district in which it is situate.

XI of 1841.

(*2*) If the property or any part thereof is of such a description as by the law in force in any province where such property is situate would subject the proprietor, if disqualified, to the superintendence of the Court of Wards, the application may be made by the Collector on behalf of the Court of Wards.

[*Cf. Ib.*, s. 6.]

Regulation of proceedings of District Courts.

67. The provisions of sections 37, 38 and 39 shall regulate the proceedings of the District Court with regard to the matters to which they relate.

[s. 7, Act 1866.]

Inquisition by District Court; power to appoint assessors.

68. (*1*) The District Court, if it thinks fit, may appoint two or more persons to act as assessors to the Court in the said inquisition.

(*2*) Upon the completion of the inquisition, the Court shall determine whether the alleged lunatic is of unsound mind and incapable of managing his affairs and may make such order as to the payment of costs of the inquisition by the person upon whose application it was made or out of the estate of the alleged lunatic if he be adjudged to be of unsound mind, or otherwise, as it may think proper.

[s. 8, Act 1866.]

Inquisition by subordinate Court on Commission issued by District Court; order of District Court.

69. (*1*) If the alleged lunatic resides at a distance of more than fifty miles from the place where the District Court to which the application shall have been made is held, the said Court may issue a commission to any subordinate Court to make the inquisition and such subordinate Court shall thereupon conduct the inquisition in the manner hereinbefore provided in this chapter.

(*2*) On the completion of the inquisition the subordinate Court shall report its proceedings with the opinions of the assessors, if assessors have been appointed, and its own opinion on the case; and the District Court shall thereupon make such order in the case as it may think proper.

Judicial powers over person and estate of lunatic

[Act 35 of 1858, s. 9.]

Custody of lunatics and management of their estates.

70. (*1*) The Court may make orders for the custody of lunatics so found by inquisition and the management of their estates.

[*Cf.* section 108 (2), Lunacy Act, 1890.]

(*2*) When upon the inquisition it is specially found that the person to whom the inquisition relates is of unsound mind so as to be incapable of managing his affairs, but that he is capable of managing himself and is not dangerous to himself or to others, the Court may make such orders as it thinks fit for the management of the estate of the lunatic including proper provisions for the maintenance of the lunatic, but it shall not be necessary, unless in the discretion of the Court it appears proper to do so, to make any order as to the custody of the person of the lunatic.

(*3*) If the estate of a lunatic so found or any part thereof consists of property which by the law in force in the province subjects the proprietor, if disqualified, to the superintendence of the Court of Wards, the Court of Wards shall be authorized to take charge of the same.

(*4*) In all other cases, except as otherwise hereinafter provided, the District Court shall appoint a manager of the estate who may be any near relative of the lunatic, or the Public Curator, or, if there be no Public Curator, any other suitable person.

[*Ib.*, s. 10.]

Appointment of guardian by Civil Court.

71. (*1*) Whenever a manager of the estate of a lunatic is appointed by the District Court, the Court may, if it thinks fit, appoint a fit person to be guardian of the person of the lunatic

(*2*) The manager, unless he is the Public Curator, may be appointed guardian :

Provided that the legal heir of the lunatic shall not be appointed guardian of his person.

[*Ib.*, s. 11.]

Court may direct Collector to take charge of lunatic's estate if consisting of land not subject to Court of Wards; Collector to be subject to control of superior Revenue-authorities.

72. (*1*) If the estate consists in whole or in part of land or any interest in land not subject to the jurisdiction of the Court of Wards, the District Court, instead of appointing a manager, may direct the Collector to take charge of the estate, and thereupon the Collector shall appoint a manager of the property and a guardian of the person of the lunatic.

(*2*) All the proceedings of the Collector in the charge of estates under this chapter shall be subject to the control of the superior Revenue-authorities.

[Lunacy Act, 1890, s. 12.]

Remuneration of managers and guardians.

73. If the person appointed to be manager of the estate of a lunatic, or the person appointed to be guardian of a lunatic's person, shall be unwilling to discharge such office gratuitously, the District Court or the Collector, as the case may be, may fix such allowance or allowances to be paid out of the estate of the lunatic as it or he may think fit

[Act 35 of 1858 s. 13].

Duties of guardian.

74. (*1*) The person appointed to be guardian of a lunatic's person shall have the care of his person and maintenance.

(*2*) When a distinct guardian is appointed, the manager shall pay to the guardian such allowance as shall be fixed by the District Court or the Collector, as the case may be, for the maintenance of the lunatic and such members of his family as are dependent on him for their maintenance.

[*Ib.*, s. 14.]

Powers of managers.

75. Every manager of the estate of a lunatic appointed as aforesaid may exercise the same powers in the management of the estate as might have been exercised by the proprietor if not a lunatic: and may collect and pay all just claims, debts and liabilities due to or by the estate of the lunatic:

Provided that no such manager shall have power to sell or mortgage the estate or any part thereof, or to grant a lease of any immoveable property for any period exceeding five years, without an order of the District Court previously obtained.

[*Ib.*, s. 15, first para.]

Managers to furnish inventory and annual accounts.

76. (*1*) Every person appointed by the District Court or by the Collector to be manager of the estate of a lunatic shall, within six months from the date of his appointment, deliver in Court or to the Collector, as the case may be, an inventory of the immoveable property belonging to the lunatic and of all such sums of money, goods and effects, as he shall receive on account of the estate, together with a statement of all debts due by or to the same.

(*2*) Every such manager shall also furnish to the Court or to the Collector annually, within three months of the close of the year of the era current in the district, an account of the property in his charge, exhibiting the sums received and disbursed on account of the estate and the balance remaining in his hands.

[*Ib.*, second para.]

Proceeding if accuracy of inventory or accounts be impugned.

77. If any person related by blood or marriage to the lunatic, or any public officer, by petition to the Court, shall impugn the accuracy of the said inventory and statement, or of any annual account, the Court may summon the manager and inquire summarily into the matter and make such order thereon as it shall think proper; or the Court, at its discretion, may refer any such petition to any subordinate Court or to the Collector if the manager was appointed by the Collector.

Manager to pay proceeds of estates into the public treasury.

78. All sums received by a manager on account of any estate in excess of what may be required for the current expenses of the lunatic or of the estate, shall be paid into the public treasury on account of the estate and may be invested from time to time in the public securities.

[*Ib.*, s. 17.]

Relative may sue for an account.

79. Any person related by blood or marriage to a lunatic may sue for an account from any manager appointed under this chapter, or from any such person after his removal from office or trust, or from his legal representative in case of his death, in respect of any estate then or formerly under his care or management or of any sums of money or other property received by him on account of such estate.

[Act 35 of 1858, s. 18.]

Removal of manager or guardian.

80. (*1*) The District Court, for any sufficient cause, may remove any manager appointed by it, not being a Public Curator, and may appoint such Curator or any other fit person in his room, and may compel the person so removed to make over the property in his hands to his successor, and to account to such successor for all money received or disbursed by him.

(*2*) The Court may also, for any sufficient cause, remove any guardian appointed by it.

(*3*) The Collector, for any sufficient cause, may remove any manager or guardian appointed by him; and the District Court, on the application of the Collector, shall compel any manager so removed to deliver his accounts and the property in his hands.

[*Ib.*, s. 19.]

Manager refusing to furnish accounts, may be fined by the Court, etc.

81. The District Court may impose a fine not exceeding five hundred rupees on any manager of the estate of a lunatic who wilfully neglects or refuses to deliver his accounts or any property in his hands within the prescribed time or a time fixed by the Court, and may realize such fine by attachment and sale of his property under the rules in force for the execution of decrees of Court, and may also commit the recusant to close custody until he shall deliver such accounts or property.

[*Ib.*, s. 20.]

Court may in certain cases apply property for lunatic's maintenance without appointing any manager.

82. If it appears to the District Court, having regard to the situation and condition in life of the lunatic and his family, and the amount and description of his property, to be unnecessary to appoint a manager of the estate as hereinbefore provided, the Court may, instead of appointing such manager, order that the property if money or if of any other description the produce thereof, when realized, be paid to such person as the Court may think fit, to be applied for the maintenance of the lunatic and such members of his family as are dependent on him for their maintenance.

[*Ib.*, s. 21.]

Restoration of estate if Court after inquiry finds that the unsoundness of mind has ceased.

83. (*1*) Any person who has been adjudged to be of unsound mind and incapable of managing his affairs, or any other person acting on his behalf or having or claiming any interest in respect of his estate, may represent by petition to the District Court that the unsoundness of mind of such person has ceased.

(*2*) The District Court may—

(*a*) upon such petition, or

(*b*) upon information received in any other manner, that the unsoundness of mind of such person has ceased,

institute an inquiry for the purpose of ascertaining whether such person is or is not still of unsound mind and incapable of managing his affairs.

(*3*) The inquiry shall be conducted in the manner provided in sections 67, 68 and 69; and if it is adjudged that such person has ceased to be of unsound mind and incapable of managing his affairs, the Court shall make an order for his estate to be delivered over to him, and such order shall be final.

[Act 35 of 1858, s. 22.]

84. Except as otherwise herein provided, all orders made by a District Court or by any subordinate Court under this chapter shall be open to appeal under the rules in force for appeals in miscellaneous cases.

Orders to be open to appeal.

PART IV.

MISCELLANEOUS.

CHAPTER VI.

ESTABLISHMENT OF ASYLUMS.

[Act 35 1858, s. 1.]

85. The Local Government may establish or license the establishment of asylums at such places as it may deem proper and may revoke any such license.

Local Government may establish or license the establishment of asylums.

[Act 35 of 1858, s. 17A.]

86. In either of the following cases, namely:—

Provision for provinces having insufficient or no asylums.

(*a*) when a Local Government has not established within the province a public asylum,

(*b*) when it appears to the Governor General in Council that a public asylum established within the province is not conveniently situated with respect to any part of the province, or does not afford sufficient or, in the case of any class of lunatics, suitable accommodation,

the Governor General in Council may appoint an asylum in any part of British India outside the province to be an asylum to which any Magistrate or Court exercising jurisdiction within the province may send lunatics or any class of lunatics as to an asylum established for the province in which his jurisdiction is situate.

CHAPTER VII.

EXPENSES OF LUNATICS.

[Act 35 of 1858, s. 14.]

87. (*1*) When any lunatic is admitted to a licensed asylum under a reception order or an order under section 23 and no engagement has been taken from the friends or relatives of the lunatic or order made by the Court for the payment of expenses under the provisions of this Act, the cost of maintenance of such lunatic shall be paid by the Government to the person in charge of such asylum.

In what cases Government to pay for the maintenance of lunatic.

(*2*) The Paymaster of the military circle within which any asylum is situated shall pay to the officer in charge of such asylum the cost of maintenance of every lunatic received and detained therein under an order made under section 12. [Act 11 of 1887, s. 3.]

88. Any moveable property which may be in the possession of a lunatic found wandering at large may be sold by the Magistrate and the proceeds thereof (or such part of the same as may be necessary) applied towards the payment of the cost of maintenance of the lunatic, and of any other expenses incurred on his behalf. [Act 35 of 1858, s. 15, last para.]

Application of property in the possession of a lunatic found wandering.

89. If in the opinion of any authority which has made a reception order under section 14, section 15 or section 17 any lunatic detained in an asylum under such order— [*Ibid*, s. 15, first para.]

Application to Civil Court for order for the payment of cost of maintenance out of the lunatic's estate, or by person bound to maintain him.

(*a*) has an estate applicable to his maintenance and more than sufficient to maintain his family, or

(*b*) any person is legally bound to maintain and has the means of maintaining such lunatic,

such authority may apply to the High Court or District Court within the local limits of the original jurisdiction of which the estate of the lunatic is situate or the person legally bound to maintain him resides, for an order for the payment of the cost of maintenance of the lunatic.

90. (*1*) The Court shall inquire into the matter in a summary way, and on being satisfied that such lunatic has an estate applicable to his maintenance, or that any person is legally bound to maintain and has the means of maintaining such lunatic, shall make an order for the recovery of the cost of maintenance of such lunatic out of such estate or from such person. [*Ibid.*]

Order of Court and enforcement thereof.

(*2*) Such order shall be enforced in the same manner, and shall be of the same force and effect and subject to the same appeal as a decree made by the said Court in a suit in respect of the property or person therein mentioned. [*Ibid*, s. 15, second para.]

91. The liability of any relative or person to maintain any lunatic shall not be taken away or affected by any provision contained in this Act. [*Ibid*, s. 16.]

Saving of liability of relatives to maintain lunatic.

CHAPTER VIII.

RULES.

92. (*1*) Subject to the control of the Governor General in Council, the Local Government may make rules for all or any of the following purposes, namely:—

Power of Local Government to make rules.

(*a*) to prescribe forms for any proceeding under this Act other than a proceeding before a High Court established under the Indian High Courts Act, 1861; 24 & 25 Vict., c. 104.

(*b*) to prescribe places of detention and regulate the care and treatment of persons detained under section 16;

(*c*) to regulate the confinement, care, treatment and discharge of criminal lunatics;

(*d*) to regulate the management of asylums and the care and custody of the inmates therein;

(*e*) to regulate the transfer of criminal lunatics to a public asylum;

(*f*) to prescribe the time within which the manager of the estate of a lunatic shall, under section 81, deliver his accounts or any property in his hands; and

(*g*) save as otherwise provided in this Act, generally to carry into effect the provisions of the Act.

(*2*) In making any rule under this section the Local Government may direct that a breach of it shall be punishable with fine which may extend to fifty rupees.

Publication of Rules.

93. All rules made under section 92 shall be published in the local official Gazette and shall thereupon have effect as if enacted in this Act.

CHAPTER IX.

SUPPLEMENTAL PROVISIONS.

Cf. s. 315, Lunacy Act, 1890.]

Penalty for improper reception or detention of lunatic.

94. Any person who, otherwise than in accordance with the provisions of this Act, receives or detains a lunatic or alleged lunatic in an asylum, or who for payment receives or detains a lunatic or alleged lunatic otherwise than in an asylum, shall be punishable with imprisonment which may extend to two years, or with fine, or with both.

V of 1898.

Provision as to bonds.

95. The provisions of Chapter XLII of the Code of Criminal Procedure, 1898, shall, so far as may be, apply to bonds taken under this Act.

[*Cf. s. 336, Lunacy Act, 1890.*]

Pension of lunatic payable by Government department.

96. (*1*) When any sum is payable in respect of pay, pension, gratuity or other similar allowance to any person by any Department of Government and the person to whom the sum is payable is certified by a Magistrate to be a lunatic, the Government officer under whose authority such sum would be payable if the payee were not a lunatic may pay so much of the said sum as he thinks fit to the person having charge of the lunatic, and may pay the surplus, if any, or such part thereof as he thinks fi for the maintenance of such members of the lunatic's family as are dependent on him for maintenance.

(*2*) The Secretary of State for India in Council shall be discharged of all liability in respect of any amounts paid in accordance with this section.

Use of forms in Schedule.

97. Subject to any rules, the forms set forth in the First Schedule, with such variation as the circumstances of each case may require, shall be used for the respective purposes therein mentioned, and if used shall be sufficient.

Protection to persons acting under Act

98. No suit, prosecution or other legal proceedings shall lie against any person for anything which is in good faith done or intended to be done under this Act.

Orders under repealed Acts.

99. (*1*) In the case of orders made before the commencement of this Act under section 7 of the Indian Lunatic Asylums Act, 1858, for the reception of persons into an asylum, the person who signed the order shall have all the powers and be subject to the obligations by this Act conferred or imposed upon the petitioner for a reception order, and the provisions of this Act relating to persons upon whose petition a reception order was made shall apply in the case of a person who has signed an order under section 7 of the Indian Lunatic Asylums Act, 1858, before the commencement of this Act as if the order had been made after the commencement of this Act upon a petition presented by him. XXXVI of 1858.

(*2*) All orders for the detention of lunatics made and all undertakings given under any enactment hereby repealed shall have the same force and effect as if they had been made or given under this Act and by or to the authority empowered thereby in such behalf.

Repeal of enactments.

100. The enactments mentioned in the Second Schedule are repealed to the extent specified in the fourth column thereof.

1909	V	Amending (Army) Act, 1909.	So much as relates to the Military Lunatics Act, 1877.

Table showing disposal of enactments proposed to be repealed.

Enactment proposed to be repealed.	How dealt with in Bill.	Remarks.
I.— The Lunacy Supreme Courts Act, 1858 (XXXIV of 1858).		
Preamble and section 1	Reproduced in clauses 34 and 35.	Of the Chartered High Courts, the High Courts of Calcutta, Madras and Bombay, which have succeeded to the jurisdiction of the Courts mentioned in the preamble and referred to in section 1 of the Act, alone possess general original jurisdiction in lunacy. The jurisdiction of the Allahabad High Court in lunacy matters is derived under clause 12 of its Charter and it has been held not to extend to persons who are not European British subjects: *Jaundha Koer* v. *Court of Wards*, I. L. R. 4 All 159; this jurisdiction need not be dealt with in this Bill.
Section 2 ...	Reproduced in clause 36...	.....
„ 3 ...	„ „ „ 37...	The first and third paragraphs of section 3 are omitted. The provisions requiring the inquires to be ordinarily held before the full Court and entitling the lunatic to demand such an inquiry seem to be obsolete. Section 13 of the Indian High Courts Act, 1861, and the Charters of the respective High Courts contain provisions for the disposal of all matters by Judges sitting singly or in benches.
„ 4 ...	„ „ „ 38 (1)	The provision requiring the place appointed for the attendance of the lunatic to be within twenty miles of the place of his residence is omitted.
„ 5 ...	„ „ „ 38 (2)	.....
„ 6 ...	„ „ „ 39 ...	.....
„ 7 ...	Omitted	Unnecessary, in view of the omission of any special provision regarding the disposal of cases by a single Judge. Under its Charter every Judge of a High Court has all the powers of the Court.
„ 8 ...	Reproduced in clause 40...	The Bill makes no distinction between inquisition by the Court and by a Judge thereof: the word "mode" is therefore substituted for "modes."
„ 9 ...	„ „ „ 41	The portions of the section relating to "the Judge" are omitted for the same reason.
„ 10 ...	„ „ „ 42 ...	The provision in the section regarding cases tried by a single Judge is omitted for the same reason. The last clause of the section is omitted as superfluous.
„ 11 ...	*cf.* clause 45 ...	The wording of the clause follows that of the first part of section 109 of the English Lunacy Act, 1890.
„ 12 ...	*cf.* „ 43 ...	The reference in the section to the "report of the Judge" is omitted, and for the reference to inquisitions taken upon the oath of a jury a reference to the findings mentioned in the section is substituted; the rest of the section is slightly amplified to bring out the intention.
„ 13 ...	Reproduced in clause 47...	.....

„ 28 ...	„ „ 62	.....
„ 29 ...	„ „ 46	.....
„ 30 ...	„ „ 63	.....
„ 31 ...	„ „ 64	"The Court" is substituted for a Judge of the Court.
„ 32 ...	*cf.* clause 3 (5) ...	The definition of "lunatic" is taken from the English Lunacy Act, 1890, section 341. The rest of section 32 is covered by the General Clauses Act, 1897.
II.—The Lunacy (District Courts) Act, 1858 (XXXV of 1858).		
Section 2 ...	Reproduced in clause 65	
„ 3 ...	„ „ „ 66	
Sections 4 to 6 ...	*Cf.* clause 67 ...	
Section 7 ...	Reproduced in clause 68...	The second sub-clause is a slight amplification of the second paragraph of the section.
„ 8 ...	„ „ „ 69...	
„ 9 ...	„ „ „ 70 (2) and (3).	
Sections 10 to 12 ...	Reproduced in clauses 71 to 73.

„ 15 ...	„ „ clauses 76,77	.....
Sections 16 to 23 ...	„ „ „ 78 to 84.	.....
Section 23 ...	*Cf.* clause 3 (3) and (5) ..	The definition of "lunatic" is taken from s. 341 of the English Lunacy Act, 1890. The last clause of the section is covered by the General Clauses Act, 1897.
	III.—The Indian Lunatic Asylums Act, 1858 (XXXVI of 1858).	
Section 1 ...	Reproduced in clause 85...	"Subject to the control" is substituted for "with the sanction". The words "within the limits of the said Government" are omitted as superfluous.
Section 2, first paragraph.	*Cf.* clause 92 (*d*) ...	.....
„ 2, second paragraph.	Reproduced in clause 26	.....
„ 3 ...	„ „ 27 ...	.....
„ 4, first paragraph.	„ „ 13 (1)	.....
Section 4, remaining part.	„ „ 14 ...	Slightly re-drafted and amplified; a definite provision for a bond being substituted for the somewhat vague provision about an undertaking. Specification of asylum and reference to asylum at the Presidency omitted see Home Department draft clause 16.
Section 5, first and second paragraphs.	Reproduced in clause 15...	.....
„ third paragraph.	Reproduced in clause 13 (2).	.....
Section 6 ...	Reproduced in clause 17...	.....
„ 6-A (1), (2) ...	*Cf.* clauses 16, 17 ...	Clause 16 (2) limits the period of detention under each order to ten days and the proviso extends the aggregate period of detention to thirty days.
„ 6-A (3) ...	*Cf.* clause 92 (*b*) ...	.....
Section 7, first paragraph.	Omitted, *cf.* clause 4 ...	Uniform procedure for admission of lunatics not so found into asylums under reception order on petition provided for Presidency-towns and other places; see clauses 5 to 10; for the admission into asylum of lunatics so found in the Presidency-towns provision is made in clause 23 (*a*) of the Bill.

Table showing disposal of enactments proposed to be repealed—contd.

Enactment proposed to be repealed.	How dealt with in Bill	Remarks.
III.—The Indian Lunatic Asylums Act, 1858 (XXXVI of 1858)—contd.		
Section 7, second paragraph.	*Cf.* clause 11 ...	The clause is not limited in its application to Presidency-towns; "person in charge of the asylum" is substituted for "visitors or manager."
„ 8 clause 1 ...	*Cf.* clause 4 ...	The clause extends to Presidency-towns as well as to other places and substitutes "reception order" for "order of the Civil Court".
„ 8, „ 2 ...	*Cf.* clause 23 (b) (i) ...	The clause in the Bill does not expressly require the calling in of a Medical Officer; specific mention of the asylum established for the division is omitted as superfluous.
„ 8, „ 3 ...	Omitted	This clause evidently provides for lunatics not so found; for them the Bill provides the procedure of admission under reception orders on petition: see clauses 5 to 10.
„ 8, „ 4 ...	*Cf.* clause 24 ...	The clause of the Bill applies to the case of all lunatics so found, whether by a High Court or a District Court. The expression "cost of maintenance" includes all the items mentioned in the clause of the Act: see clause 3 (2) of Bill. The provision for recovery of the cost is amplified. "Person in charge of the asylum" is substituted for "visitors or manager".
„ 9 ...	*Cf.* clause 29 ...	The saving of other laws contained in the opening words of the section is covered by the proviso. The clause is expressly made to provide that the person detained shall be discharged upon the order being made; this brings the wording into line with that of section 10 of the Act.
„ 10 ..	Reproduced in clause 31 ..	Slightly re-drafted; a definite provision for a bond is substituted for the somewhat vague provision about an undertaking.
„ 12 ...	„ „ 25...	Slightly re-drafted, as the Bill proposes to omit the provision about reception under medical certificate contained in section 7 of Act XXXVI of 1858.
„ 13 ...	„ „ 33 ..	"Person in charge" substituted for "manager."
„ 14 ...	*Cf.* clause 87 (1) ...	"Person in charge" substituted for "manager."
Section 15, first paragraph. ...	Reproduced in clause 89, 90 (1).	
Section 15, second paragraph. ...	Reproduced in clause 90 (2).	
Section 15, third paragraph. ...	Reproduced in clause 88...

„ 471 (3) ...	*Cf.* clause 32 (2) ...	Re-drafted to meet the point in Home Department Pros. (Medical) January, 1903, Nos. 46 and 47.
„ 472 ...	Reproduced in clause 28 (1).	"Magistrate or Court" substituted for Local Government.

II

Statement showing alterations proposed to be made by Bill in the existing law.

Clause of Bill.	Existing law.	Remarks.
Clause 1 ...	...	Short title and extent.
2 ...	Act 36, 1858, section 17 ...	The provisions of Act 36, 1858, are reproduced in Part II and Chapters VI and VII of the Bill; no saving seems to be required in respect of the provisions contained in Chapters VI and VII.
Clause 3 (1) ...	...	*See* Act 36, 1858, section 1.
„ „ (2) ...	...	*See* Act 36, 1858, sections 7, 8, clause 4.
„ „ (3) ...	Act 35, 1858, section 23...	
„ „ (4) ...	...	
„ „ (5) ...	Act 36, 1858, section 18 ...	
„ „ (6) to (11) ...	...	
„ 4 ...	Act 36, 1858, sections 7, 8.	This clause is adapted from section 4 (1) of the English Lunacy Act, 1890.
„ 5 ...	Act 36, 1858, section 8, clause 3.	The Bill proposes to abolish the special provision for Presidency-towns contained in Act 36, 1858, section 7, under which a lunatic in a Presidency-town not so found may be received and detained in a lunatic asylum on an order by a private person accompanied with the requisite medical certificates. Outside Presidency-towns no person who is not a criminal lunatic or a wandering or dangerous lunatic or a lunatic not under proper care and control, can under the existing law be received into a lunatic asylum until he has been found by the District Court on inquisition to be a lunatic. Clause 5 of the Bill provides a uniform procedure for the reception and detention in a lunatic asylum under a reception order made by a Magistrate applicable to the case of any person, not being a criminal lunatic or a lunatic so found, whether within or outside a Presidency-town. Sub-clauses (2) and (3) are new; the former is adapted from section 7 (4) of the English Act.
Clauses 6 to 10 ...	...	These provisions are new and are adapted from sections 6, 7 of the English Act.
Clause 11 ...	Act 36, 1858, section 7, 2nd paragraph.	This clause applies both within and outside Presidency-towns; the person in charge of the asylum is substituted for the visitors or manager of the asylum.
„ 12 ...	Act 11, 1877, section 3 ...	No change.
„ 13 (1) ...	Act 36, 1858, section 4, 1st paragraph.	Ditto.
„ 13 (2) ...	Act 36, 1858, section 5, last paragraph.	Ditto.
„ 14 ...	Act 36, 1858, section 4 ...	The Bill proposes to abolish the distinction between asylums at the Presidency and other asylums. In the first proviso to the clause in the Bill provision is made for the taking of a bond instead of a mere undertaking; this is probably not a material alteration in the law.

Statement showing alterations proposed to be made by Bill in the existing law—contd.

Clause of Bill.	Existing law.	Remarks.
Clause 15 ...	Act 36, 1858, section 5 ...	No material change.
„ 16 ...	„ „ „ 6-A.	Period of detention under each order subsequent to the first is proposed to be limited to ten days, and the aggregate period extended to thirty days.
„ 17 ...	„ „ „ 6 ...	The town of Rangoon is proposed to be included.
Clauses 18 to 20 ...	.....	These clauses are new; they are adapted from sections 28 to 30 of the English Lunacy Act.
Clause 21 ...	.....	This clause is new and is adapted from section 35(1) and 3(2) of the English Lunacy Act.
„ 22 ...	.....	The clause is new but it merely states the existing law.
„ 23 (*a*) ...	„ „ „ 7 ...	For an order by any private person the Bill proposes to substitute in all cases an order by the Committee or Master.
„ 23 (*b*) ...	„ „ „ 8, clause 2.	The section of the Act provides for the reception of all lunatics outside Presidency-towns, whether so found or not, and requires in every case an order of the District Judge for such reception; the Bill proposes that outside Presidency-towns a lunatic so found for whom a guardian has been appointed may be received into an asylum on an order to that effect by such guardian accompanied by a certified copy of the order of the Judge that the lunatic is a fit and proper person to be detained in an asylum. For the reception of lunatics not so found provision is made in clauses 5 to 10.
„ 24 ...	„ „ „ 8, clause 4.	The provisions of the Act are extended to the reception of lunatics so found by a High Court. The order for costs is only to be made after the lunatic has been admitted into an asylum. The person in charge of the asylum is substituted for the visitors or manager. The provision for the recovery of costs ordered to be paid is made somewhat more definite.
„ 25 ...	„ „ „ 12	No material change.
„ 26 ...	„ „ „ 2, 2nd para.	No material change.
„ 27 ...	„ „ „ 3 ...	No change.
„ 28 (1) ...	Act 5, 1898, section 472	"Magistrate or Court" substituted for Local Government.
„ 28 (2) ...	„ „ „ 471 (4),	.....
„ 29 ...	Act 36, 1858, section 9 ...	No material change. It is expressly provided in the Bill that on the order being made the person detained should be discharged.
„ 30 (1) ...	.....	This sub-clause is new and is adapted from section 72 of the English Lunacy Act.
„ 30 (2), (3) ...	Act 11, 1877, section 3 (2nd para.), section 7.	No material change.

Statement showing alterations proposed to be made by Bill in the existing law—contd.

Clause of Bill.	Existing law.	Remarks.
Clause 31 ...	Act 36, 1858, section 10	The Bill proposes to provide for the taking of a bond instead of an undertaking; this probably makes no material change in the law.
„ 32 (1) ...	„ „ „ 17-C	No material change.
„ 32 (2) ...	Act 5, 1898, section 471 (3)	Amended so as to authorise the removal of a person from any place where he may be confined, whether the place where he was originally confined or any other place (in the same or any other province) to which he may have been subsequently removed. *See* Home Department Proceedings, (Medical) January, 1903, Nos. 46 and 47.
„ 33 ...	Act 36, 1858, section 13	No material change; "person in charge" substituted fo "manager."
„ 34 ...	.....	This clause is new but it represents the existing law. Act 34 of 1858 applies only to these three High Courts. The jurisdiction in lunacy of the Allahabad High Court is derived from clause 12 of its Charter; it does not extend to natives of India and may be left out of the Bill. See *Jaundha* v. *Court of Wards*, I. L. R. 4 All. 159.
„ 35 ...	Act 34, 1858, section 1	.....
„ 36 ...	„ „ „ 2	.....
„ 37 ...	„ „ „ 3 ...	The first and third paragraphs of the section are omitted; the provisions contained in those paragraphs requiring the inquiry to be ordinarily held by the Court itself (as distinguished from a Judge thereof) and entitling a lunatic to demand an inquiry by the full Court are probably obsolete. Section 13 of the Indian High Courts Act, 1861, and the Charters of the respective High Courts contain ample provision for the disposal of all matters by the Judges either sitting singly or in benches or in chambers. In this view section 7 of Act 34, 1858, is superfluous and is omitted. Under its Charter every Judge of a High Court has all the powers of the Court.
„ 38 (1) ...	„ „ „ 4 ...	No material change; mention of the twenty miles limit is omitted.
„ 38 (2) ...	„ „ „ 5 ...	.....
„ 39 ...	„ „ „ 6 ...	.....
„ 40 ...	„ „ „ 8 ...	.....
„ 41 ...	„ „ „ 9 ...	Reference to report of the Judge is omitted in view of the omission of provision relating to exercise of jurisdiction by a single Judge.
„ 42 ...	„ „ „ 10 ...	The provision relating to cases tried by a single Judge is omitted. The last clause of the section is omitted as superfluous.
„ 43 ...	„ „ „ 12 ...	Reference to report of the Judge is omitted.

STATEMENT OF OBJECTS AND REASONS.

THE bulk of the law relating to the custody of lunatics and the management of their estates in India is at present contained in the following Acts:—

(1) The Lunacy (Supreme Courts) Act, 1858 (Act XXXIV of 1858).

(2) The Lunacy (District Courts) Act, 1858 (Act XXXV of 1858).

(3) The Indian Lunatic Asylums Act, 1858 (Act XXXVI of 1858).

(4) The Military Lunatics Act, 1877 (Act XI of 1877).

(5) The Indian Lunatic Asylums (Amendment) Act, 1886 (Act XVIII of 1886).

(6) The Indian Lunatic Asylums (Amendment) Act, 1889 (Act XX of 1889).

(7) Chapter XXXIV of the Code of Criminal Procedure, 1898.

(8) Section 30 of the Prisoners Act, 1900.

The first three of these Acts are based in great measure on the English Lunacy Regulation Act, 1853 (16 & 17 Vict., c. 70), and the English Lunatics Act, 1853 (16 & 17 Vict., c. 96). These English Acts after frequent amendment are now replaced by the Lunacy Act, 1890 (53 Vict., c. 5), as amended by the Lunacy Act, 1891 (54 & 55 Vict., c. 65). It is in the opinion of the Government of India desirable that the law relating to the custody of lunatics in India should be amended and assimilated with the modern English law on the subject, and the present Bill has been prepared to effect this purpose. Opportunity has also been taken to rearrange and consolidate as far as possible the whole law relating to lunatics.

3. The provisions of section 30 of the Prisoners Act, 1900, and much of Chapter XXXIV of the Code of Criminal Procedure, 1898, cannot be conveniently inserted in any general Lunacy Act, and they have therefore been left untouched. Sub-sections (2) and (3) of section 471 and the whole of section 472 of the Code of Criminal Procedure, which merely regulate the places in which criminal lunatics may be confined and prescribe the manner in which such lunatics are to be visited, have, however, been incorporated in the present Bill.

4. All changes of any importance made by the Bill are specified in the *Notes on Clauses* annexed, and the tables attached to the Bill show in detail the amendments proposed to be made in the law and the manner in which each section of the Acts now in force has been dealt with. The main features of the Bill are noted below.

5. Chapter II deals with the confinement of lunatics in asylums on reception orders and covers much the same ground as the Lunatic Asylums Act, 1858. In so far as such reception orders can be made otherwise than on petition, the law is left practically unchanged.

6. Sections 4 to 11 and 18 to 20 however make a considerable change in the law. At present the confinement of lunatics in asylums on the application of relatives and friends can be effected as follows:—

(*a*) In Presidency-towns, by an order under section 7 of the Lunatic Asylums Act, 1858, (1) after the person whom it is desired to confine has been found to be a lunatic by inquisition, or (2) accompanied by the medical certificates specified therein; an order under section 7 of the Lunatic Asylums Act, 1858, can only be made for the confinement of a lunatic in an asylum in a Presidency-town and

(*b*) outside the Presidency-towns, only by an order of the Civil Court.

7. Under the present Bill the procedure prescribed by section 7 of the Lunatic Asylums Act, 1858, has been changed, and where application is made for the confinement of a lunatic (not being a lunatic so found on inquisition) in an asylum the application must be made by petition to a Magistrate and a reception order can only be made by him. The distinction between asylums in Presidency-towns and asylums outside such areas has given rise to administrative difficulties and inconveniences and serves no useful purpose. It has therefore been discarded.

8. It will be observed that under the Bill reception orders on petition can only be made in Presidency-towns, and in this particular the provisions of Act XXXVI of 1858 have been followed. Local Governments can, however, apply the provisions of the law regarding such reception orders to areas outside the Presidency-towns.

9. The procedure prescribed for the issue of reception orders is based on the English Lunacy Act, 1890. The manner in which medical certificates are to be given and the method of examination are carefully prescribed in the Act, and every care has been taken to prevent the improper confinement of any person in an asylum on a false allegation of lunacy.

10. Chapter IV is a reproduction with slight verbal changes of the present Lunacy (Supreme Courts) Act, 1858.. It is probable that substantial amendments bringing the law and procedure more into accordance with the modern English law may be desirable, but the Government of India do not think it expedient at present to make any change in this part of the Bill until the High Courts concerned have been consulted.

11. Chapter V deals with lunacy proceedings in District Courts and embodies with slight changes the existing law as contained in Act XXXV of 1858. It may possibly be desirable at a later stage to assimilate as far as possible the procedure in the District Courts to that which may be finally adopted for the High Courts. Doubts have been expressed whether that Act empowers a District Court to issue orders for the detention of a lunatic in an asylum (see *In re Joga Kuar*, I. L. R. 30 Cal 973) This question has now been set at rest by the provisions of clause 70 (1) which is taken from the English Lunacy Act, 1890.

12. Chapter IX is new but contains little that is not sufficiently explained in the *Notes on Clauses*. Special attention may, however, be drawn to clause 94 which penalises the detention of lunatics in asylums in contravention of the Act and also the detention for payment of lunatics or alleged lunatics in unlicensed institutions. This clause is based on section 315 of the English Act. This clause does not prohibit the detention of lunatics by their relatives or in their own houses. The Government of India are, however, of opinion that in the public interest it is desirable that complete control should be exercised over all private institutions where lunatics are confined for payment.

Notes on Clauses.

Clause 1.—The Lunacy Acts at present in force do not extend to the whole of British India, but it is expedient that there should be the same law on this subject throughout the whole of British India, and this present clause has been drafted to effect this purpose.

Clause 3.—The definitions are new, except the definition of the word "lunatic", which is taken from section 18 of Act XXXVI of 1858.

Attention is drawn to the distinction between "a medical officer" and "a medical practitioner." This distinction is of importance in proceedings for the issue of reception orders. Under section 7 of Act XXXVI of 1858, two medical certificates are necessary and one of which has to be granted by a Presidency Surgeon or a Surgeon in the employment of Government.

Clauses 4 and 5 (1) are based on section 4 of the Lunacy Act, 1890. The last sentence of section 4 (1) of the English Act has been omitted as unnecessary.

Clause 6 is taken from section 5 of the Lunacy Act, 1890. It may be noted that any application for an inquisition under Act XXXV of 1858 must at present be verified (see *Bussrutali Chowdhry* v. *Eshan Chander Roy*, V Weekly Reporter, Misc., page 54).

Clauses 7, 8, 9 and 10 are taken from section 6 and section 7 (1) of the English Lunacy Act, 1890. The provisions of section 6 (5) of that Act have been omitted as unnecessary.

Clause 11 is taken from section 7 of Act XXXVI of 1858. Under the existing law, when a lunatic is received into an asylum in a Presidency-town and he has relatives who are bound to support him, the officer in charge of the asylum may refuse to receive the lunatic unless the relatives enter into an agreement to pay for the cost of his maintenance A similar provision has been inserted in the present Bill in the case of lunatics for whose detention in any asylum a reception order is made under clauses 7 and 10.

Clauses 18 to 20 are new and of importance. They are taken from the Lunacy Act, 1890, and contain very necessary directions as to the manner in which and the persons by whom medical certificates are to be furnished.

Clauses 21 and 22 are new. The former is taken from the Lunacy Act of 1890. The intention is to protect persons in charge of asylums who detain lunatics under proper authority.

Clause 23 is based on section 8 of Act XXXVI of 1858. Sub-clause (*b*) (*ii*) of this clause, however, authorises a District Court to make an order for the admission of a lunatic into an asylum without any application by a relative if such a course appears to be necessary.

Clause 24.—By the proviso the Court is authorised to abstain from making any order a to the payment of the cost of maintenance if at any time subsequent to the order of detention it is found that the lunatic and those bound to support him have no means to pay for his maintenance.

Clause 29.—The only change made in the existing law by this clause is the proviso that visitors to an asylum should not make an order for the discharge of criminal or military lunatics.

Clause 30 (*1*) authorises the discharge of any harmless lunatic confined on a reception order made on petition at the written request of the original petitioner. It is taken from section 72 of the Lunacy Act, 1890.

Clause 33 is taken from section 13 of Act XXXVI of 1858 but the wording has been altered to make it clear that a police-officer, though he may himself arrest an escaped lunatic, cannot authorise such arrest by any other person.

Clause 44 is new and is taken from the Lunacy Act, 1890, section 108 (2). It is clear from Act XXXVI of 1858 that the intention of the legislature was to give authority to Courts to make orders for the custody of lunatics so found on inquisition, and this power is now specifically given by this clause. At the same time, when it is unnecessary to make any order for such custody, the Courts are empowered, as in England, to abstain from making any such order Similar powers are given to District Courts under clause 70 of the Bill.

Clauses 65 to 84 reproduce the existing law as contained in the Lunacy District Courts Act with the following changes :—

Clause 70 already referred to specifically authorises District Courts to make orders for the custody of lunatics. Their powers in this respect have been doubted.

Clause 71.—Under the existing law a District Court must appoint a guardian of the person of a lunatic if it appoints a manager of his property. Such an appointment is not necessary if a lunatic is harmless and possibly in some cases if he is confined in an asylum. The clause as now framed authorises a District Court to abstain from making any such order if it is not necessary.

Clauses 77 to 79.—In these clauses, as in clauses 42 and 50 and elsewhere, the words "person related by blood or marriage" have been substituted for the word "relative", as in many instances it is desirable that authority should be given to a person not related to the lunatic by blood to take action under the law.

Clause 82.—In this clause and clause 62 and elsewhere the words "such members of his family as are dependent on him for their maintenance" have been substituted for the word "family" in view of the decision of the Calcutta High Court in the case of *Chandrabati* v. *Mauji Lal*, I.L.R. 23 Cal. 512.

Clause 95 provides a procedure for the realization of any sum due under bonds executed under the provisions of the Act.

Clause 96 reproduces section 335 of the English Lunatic Act, 1890. Its object is to provide an inexpensive procedure for the payment of pensions, etc., to Government officers who have become insane.

Clause 99 provides for the case of lunatics detained under proper authority prior to this Bill becoming law. The first sub-clause is based on section 336 of the English Lunacy Act of 1890.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 18th September 1911:

No. 19 OF 1911.

A Bill further to amend the Indian Post Office Act, 1898.

WHEREAS it is expedient further to amend the VI of 1898. Indian Post Office Act, 1898; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indian Post Office (Amendment) Act, 191 .

Repeal of portions of section 7 and the First Schedule of Act VI of 1898.

2. The proviso to sub-section (*1*), and sub-section (*2*), of section 7, and the First Schedule of the VI of 1898. Indian Post Office Act, 1898, are hereby repealed.

Substitution of new sub-sections (*1*) and (*2*) in section 21 of same Act.

3. For sub-sections (*1*), and (*2*) of section 21 of the said Act, the following sub-sections shall be substituted, namely:—

"21. (*1*) The Governor General in Council may make rules as to the transmission of articles by post.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may—

(*a*) specify articles which may not be transmitted by post;

(*b*) prescribe conditions on which articles may be transmitted by post;

(*c*) provide for the detention and disposal of articles in course of transmission by post in contravention of rules made under clause (*a*) or clause (*b*);

(*d*) provide for the granting receipts for, and the granting and obtaining certificates of, posting and delivery of postal articles and the sums to be paid, in addition to any other postage, for such receipts and certificates;

(*e*) regulate covers, forms, dimensions, maximum weights, and enclosures, and the use of postal articles, other than letters, for making communications; and

(*f*) prescribe the fees to be charged for inquiries into complaints regarding the disposal of postal articles."

Amendment of section 23 of same Act.

4. (*1*) In section 23, sub-section (*2*), of the said Act, after the words "in contravention of" the words and figures "section 20, clause (*a*), or of" shall be inserted.

(*2*) In sub-section (*3*) of the same section of the said Act, for clause (*b*) the following shall be substituted, namely:—

"(*b*) any postal article sent by post in contravention of the provisions of section 20 may be disposed of in such manner as the Governor General in Council may by rule direct."

Amendment of section 24 of same Act.

5. In section 24 of the said Act, for the words "Where a postal article, suspected to contain any contraband goods" the words "Except as otherwise provided in this Act, where a postal article suspected to contain any goods of which the import by post, or the transmission by post is prohibited by or under any enactment for the time being in force", shall be substituted.

Amendment of and addition to section 25 of same Act.

6. In section 25 of the said Act, for the words "all such goods found" the words "all postal articles reasonably believed or found to contain such goods" shall be substituted, and to the same section the following shall be added, namely:—

"In carrying out any such search, such officer of the Post Office may open or unfasten, or cause to be opened or unfastened, any newspaper or any book, pattern or sample packet in course of transmission by post."

Amendment of section 26 (*1*) of same Act.

7. In section 26, sub-section (*1*), of the said Act, for the words "shall be delivered to the Government or to an officer thereof mentioned in the order, to be disposed of in such manner as the Governor General in Council may direct", the following shall be substituted, namely:—

"shall be disposed of in such manner as the authority issuing the order may direct."

Amendment of section 35 of same Act.

8. (*1*) In section 35, sub-section (*2*), of the said Act, at the end of clause (*c*) the word "and" shall be omitted, and after clause (*d*) the following shall be added, namely:—

"and

(*e*) provide for the retention and repayment to the addressee in cases of fraud of money recovered on the delivery of any value-payable postal article."

(*2*) After sub-section (*3*) of the same section the following shall be added, namely:—

"(*4*) No suit or other legal proceeding shall be instituted against the Secretary of State for India in Council or any officer of the Post Office in respect of anything done, or in good faith purporting to be done, under any rule made under clause (*e*) of sub-section (*2*)."

Addition to section 48 of same Act.

9. To section 48 of the said Act the following shall be added, namely:—

"or

(*e*) any wrong payment or delay in payment of a money order beyond the limits of British India by an officer of any post office, not being one established by the Governor General in Council."

STATEMENT OF OBJECTS AND REASONS.

Experience has shown that the existing Post Office Act, which was enacted in 1898, fails in certain respects to give adequate powers to the postal authorities to deal with articles posted in contravention of the Act. The present Bill is designed to give such further powers as are required, and at the same time to remove certain obscurities and to remedy such minor defects as have been found to exist. An explanation of the several amendments which it is proposed to make is given in the subjoined *Notes on Clauses*.

Notes on Clauses.

Clause 2.—There are certain isolated localities where the cost of carrying the parcel traffic very considerably exceeds the receipts from such traffic. The object of the amendment is to enable the Post Office to increase rates on parcels in such particular localities, where it is found that the maximum rates allowed under the existing Act are unremunerative. The English Post Office Act fixes no maximum rates for the parcel post. It is considered that the object in view can most simply be attained by erasing the proviso to sub-section (*1*) of section 7. A corollary to this is the erasure of sub-section (*2*) of section 7 and of the First Schedule.

Clause 3.—It is considered advisable to provide for the issue of rules to prohibit the transmission by post of circulars relating to lotteries, and to prohibit or restrict the transmission by post of coin, bullion or any other articles of a specified description. At present there is no prohibition of the transmission of circulars relating to lotteries, although the publication of such circulars is an offence under section 294-A of the Indian Penal Code. The transmission of gold coin or bullion is limited by executive orders, but it is desired to provide expressly for the issue of rules to cover such cases. These objects will be attained by the addition of the new sub-clauses (*a*), (*b*) and (*c*) to sub-section (*2*) of section 21 of the existing Act.

The addition of sub-clause (*f*) has been made in order to make it possible to provide by rule for the imposition of a fee for an enquiry regarding the disposal of a postal article of any class. It has been found that a great deal of labour and trouble is caused to post offices and audit offices by the investigation of complaints relating to unregistered value-payable articles, a large majority of which ultimately prove to be groundless. In the British Post Office an enquiry fee of 2*d.* is charged for each enquiry into the alleged loss or non-delivery of a registered article, on the condition that the fee will be refunded if it is found that the Post Office has been in fault. It is considered advisable to adopt a similar procedure in India with regard to value-payable articles, but the amendment has been so worded as to enable the principle of an enquiry fee to be extended, if necessary, to postal articles of any class.

Clause 4.—The amendment of section 23 (*2*) so as to allow the opening of any newspaper, book, pattern or sample packet suspected to have been sent in contravention of section 20 (*a*) of the Act is necessary to render the prohibitions laid down under section 20 effective. The necessity for this amendment arose from the powerlessness of the Post Office to stop the circulation of an extremely indecent pamphlet recently published, inasmuch as the Act does not allow the postal authorities to open any article suspected to have been sent in contravention of section 20. In the United Kingdom the Post Office has the power to open any postal article to ascertain whether it contains indecent matter, but it is considered that in India the opening of newspapers and book, pattern or sample packets only should be permitted for this purpose. Letters and parcels will not be affected.

The provisions of section 23 (*3*) (*b*) of the existing Act are not satisfactory. Under them the Post Master General is constituted the authority which shall decide whether an article is or is not indecent or obscene, or whether words written thereon are or are not seditious. It is considered advisable to relieve the postal authorities of this responsibility, and to substitute a provision enabling the Governor General in Council to make rules for the treatment of articles which are considered by the postal authorities to have been sent in contravention of section 20.

Clause 5.—The absence of any definition of "contraband goods" in the existing Act has been repeatedly felt, and it is proposed to substitute a defining phrase, making it clear that the provisions of section 24 are applicable to goods of which the import or transmission by post has been prohibited under the Excise, Opium or other laws.

Clause 6.—This clause makes an addition to section 25 of the Act to make it clear that the power to search conferred by that section includes the power to open or unfasten any newspaper or any book, pattern or sample packet in course of transmission by post suspected to contain goods of any specified description, with respect to which a notification has been published under section 19 of the Sea Customs Act, 1878. The present law leaves it doubtful whether the power to search includes the power to open, although it has indeed been held to include the power to open any postal article. It is desirable to make the law definite on this point, and at the same time to limit the power to open specifically to newspapers, book, pattern

or sample packets. The power will not extend to letters and parcels, although the postal authorities will have power to hand over unopened to the Customs authorities postal articles which they are not permitted to open, but which they have good reason to believe to contain prohibited goods. A further defect in the existing law is that it empowers the postal authorities to deliver to such officer as the Governor General in Council may appoint only the goods found and not the postal articles containing the goods.

Clause 7.—This clause amends the last words of section 26 (*l*) by providing that the order for the disposal of intercepted articles should be passed by the authority sanctioning their interception. At present while a Local Government or an officer specially authorised in this behalf by the Governor General in Council can order the interception of a postal article, the directions as to its disposal have to be issued by the Governor General in Council. This procedure is cumbrous and unnecessary, and it is considered that the Local Government or the officer empowered to intercept postal articles should be authorised to dispose of them.

Clause 8.—As the law stands, it is illegal to withhold from the sender of a value-payable article payment of the money received from the addressee, even if the article may have obviously been sent to defraud the addressee. It is necessary that there should be some provision enabling the Post Office to withhold payment in such cases, and the object of the amendments introduced by clause 9 is to enable the Governor General in Council to make rules authorising a Post Master General—

(1) to withhold the payment to the sender of a value-payable article of the money received from the addressee, if the latter complains, immediately on receipt, that the article was sent fraudulently, and if there are good grounds for believing such complaint to be justified, and

(2) to order the return of the value-payable article to the sender and the refund to the addressee of the money received from him, if the Post Master General is fully satisfied, after enquiry has been made, that the article was fraudulently sent.

Clause 9.—The object of this clause is to exempt the Secretary of State from liability in cases of wrong payment, or delay in payment, beyond the limits of British India of a money order issued by the Post Office of India. The necessity for the amendment has been established by a recent judgment against the Secretary of State in a case where it was admitted that payment had been made to the wrong person through no fault of the Indian Post Office but owing to a want of care and caution on the part of a foreign Post Office.

APPOINTMENT OF A COMMITTEE TO ADVISE ON THE SELECTION OF DRAWING BOOKS FOR USE IN SCHOOLS AND ON OTHER MATTERS TOUCHING ON ART.

GENERAL DEPARTMENT—EDUCATION.

Dated Calcutta, the 7th October 1911.

RESOLUTION—No. 3892.

READ—

Letter from the Director of Public Instruction, Bengal, No. 14968, dated the 5th September 1911.

IT has been brought to the notice of Government that it is not practicable to provide, in the constitution of the existing Text-Book Committees, for the appointment of members having special knowledge in matters of Art. At the same time as Drawing is included in the curriculum of the standards prescribed for primary, secondary and other schools, it is desirable that there should exist a Committee competent to advise the Education Department not

merely on the selection of Drawing books for use in schools, but also on other matters touching on Art. The Lieutenant-Governor in Council is therefore pleased to approve of the formation of a Committee consisting of the members named in the margin as an experimental measure for a period of three years. The primary function of the Committee will be to advise the Director of Public Instruction with regard to the selection of Drawing books for use in schools, but the Director of Public Instruction will be at liberty to consult the Committee with regard to other matters touching on Art in which the Department may be concerned. The Director of Public Instruction is also authorised to fill by appointment, at his own discretion, any vacancies on the Committee which may occur during the experimental period of three years. He is requested to report in due course whether the results of the experiment are sufficient to justify the retention of the Committee on a permanent basis after the expiry of this period.

PRELIMINARY FORECAST OF THE INDIGO CROP OF BENGAL, 1911.

(On an average of the five years ending 1909-10 the area under indigo in the territory to which this forecast relates represents about 37·9 per cent. of the total area under indigo in British India.)

Explanatory.—With the exception of a few acres in Nadia, indigo is cultivated only in Bihar districts, chiefly in North Bihar and Purnea.

Character of the season.—Sowings began at the normal time, and in the early part of the season until June last weather conditions were generally favourable. The defective rainfall in July and excessive rain in August considerably affected the outturn from second cuttings in the important districts of North Bihar. Injury by insects was caused in Champaran and Muzaffarpur.

Area sown.—The area sown this year is estimated at 108,700 acres against 117,000 acres, the revised figures for last year.

Outturn.—In the important districts the percentage outturn of the crop has been reported as follows:—

	Per cent.
Champaran	85
Muzaffarpur	96
Darbhanga	75
Purnea	67
Saran	92
Monghyr	62

The outturn of the crop in North Bihar and Monghyr works out to 85 per cent., and in other minor districts in

Bihar and Bengal to 72 per cent. The estimate for the whole Province is 84 per cent. of a normal crop. According to the District Officers' estimate the total yield of the crop for the Province as a whole works out to 24,315 factory maunds.

According to the estimate of Messrs. Moran and Company the outturn of the indigo crop this year is likely to amount to 24,000 factory maunds.

DEPARTMENT OF AGRICULTURE, BENGAL.

FIRST FORECAST OF THE WINTER RICE CROP OF BENGAL, 1911.

(On an average of five years ending 1909-10, the area under winter rice in the territory to which the forecast relates represents about 26·5 per cent. of the total area under winter rice in British India.)

Character of the season.—The rainfall in April and May, though defective, was sufficient for the preparation of seed-beds and for ploughing. The monsoon arrived a few days before the normal date, but the advance was of a temporary nature. In June the rainfall was slightly defective in Midnapore, Hooghly, Howrah, 24-Parganas, Khulna and Saran, but it was above the average in the rest of the province. The rainfall in July was insufficient in many districts, and transplantation was delayed in consequence. In the early part of August there was good and sufficient rain in many districts, and satisfactory progress was made in the work of transplantation. The rainfall, however, was insufficient in the districts of Hooghly, Howrah, Cuttack and Balasore. In Cuttack and Balasore there were good showers in the beginning of September, and prospects improved considerably in these districts. The rainfall in September has been generally favourable in most of the remaining districts for the growth of the crop.

Area sown.—The total area sown with winter rice this year is estimated at 19,176,800 acres against 20,917,400 acres of last year. The normal area under the crop is returned as 19,932,100 acres. The decrease in the area sown this year is due to want of sufficient rain during the season for transplantation.

Outturn.—From the summary of the district returns appended to this report, it will be seen that seven districts report more than a normal crop, viz., Bhagalpur (118 per cent.), Muzaffarpur (117 per cent.), Darbhanga and Sambalpur (112 per cent. each), Champaran (104 per cent.), Saran (102 per cent.), and the Sonthal Parganas (101 per cent.). Twelve districts report crops between 90 and 100 per cent., four districts between 80 and 89 per cent. and six districts between 70 and 79 per cent. In the remaining four districts the outturn of the crop is reported as follows:—Howrah (55 per cent.), Hooghly and Singhbhum (50 per cent. each), and Balasore (39 per cent.) According to the district officers' estimate the provincial outturn works out to 91 per cent. of the normal.

The weather and rainfall have been favourable except just about sowing time in the south of the district where the rain held off and caused a little temporary anxiety. The condition of the crop is fair. The sowings have been late in the south of the district. The crop is expected to be equal in comparison with that of the last year. The cause of decrease in the area is due to the decrease in the reported cultivation of winter rice in the Chuadanga subdivision. Last year's figures for Chuadanga subdivision are reported to be inaccurate.

A break in the rains during June and July caused anxiety, but it ended in time to allow of transplantation. The condition of the crop is fair. The sowings were late as there was no seasonable rainfall at first. The transplantation was also delayed on account of the absence of early rainfall. The crop is expected to be early normal. The decrease in the area sown is due to the absence of rainfall at the time of scattering seeds and consequent shortage of seedling for transplantation. "

Rhanglpur	Sadar	897,078	824,100	250,000	250,000	260,000	110	125	Acres.		Acres. 131,446	1st June	The weather and rainfall are favourable for the growth of the crop. The condition of the crop is good. The sowings were normal. The crop is expected to be better than that of last year. Owing to heavy rains in the early part of the season some lands which are usually put under *bhadoi* crops became unfit for *bhadoi* cultivation and were put under winter rice. The weather and rainfall conditions have been favourable for the growth of the crop, but more rain is badly wanted in many tracts for transplantation which has been retarded for want of rain. The condition of the crop is fair. The sowings were early in some localities and normal in others. If the rainfall be sufficient the crop is expected to be better than that of last year. Increase in the area sown has occurred in the *Aman* subdivision where *Aghani* paddy has been transplanted on jute and *bhadoi* lands. The weather and rainfall have been favourable. The condition of the crop is good. The sowings were normal.

Excessive rain at the sowing time interfered with more extensive cultivation, and a month's drought following on it made the situation worse. With the welcome of rain since the last week of July the situation has been appreciably altered for the better, and unless rain holds off now altogether the prospects will be quite good. DECLARATION.

No. 2948J.—The 13th October 1911.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Surataur Branch and for such sidings of the East Indian Railway as lies between mile 172, feet 3,977, and mile 172, feet 4,981, and whereas coal mines are situate under the said land, and whereas Babu J. R. Agarwala has given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that he intends to work No. 10 seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Babu J. R. Agarwala has agreed not to work and get minerals underlying the land acquired for his siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum.

Now therefore, the Lieutenant-Governor of Bengal in Council is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Babu J. R. Agarwala in the manner and subject to the restrictions below specified, viz.:—

(*a*) On the north of the line A B no coal shall be worked beneath the acquired land.

(*b*) On the south of the line A B and on the east of the line C D galleries may be driven not less than 52 feet apart, centre to centre, leaving solid pillars of coal 40 feet square for the support of the acquired land. These galleries shall be driven on the floor of the seam only, and shall not exceed 12 feet in width and 12 feet in height.

(*c*) On the west of the line C D galleries may be driven in two sections of the seam. In the upper section the roof of the galleries shall be the shale above the seam, and in the lower section the floor of the galleries shall be the floor of the seam. Such galleries shall not exceed 12 feet in width and 10 feet in height and shall not be less than 52 feet apart, centre to centre, leaving pillars in each section 40 feet square for the support of the acquired land.

(*d*) Manholes not exceeding 6 feet high by 3 feet wide by 4 feet deep may be made where required by any rule made under the Indian Mines Act, 1901.

(*e*) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.

(*f*) This declaration applies to No. 10 seam only and to the area edged with pink on the plan, and Babu J. R. Agarwala shall give notice, under section IV of the Land Acquisition (Mines) Act, 1885, of his intention to work any other seam under such area, or to work coal under any other area of acquired land.

The plan marked L A M A, No. 171A, signed by the Chief Inspector of Mines, may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

MIS. PUB. IMPROVEMENTS.

The 16th October 1911.

No. 3 M.P.I.—The following conditions under which electrical apparatus will be received for examination and testing at the Government of Bengal Electrical Laboratory at No. 1, Hurrish Chander Mukerjee's Road, Bhowanipur, Calcutta, are published for general information.

B. K. FINNIMORE,
Secy. to the Govt. of Bengal.

1. The Government of Bengal or the Officer in charge of the Laboratory will not be responsible for any damage to any apparatus, nor for any loss sustained in consequence of the time that may elapse before it is removed from the Laboratory.

2. Apparatus will be received at the Laboratory for testing between the hours of 10 A.M. and 2 P.M on week days, and must be delivered at, and removed from, the Laboratory free of cost to Government. In every case such instruments must be accompanied by an application in a form obtainable from the Officer in charge of the Laboratory.

3. Instruments will not be received which are not plainly marked with the name of the manufacturer and an identification number.

4. Every instrument submitted must be provided with suitable terminals or leads, so that it can be readily connected to the testing circuit without soldering.

5. All fees for testing shall be paid by the applicant to the Officer in charge of the Laboratory, 1, Hurrish Chander Mukerjee's Road, Bhowanipur, Calcutta.

6. Apparatus will not be allowed to leave the Laboratory until all money due for fees or other charges incurred has been paid.

7. The following scale of fees has been approved by the Government of Bengal:—

A. Electricity meters, continuous current, watt-hour or ampere hour type, not exceeding 750 volts and 750 amperes; testing at quarter, half and full load single meters, Rs. 15,

MARINE DEPARTMENT.

The 17th October 1911.

No. 103 Marine.—In exercise of the powers conferred upon him by sections 51 and 51A of the Inland Steam-vessels Act, 1884, as amended by the Indian Steam-ships Law Amendment Act, 1890, and with the sanction of the Governor-General in Council, the Lieutenant-Governor in Council is pleased to make the following addition to the rules for the protection of passengers in river steamers against the spread of plague and other dangerous epidemic diseases by persons travelling in such steamers, which were published under this Department Notifications Nos. 16 Marine, 78 Marine and 136 Marine, dated the 5th March 1907, the 13th July 1908 and the 17th November 1908, respectively.

The additional rule should be numbered as rule No. 1 and the numbering of the existing rules altered accordingly.

Additional rule.

Whenever it appears to the Magistrate of the district or the Subdivisional Magistrate, within whose jurisdiction any ghat is situated at which steamers call, that by reason of the existence of an epidemic in the neighbourhood of such ghats, there is danger of passengers suffering from the said epidemic, being taken on board a vessel, he shall, *in consultation with the Civil Surgeon of the district*, depute a medical officer to inspect and pass all the passengers embarking at the ghat in question, and no passenger may embark without being so examined and passed.

NOTIFICATION.

The 13th October 1911.—In exercise of the power conferred on the Commissioners of Divisions under section 139 of the Bengal Local Self-Government Act III of 1885, as amended by section 61 of Bengal Act V of 1908, the following Bye-laws adopted by the District Board of Balasore at their special meeting held on the 11th September 1911 are hereby confirmed by me.

J. CLARK,
Commissioner of the Orissa Division.

BYE-LAWS ADOPTED BY THE DISTRICT BOARD OF BALASORE UNDER SECTIONS 139 AND 140 OF THE BENGAL LOCAL SELF-GOVERNMENT ACT OF 1885 (BENGAL ACT III OF 1885).

Definitions.

Definitions.

1. In these bye-laws, unless there is anything repugnant in the subject or context,—

I of 1871.

(*1*) the word "cattle" has the same meaning as in the Cattle-trespass Act, 1871;

Bengal Act III of 1885.

(*2*) "reserved tank or well" means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, *khal* or other channel so set apart; and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well," or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition; and

(*3*) the "slopes" of a reserved tank or well include all places from which water can flow directly into such tank or well; and

(*4*) "road" means a road vested in, or under the control and administration of, the District Board or a Local Board; and includes—

(*a*) a village road;

(*b*) the slope, berm, borrow-pits and side-drains of a road; and

(*c*) all land vested in, or under the control and administration of, the District Board or a Local Board, and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road.

2. (*1*) No person shall encroach on any part of a road by cultivating crops thereon.

(*2*) No person shall, on any road,

by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

(*a*) Without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, make or cause any encroachment, or

(*b*) obstruct traffic, or

(*c*) cause any inconvenience to passengers, or

(*d*) hinder or impede the flow of water.

Sale, collecting or gathering of articles in vicinity of road.

3. No person shall expose or place any article for sale in any bazaar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road so as to interfere with the traffic of the road.

Cutting of plants, trees or hedges obstructing road or drain.

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain,

shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, cut down, prune or trim such plants, trees or hedges within the period, and in the manner, prescribed in such notice.

Damage to bridges, culverts or causeways on road.

5. (*1*) No person shall destroy or damage or cause to be destroyed or damaged, any bridge, culvert or causeway built on or across any road.

(*2*) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(*3*) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

Damage to fences, posts, soil, turf or grass on road.

6. No person shall—

(*a*) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road; or

(*b*) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

Channel across road.

7. (*1*) No person shall cut a channel, or convey water by a channel, across a road, except with the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, and in such manner as he may prescribe.

(*2*) Any person who has been permitted by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition.

(*3*) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public.

SECOND REPORT ON THE COTTON CROPS OF BENGAL, OCTOBER 1911.

[On an average of the five years ending 1909-10 the area under the cotton crop in the territory to which this forecast relates represents about 0·8 per cent. of the total area under cotton in India.]

Explanatory.—This report deals with the progress of sowings and with the condition of the standing crop since the publication of the first report in August last.

Character of the season.—The early crop is most important in Ranchi, where it covers about half the total area under the crop in the province. The less important districts are the Sonthal Parganas, Angul, Manbhum and Singhbhum. The weather conditions have been generally favourable in these districts. The late crop is chiefly cultivated in North Bihar, Cuttack and Singhbhum. Fair progress has been made in sowings of the late crop. In Bankura,

Cuttack and Balasore sowings have not commenced as yet. The condition of the standing crop is reported to be favourable. In parts of Saran and Darbhanga, however, the crop was damaged to some extent owing to heavy rain.

Area sown.—The area sown with early cotton is reported to be 60,037 acres against 34,614 acres of last year. The large difference is due to the revision of figures in Ranchi in the light of the recent survey figures. Up to date, 27,907 acres have been sown with the late cotton crop. Last year's area under the crop was 33,388 acres.

W. B. HEYCOCK,

Director of Agriculture, Bengal.

Not available	15th June	The condition of early crop is not good owing to the weather and rainfall being somewhat unfavourable at the sowing time. The crop is expected to be worse than that of the preceding year. The decrease in the area sown in case of the early variety is due to scanty rainfall in the sowing season. The sowing of the late crop has not yet commenced.

Champaran ...	Early cotton	143	188	1871	1871	2,249,240	1894 to 1899	2,904	March to June		The weather and rainfall were favourable. The condition of the crop is good. The date of sowing was early in the Sadar subdivision, but normal in the British subdivision. The sowings have been completed. The crop is expected to be better than that of last year. The increase in the area sown in respect of late cotton was in the British subdivision owing to seasonable rainfall at the sowing time and the decrease in case of early cotton was due to deficient rainfall in the beginning of the year and subsequent halcyons.

Municipal and Local.

NOTIFICATION.

No. 1052 T.M.—The 19th October 1911.—In exercise of the power conferred by clause (*c*) of section 641 of the Calcutta Municipal Act, 1899 (Bengal Act III of 1899), the Lieutenant-Governor in Council is pleased to extend to the town of Howrah the portions of that Act which are set forth in the Annexure hereto, subject to the modifications and restrictions therein, which are shown, as far as possible, in antique type.

Howrah.

H. WHEELER,
Secretary to the Government of Bengal.

ANNEXURE

PART II—CONSTITUTION AND GOVERNMENT.

CHAPTER II.—MUNICIPAL AUTHORITIES.

Delegation of certain of Chairman's functions to municipal Officers.

18. (*1*) The Chairman may, by general or special order in writing, delegate to any municipal officer any of the Chairman's powers, duties or functions under this notification or any rule made thereunder:

Provided that, when the Chairman by any order made under this section delegates to any municipal officer any power or duty which is exercisable or is required to be performed subject to the approval or with the sanction of the Commissioners in meeting the Chairman shall send a copy of such order to the Commissioners in meeting.

(*2*) The exercise or discharge by any municipal officer, of any powers, duties or functions delegated to him under sub-section (*1*) shall be subject to such conditions and limitations (if any) as may be prescribed in the said order, and also to control and revision by the Chairman.

PART IV.—TAXATION.

CHAPTER XII.—RATES.

Assessment of Buildings and Land.

Assessment of annual value, and duration of assessment.

152. All valuations of buildings and lands situated in the districts mentioned in column 1 of Schedule VII (annexed hereto) which have been made by competent authority and are in force at the date of the extension of this section to the town of Howrah shall remain in force for the periods terminating on the dates respectively prescribed in that behalf in column 2 of that Schedule; and the annual value at which

buildings and lands in each such district are to be assessed after the date so prescribed shall be fixed by the Chairman for a period of five years, and thereafter for successive periods of five years

CHAPTER XIV.

Tax on Professions, Trades and Callings

Licenses to be taken out annually.

198. Every company or association or body of individuals which exercises in Howrah either by itself or by an agent, any profession, trade or calling whatsoever, and

every person who exercises in Howrah any of the professions, trades or callings indicated in Schedule II (annexed hereto)

shall annually take out a license and pay for the same such fee as is mentioned in that behalf in the said Schedule:

Provided that the Chairman may with the sanction of the Commissioners in meeting—

(*a*) remit or refund any portion of the fee so payable in respect of the exercise of any profession, trade or calling, if he is satisfied that the profession, trade or calling has been exercised for less than half the year only, or

(*b*) when any person is in the Chairman's opinion unable to pay the fee due for a license, exempt him from liability to take out such license or declare that he shall be entitled to take out a license under a lower class than that under which he is chargeable, or

(*c*) in any other case, exempt any person from liability to take out a license or declare that any person shall be entitled to take out a license under a lower class than before.

Grant, contents and duration of licenses.

199. (*1*) Every license mentioned in section 198 shall be granted by the Chairman, and shall specify—

(*a*) the date of the grant thereof;

(*b*) the name of the company, association, body or person to which or to whom it is granted;

(*c*) the profession, trade or calling, and if the license is a local license as defined in rule 2 of Schedule II (annexed hereto), the place of business, in respect of which the license is granted, and

(*d*) the fee paid for the license.

(*2*) Every such license shall have effect and continue in force from the commencement to the end of the financial year on account of which it is granted.

(*3*) The Chairman may at any time grant a license for any previous financial year for which no license has been taken out, on payment of the fee which would have been payable therefor in the first instance; but the production of such a license shall not afford a valid defence if the licensee is prosecuted for failing to take out a license within the time required by such of the provisions in this behalf contained in the Calcutta Municipal Act, 1899, as are in force in the town of Howrah.

Liability and class how to be determined.

200. The liability of any company, association, body or person to take out a license, and the class under which it or he shall be deemed bound to take out a license, shall be determined in accordance with the rules contained in Schedule II (annexed hereto)

Power of Chairman to require list of companies, associations, bodies or persons

201. The Chairman may, by written notice, require the occupier of any building or place of business to forward to him within seven days a list, signed by such person, of the names of all companies, associations or bodies of individuals or persons carrying on any profession, trade, or calling therein, and of their respective professions, trades and callings.

Annual list of licensees.

202. (*1*) As soon as may be after the first day of April in every year, the Chairman shall prepare a list of the companies, associations, bodies and persons licensed for the next preceding financial year under this Chapter.

(*2*) Such list shall contain the particulars specified in section 199, and shall be kept at the municipal office and be open to public inspection at all reasonable times.

PART VIII

CHAPTER XLIII.—RULES

Power to make rules for the amendment of schedule I.

567. (*1*) The Local Government may make rules for altering, adding to, or cancelling any part of Schedule II (annexed hereto).

(*2*) All references, in such portions of the Calcutta Municipal Act, 1899, as are in force in the town of Howrah, to the aforesaid Schedule, shall be construed as referring to such Schedule as for the time being amended in exercise of the powers conferred by sub-section (*1*).

Conditions precedent to the making of rules.

568. The power to make rules under section 567, sub-section (*l*), is subject to the condition of the rules being made after previous publication, and to the following further conditions, namely—

(*a*) a draft of the rules shall be published in the *Calcutta Gazette* and forwarded to the Commissioners in meeting for their opinion ;

(*b*) such draft shall not be further proceeded with until six weeks after such publication or until such later date as the Local Government may appoint.

Publication of rules in Gazette.

570. When any rule has been made under section 567, sub-section (*l*), it shall be published in the *Calcutta Gazette*, and such publication shall be conclusive proof that the rule has been duly made.

PART IX.

CHAPTER XLIV.—PENALTIES.

Disobeying requisition under section 201.

574. Whoever fails to comply with any requisition lawfully made upon him under section 201 shall be punished with fine which may extend to one hundred rupees.

Continuing to disobey requisition under section 201

575. Whoever, after having been convicted of failing to comply with any requisition lawfully made upon him under section 201, continues to neglect to comply with the said requisition, shall be punished for each day after the first, during which he continues so to offend, with fine which may extend to twenty rupees.

Fine for not taking out certain licenses.

578. (*1*) If any company, association or body of individuals or person exercises on or after the first day of July in any year any profession, trade or calling referred to in Chapter XIV, without having the license prescribed by that Chapter, he or it shall be punished with fine which may extend to three times the amount payable in respect of such license, and shall not be less than one-and-a-half times such amount.

(*2*) Such fine, when levied, shall be taken in full satisfaction of the demand on account of such license

44	Pedler, vendor of goods in carts, hawker or box-wallah.		Two rupees.

Licenses to be either personal or local.

2. (*1*) Licenses shall be either personal or local.

(*2*) "Local license" means—

(*a*) a license the classification of which depends on the valuation of the place of business, and

(*b*) a license granted under Class IV, number 22, number 23, number 24, or number 25, Class V, number 33, or Class VI, number 43.

3. No person shall in any case be required to take out more than one personal license, but if any person is liable under different classes he must take out a license under the highest class under which he is liable.

Only one personal license required for each person.

4. When two or more persons carry on business jointly, they may take out a single license as a firm:

Personal license for members of firms.

Provided that, if any of the partners of such a firm exercises any separate profession, trade or calling on his own account or jointly with other partners, he must take out a separate and additional license.

5. A separate local license shall be taken out for each separate place of business:

Local license required for each separate place of business.

Provided that no separate license shall be required for adjacent premises which form one place of business, or for any yards, godowns or factories which are auxiliary to any place of business, but the amount of the valuation of such premises, yards, godowns, or factories shall be included in the computation for determining the class under which the license should be taken out.

6. Where a place of business occupies only a portion of one set of premises and has not been separately valued under Part IV of the Bengal Municipal Act, 1884, the valuation thereof for the purposes of rule 1 shall be the rate *per mensem* at which the same might, in the opinion of the Chairman, reasonably be expected to let.

Valuation of places of business not separately valued under Part IV of the Bengal Municipal Act, 1884.

7. Where any person practises a profession, trade or calling for which a personal license should be taken out, and is also the owner or lessee of a place of business for which a local license should be taken out, he shall, if the Chairman so directs, take out both a personal license and a local license:

When both personal and local licenses required.

Provided that where the place of business is auxiliary to the practice of the profession, trade or calling, only one license shall be required, and such license shall be either personal or local as the Chairman may direct.

8. Where the lessee or owner of any place of business is required to take out a license, the license shall be taken out by the lessee, if any, or if there is no lessee, then by the owner.

Lessee to be licensee.

9. Any person who has taken out a license for the next preceding year, or has been fined under section 578 for not taking out a license during that year, shall, subject to the other provisions of these rules, be deemed to be liable and entitled to take out a license for the current year under the class in which he was then placed.

Continuance of liability in same class.

10. (*1*) Any person who claims a remission or refund under proviso (*a*) to section 198 in respect of any year, must present an application to the Chairman before the first day of July in the next following year.

Time for presentation of applications for remission, etc.

(*2*) Any person who—

(*i*) has taken out a license for the next preceding year or has been fined under section 578 for not taking out a license during that year, and

(*ii*) in consequence of any change in his profession, trade, calling or place of business or for any other reason, claims an exemption or declaration under proviso (*b*) or proviso (*c*) to the said section 198,

must present an application to the Chairman before the first day of July in the current year.

Power of Chairman to issue notices to take out licenses, etc.

11. (*1*) If the Chairman considers—

(*a*) that any person who has not taken out a license in the next preceding year ought to take out a license, or

(*b*) that any person who has taken out a license for the next preceding year, but has not done so for the current year, ought to take out a license under a higher class, or to take out more than one license,

he may serve such person with a notice directing him to take out a license or licenses for the current year under such class or classes as may to the Chairman seem proper.

(*2*) If the Chairman considers that any person who has taken out a license for the current year ought to have taken out a license under a higher class, he may serve such person with a notice directing him to take out a license under such higher class for the next following year.

12. Where any person is summoned for not taking out a license, and service of notice under sub-rule (*1*) of rule 11 is not proved, it shall be incumbent on the Chairman to prove that the person so summoned is liable to take out a license, and to state the class under which he is so liable.

Chairman to prove liability when service of notice not proved.

13. Any person dissatisfied with an order made under proviso (*b*) to section 198, or under rule 6 or rule 7, or with a notice served under rule 11, may appeal to a Bench consisting of not less than three Commissioners who shall be appointed in that behalf by the Commissioners in meeting:

Appeal when to lie.

Provided that no appeal shall lie unless the amount payable for the license, as assessed, has been deposited with the Commissioners at their office or with some person authorised by them to receive the same.

Statement by appellant.

14. Any person who is desirous of appealing under rule 13 must, within fifteen days of the passing of the orders or the service of the notice, as the case may be, present at the municipal office a statement in writing, setting forth the grounds of appeal:

Provided that the Chairman, if he thinks fit, extend the period within which a statement of appeal may be presented.

Finality of order in appeal.

15. The order of the Bench, or, if no appeal is made, the order of the Chairman, shall be final.

CORPORATION OF CALCUTTA.

NOTICE.

CLAUSES 37 and 38 of the bye-laws under section 559 (34) of the Calcutta Municipal Act regulating the use of Municipal slaughter-houses, which were sanctioned by the Local Government in 1903 and are at present in force read as follows:—

Existing clause 37.—All animals brought to a slaughter-house and which are not intended for immediate slaughter shall be kept in pens attached to the slaughter-house until such time as they are required and permitted to be slaughtered, but no animal shall be so kept for more than 48 hours or such shorter period as may be necessary, subject to the provisions of bye-law No. 11 for the purpose of preparing such cattle by fasting or otherwise for the process of slaughtering.

Existing clause 38.—The owner of an animal kept in any pen for any purpose shall bear all charges for its keep, and he shall be allowed to feed it and to employ his own servants, if necessary, for that purpose, and shall obey all orders and directions given by the Superintendent.

The General Committee propose to amend these two clauses to read as follows:—

Proposed clause 37.—All animals brought to a slaughter-house which are not intended for immediate slaughtering shall be kept in special pens attached to the slaughter-house until such time as they are required and permitted to be slaughtered.

Proposed clause 38.—If the owner does not water and feed the animal the Superintendent shall do so and shall realise a charge of four annas per day per head before he permits the animal to be slaughtered. If after ten days the owner does not claim the animal it shall be sold by the Superintendent in order to defray expenses, and if there be any balance after defraying expenses, it shall be paid to the party entitled to claim it.

Notice of the proposed amendments is given in accordance with the provisions of section 565 of the Calcutta Municipal Act. This is in supersession of the notice dated the 27th April 1911 already published giving intimation of the proposed amendment of clause 38.

Objections if any, to the amendments now proposed will be received up to Thursday, the 30th November 1911, after which date the General Committee will proceed further with the draft.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Uncharted rocks and shoals.

No. 474 (first publication).—The President of the Marine Board, Port Adelaide, has given Notice (No. 14 of 1911) that a report has been received through the Prime Minister of the Commonwealth from Captain W. S. Smith with reference to uncharted rocks and shoals off the north-west coast of Australia.

Captain Smith reports that—

"Beagle Bank, marked 15 ft. high, has disappeared, and now marked by a reef covered at high-water springs.

"A reef of rocks from 10 ft. to 15 ft. high at high-water springs, in lat. 10° 46′ S., long. 125° 03′ E. Being dusk I could not make out how far the reef extended, but I could see breakers some distance to the westward. I passed close to on the east side; no bottom at 7 fms., being low water at the time.

"At the entrance to Port George the Fourth a reef, dry at low-water springs, about 1½ miles to the N. W. and W. N. W. of High Bluff.

"On the 20th May 1910, I passed over a shoal about ½ mile in extent in lat. 13° 51′ 30″ S., long. 123° 23′ E. (approx.), probably 6 fms. to 8 fms."

RESOLUTION ON THE REPORT ON THE LAND REVENUE ADMINISTRATION OF THE LOWER PROVINCES FOR THE YEAR 1910-11.

REVENUE DEPARTMENT—LAND REVENUE.

Darjeeling, the 20th October 1911.

RESOLUTION—No. 1886T.—R.

READ—

The report of the Board of Revenue on the Land Revenue Administration of the Lower Provinces for the year 1910-11.

The Land Revenue Department of the Board was administered by the Hon'ble Mr. F. A. Slacke, C.S.I., from the 1st April to the 19th November 1910, from which date there has been only one Member. The Hon'ble Mr. W. C. Macpherson, C.S.I., who had till then held charge of the Miscellaneous Revenue Department, including the Land Acquisition and Partition Branches, administered both Departments of the Board up to the 20th March 1911, when he went on leave and was succeeded by the Hon'ble Mr. R. T. Greer, C.S.I., who held charge up to the end of the year under review.

2. *Demand, Collection, Balances, and Remissions.*—The current demand of the year was Rs. 2,90,03,617, or Rs. 69,166 in excess of that of the previous year. The percentage of total collections on the total demand amounted to 97·31, a figure in excess of those recorded during the three preceding years. The percentages of total collections on current demands and of current collections on current demands, amounting respectively to 99·95 and 97·96, fell short, however, of the previous year's figures, 101·18 and 98·22).

3. *Road and Public Works Cesses.*—The current cess demand shows an increase of over Rs. 1,86,000, due chiefly to valuations and re-valuations and to the assessment of mines and forests; the increase was most marked in the Bhagalpur, Sonthal Parganas and Manbhum districts. The percentage of total collections on the current demand is also satisfactory, being 101·8 as against 99·4 and 98·9 recorded during the two previous years; the good harvests of the year and the consequent ease with which payments were generally made, account for the increase. The only districts in which the collections were considerably below the standard of 100 per cent are Palamau, Ranchi and the Sonthal Parganas. The causes for this call for no comment. The chief features of the administration of the Cess Act during the year were (*a*) the introduction in Hazaribagh district of the new procedure laid down in Chapter II A of that Act, whereby revaluation is carried on in combination with settlement operations, and (*b*) the completion of important revaluations in North Monghyr and South Bhagalpur.

4. *Money orders.*—As compared with the previous year there was an increase of over Rs. 30,000 in the value of land revenue and cesses remitted by means of money orders during the year under review. This improvement is to some extent due to the attempts made by the Postmaster-General, Bengal, in consultation with the Board of Revenue, to popularize the system by removing as far as possible the chief impediments that retard its expansion. It is hoped that, as its advantages become more widely known, the timidity of the public and their aversion to entrust the payments to postal agency will gradually disappear. There was an increase in the number and value of rent money orders during the year under review, with an accompanying increase in the number of money orders refused.

5. *Coercive measures.*—The revenue sale law was administered with the usual leniency and moderation. The number of certificates issued on account of all demands, inclusive of cess, shows a slight decrease from 135,315 to 134,839; the decrease is especially noticeable in connection with the realization of arrears of rent due from Khas Mahal and Ward's Estate tenants, and of demands under section 7(1) of the Public Demands Recovery Act, 1895, other than those specifically mentioned in Appendix IX to the Report. The number of cases disposed of amounted to 135,928 or 79·3 per cent of the total number for disposal, as compared with 138,742 or 79·2 per cent disposed of during the preceding year.

6. *Condition of the raiyats in Government estates and expenditure on improvement and education.*—As the year under review was one of great agricultural prosperity throughout the Province, the condition of the raiyats in the Government estates was, on the whole, most satisfactory, even after allowance is made for the loss of life caused by plague in the districts of the Patna and Tirhut Divisions. The total expenditure on miscellaneous and sanitary improvements rose from Rs. 1,15,456 to Rs. 1,67,871. There was a slight increase in expenditure on education, but that on roads and communications declined from Rs. 1,72,459 to Rs. 1,34,931. As noted in last year's Resolution, the existing system for the allotment of funds for improvements to Government estates has been found to be defective in many respects; the question of the adoption of a new system in its place has not yet, however, been finally settled. A revised scheme, based on a classification of estates according to the nature of the improvements to be carried out, was circulated during the year to all district officers, whose opinions are now under the consideration of the Board of Revenue.

7. *Advances.*—As the year under review was characterised by unusual agricultural prosperity throughout the Province, the expenditure on loans under the Land Improvement and the Agriculturists' Loans Act was very low and amounted to Rs. 89,831 and Rs. 3,18,760, respectively, which are the lowest figures on record since the year 1903-04. Of the total advances of Rs. 4,67,920 and Rs. 29,60,633 made under the two Acts which were recoverable during the year, Rs. 3,60,214 and Rs. 20,03,965, or approximately three-fourths and two-thirds, respectively, of the amounts due, were actually realized. So far as loans under the Agriculturists' Loans Act are concerned, the collections are neither satisfactory as compared with those made during the past year, nor consistent with the general prosperity of the agricultural population. It is satisfactory to observe, however, that the loan transactions of this year resulted in a net profit of Rs. 75,033, against a net loss of Rs. 26,325 during the previous year.

8. *Drainage and Irrigation.*—As in previous years, the most extensive drainage and irrigation operations were conducted in the Presidency Division. Fair progress was made with the Magrahat Drainage Scheme, and it is satisfactory to note that some of the areas covered by the scheme which were previously water-logged have already begun to yield magnificent crops. Extensive projects have also been formulated for the Nadia and Jessore districts.

9. *Partitions.*—There was a slight decrease in the number of partition cases instituted during the year, while the number of disposals remained almost the same as in the preceding year. Only 946 cases were pending at the close of the year, as compared with 991 and 1,024 pending at the close of the two preceding years. It is proposed to amend the Bengal Estates Partition Act, 1897, with a view to simplify the existing procedure which is both dilatory and expensive. The Bill to amend the Act has been introduced in the Bengal Legislative Council, but its further progress has been arrested by the necessity of revising some of its provisions; the opinions of the local officers are being collected on the revised procedure which it is intended to introduce.

10. *Land Registration.*—Mutations have been systematically reported, and the registers have been kept up to date. The number of applications for registration on all accounts was greater during the year under review than during the previous year, and fewer applications were pending at the close of the year.

11. *Sunderbans.*—On the abandonment of the raiyatwari system of settlement of waste lands in the Sunderbans, and on reversion to the old system of granting leases to capitalists, subject to certain safeguards, a set of revised rules for the grant of such leases was drawn up during the year under review and discussed at a Conference composed of the Commissioner of the Presidency Division and certain leading grantees of waste land in the Sunderbans. Their criticisms on the rules and forms of leases are now under the consideration of the Board of Revenue. The Fraserganj Government Estate in the 24-Parganas Sunderbans, with an area of 9,440 acres, was settled during the year with Maharaja Manindra Chandra Nandi of Cossimbazar for a period of 40 years, with effect from the 1st December 1910. The present rent is Rs. 2,500, which will eventually rise to Rs. 30,340 per annum.

12. *Working of the Tenancy Act.*—The Bengal Tenancy Act continued to work satisfactorily. The withholding of rent receipts and the levy of *abwabs* and other illegal exactions have by no means ceased, but it is satisfactory to observe that the extension of settlement operations and the gradual spread of education are having a salutary effect in encouraging the tenants to learn their rights and to resist illegal demands. The Chota Nagpur Tenancy Act, which is as yet imperfectly understood by the aborigines of the Division, and is therefore being cautiously administered, has on the whole yielded excellent results.

13. *Weather, crops, prices of food, wages, material condition of the people, etc.*— The rainfall recorded during 1910-11 was slightly below normal in the Presidency and Chota Nagpur Divisions, but exceeded the normal in the remaining divisions of the province. The harvests were excellent, while, as a consequence of the general increased demand for labour resulting from increased industrial activity throughout the province, wages remained at their former high level. No permanent emigration or immigration was reported during the year, but the usual temporary movements of labour occurred during the harvesting seasons. At the same time, the succession of good crops has caused a general fall in the prices of the staple food crops, while the development of industrial enterprise and competition have lowered the prices of manufactured articles of common use. It can be stated with certainty that the general condition of the agricultural population has reached a comparatively high degree of prosperity.

14. The Lieutenant-Governor in Council thanks the Board for their administration of the Land Revenue Department. The names of officers mentioned as deserving of special commendation have been noted and will be recorded by the Appointment Department.

By order of the Lieutenant-Governor in Council,

J. G. CUMMING,
Secretary to the Government of Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE LATE VARIETY OF THE SESAMUM (*Til*) CROP OF BENGAL FOR THE YEAR 1911.

(On an average of the five years ending 1909-10 the area under *til* in the territory to which this forecast relates represents about 4·8 per cent of the total area under this crop in British India.)

Explanatory.—This forecast deals with the preliminary estimates of the area and outturn of the late variety of the crop.

Character of the season.—The late variety of *til* or sesamum is cultivated chiefly in Sambalpur, where it covers more than one-third of the total area under the crop in the Province. The season has been favourable and the outturn of the crop is reported to be above the normal in this district. It is also important in Chota Nagpur and in Midnapore, Champaran, Bhagalpur, Sonthal Parganas and Angul. The weather conditions have generally been favourable, and the present condition of the crop is reported to be fair to good in most districts. There has been some damage caused by excessive rain in Muzaffarpur, the Sonthal Parganas and Angul Sowings began at the normal time. They are reported to be still going on in Burdwan, 24-Parganas, Nadia, Champaran, the Sonthal Parganas, Angul, Sambalpur and Palamau.

Area sown.—The total area sown up to date is 184,300 acres. Last year's area under the crop was 200,800 acres. The normal area is reported at 249,400 acres.

According to the estimates of the District Officers the outturn of the crop for the whole Province works out to 103 per cent.

W. B. HEYCOCK,

Director of Agriculture, Bengal.

RESOLUTION ON THE REPORTS ON INLAND EMIGRATION FOR THE YEAR ENDING THE 30TH JUNE 1911.

GENERAL DEPARTMENT—EMIGRATION.

Darjeeling, the 23rd October 1911.

RESOLUTION—No. 2233T.—G.

READ—

The reports on Inland Emigration under the Assam Labour and Emigration Act, 1901 (VI of 1901), for the year ending the 30th June 1911, submitted by the Superintendents of Emigration, Calcutta, the Sonthal Parganas, Hazaribagh, Ranchi, Palamau, Manbhum, Singhbhum and Sambalpur.

Read also—

The remarks of the Commissioners of the Bhagalpur, Orissa and Chota Nagpur Divisions on the reports submitted by the Superintendents of Emigration in their respective Divisions.

IN the resolution recorded on last year's reports, it was stated that the ultimate abolition of recruitment by contractors was an ideal to be kept in view but to be attained gradually. In pursuance of this principle, the districts of Howrah and Sambalpur were closed to recruitment by contractors with effect from the 1st August 1910; and in view of the irregularities which are reported to be of frequent occurrence at the chief recruiting centres, Government has at present under consideration proposals for further reducing the area still open to recruitment under Chapter III of Act VI of 1901. One of the chief reasons for the prevalence of abuses at Asansol was the large number of contractors located at that centre and the consequent growth of excessive competition which led to the encouragement of illegal operations. Orders have therefore been issued by Government to the effect that Superintendents of Emigration are at liberty to refuse to issue further licenses in areas in which more than a reasonable number of contractors are found to be working.

2. The number of emigrants of all classes recruited in Bengal, Madras, the Central Provinces, the United Provinces and adjoining Native States, who embarked at Goalundo during the year, was 37,675, as compared with 33,744 in the preceding year. Of this number 7,226 were recruited by licensed contractors and 26,727 by garden sardars of all classes as against 7,021 and 25,447, respectively, in the year 1909-10. The number of emigrants from Native States rose from 1,276 in 1909-10 to 3,722 in 1910-11. Attention was drawn in last year's resolution to the increase which had occurred in the recruitment of Free or Non-Act labourers during 1909-10, as compared with the figures recorded for 1908-09, this year's increase is also worthy of comment and is engaging the special attention of Government in view of the fact that it has taken place in defiance of the prohibitions and restrictions which the Chiefs are known to place upon emigration from their States.

3. Six thousand four hundred and forty emigrants were registered in Bengal under Chapter III, and 2,045 under Chapter IV, as against 5,943 and 2,141 in the preceding year. Of the former class of emigrants, 911 (as against 1,039 in the previous year) were forwarded without being placed on contract and of the latter class 793 (as against 813 in the year 1909-10). Fifty-seven emigrants, as against 94 in the previous year, were recruited by garden sardars holding special permits under section 90, while 11,798 unindentured emigrants were engaged by garden sardars working under the control of appproved Associations as against 11,925 in the year 1909-10. There was a falling off in emigration from the districts of Hazaribagh, Palamau and the Sonthal Parganas, due to better crops and a consequent increase in the local demand for labour. In the districts of Ranchi, Manbhum, Singhbhum and Sambalpur, on the other hand, more emigrants were recruited during the year under review than in the previous year, chiefly owing to the fact that a larger number of sardars was sent down from the labour districts. There was some increase in the number of emigrants recruited under

Chapter III of the Act in the districts of Midnapore, Bankura, Cuttack and the 24-Parganas, but a decrease in the districts of Ranchi, Manbhum, Burdwan, Birbhum and Balasore.

4. The number of licensed contractors, sub-contractors and recruiters working during the year were 24, 4 and 277, respectively, as against 27, 4 and 2?6 in the previous year. The licenses of 10 contractors and 79 recruiters were cancelled during the year for irregularities and misconduct. The total number of garden sardars employed in this province was 9,646 as against 8,507 in the year 1908-09. Of these 1,344 worked under Chapter IV of the Act and 60 held special permits under section 90, while the remaining 8,242 worked under the control of approved Associations. As in the previous year the work of the local agents of these Associations is reported to have been generally satisfactory. In all 38 local agents' licenses were issued during the year, of which four licenses were subsequently cancelled.

5. The number of criminal cases in connection with recruitment fell from 99 in the previous year to 95 in the year under review, and the number of persons convicted was 64 as against 73 in the year 1909-10.

6. The depôts, places of accommodation and rest-houses for emigrants were regularly inspected and maintained in good sanitary condition. No outbreaks of epidemic disease have been reported.

7. There was an improvement in the receipts and a falling off in the charges in connection with the transport of labour to Assam, the figures being Rs. 11,625 and Rs. 20,294, respectively, as against Rs. 10,870 and Rs. 20,860 in the year 1909-10. The increase in the receipts was due chiefly to the fact that a larger number of emigrants was registered under the Act during the year under report than during the preceding year.

8. The thanks of the Lieutenant Governor in Council are due to Dr. C. Banks, to the local officers and to Dr. W. C. Hossack (who acted as Superintendent of Emigration from the 30th March 1911 for their valuable services in the administration of the law.

By order of the Lieutenant-Governor in Council,

J. G. CUMMING,

Secretary to the Government of Bengal.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR SEPTEMBER 1911.

I. *Character of the season.*—During the month under review the rainfall was general over the Province. The fall was above the normal in Chota Nagpur and Bihar (except Champaran, Muzaffarpur, Bhagalpur and Darjeeling) and in Sambalpur, Burdwan, Birbhum, Bankura, Nadia and Murshidabad. It was below the average in the rest of the Province. The excess was well marked in Murshidabad, Patna, Shahabad, Saran and Monghyr. The statement showing the rainfall in different districts is appended.

II. *Progress of agricultural operation.*—Transplantation of winter rice was completed. Weeding of winter paddy and harvesting of *bhadoi* crops continued.

III. *State of standing crops.*—The standing crops were generally doing well. Agricultural prospects improved in Cuttack, Balasore and Manbhum owing to good showers received during the month, but more rain was wanted in Midnapore, Hooghly, Howrah, the 24-Parganas, Jessore, Champaran, Angul and Puri.

IV. *Prospects and probable outturn of harvests.*—Prospects of the *aman* paddy are good so far. The outturn of the *bhadoi* crops has been fair in most districts.

V. *Damage to crops.*—There was no serious damage during the month under report by any natural calamity. Some injury was, however, done to autumn crops by excessive rain in Hazaribagh. Floods did some damage to winter paddy on lowlying tracts in parts of Murshidabad. The newly transplanted paddy was reported to be suffering for want of rain in part of Hooghly. Prospects have improved in this district by the recent rainfall.

VI. *Condition of agricultural stock.*—The condition of cattle was on the whole good. Cases of cattle-disease were reported from Midnapore, 24-Parganas, Nadia, Murshidabad, Patna, Gaya, Muzaffarpur, Darbhanga, Monghyr, Bhagalpur, Purnea and all the districts of the Orissa and Chota Nagpur Divisions except Balasore, Puri and Singhbhum.

VII. *Failure of pasturage and fodder.*—The supply of fodder and water was sufficient throughout the Province except in parts of Murshidabad, where insufficiency of fodder was reported in the early part of the month.

VIII. *Prices of food-grains.*—During the second fortnight of the month under review the price of rice rose in nine and fell in six districts It varied from 9 seers a rupee in Darjeeling to 14½ seers in Champaran.

IX. *Condition of agricultural people.*—The condition of agricultural population was, on the whole, satisfactory.

SUMMARY OF RAINFALL OBSERVATIONS TAKEN IN BENGAL DURING THE MONTH OF SEPTEMBER 1911.

During the month under report the rainfall was general throughout the province. It was above the average in all the districts of the Chota Nagpur Division and in Burdwan, Birbhum, Bankura, Nadia, Murshidabad, Patna, Gaya, Shahabad, Saran, Darbhanga, Monghyr, Purnea, the Sonthal Parganas and Sambalpur.

On an average in South-West Bengal the rainfall recorded amounted to 9·03 inches, in Behar 10·05 inches, in Orissa 10·56 inches, and in Chota Nagpur 9·60 inches. Expressed in percentage figures in South-West Bengal the fall was 98 per cent., in Bihar 107 per cent., in Orissa 102 per cent., and in Chota Nagpur 104 per cent. of the normal.

The total rainfall from January to September was 87 per cent. in South-West Bengal, 100 per cent. in Bihar, 96 per cent. in Orissa, and 86 per cent. in Chota Nagpur.

Calcutta,
The 23rd October 1911.

N. N. Sircar,
for Director of Agriculture, Bengal, on tour.

The following table compares the rainfall in the four divisions during the month of September 1911 with the normal fall, the actual being given as a percentage of the normal. The table also shows the actual falls for each of the previous months of the year expressed in the same way, and the last column of the table shows the total rainfall of the past nine months of the year 1911:—

No. 1964T.R.—The 27th October 1911.—The following amendments to the standard form of leases for mica mines prescribed by Government Notification No. 2450T.R, dated the 31st October 190-, published at pages 1754—61, Part I, of the *Calcutta Gazette* of the 11th November 1908, which have been approved by the Government of India, are published for general information:—

(1) The following revised clause is substituted for clause 15 of Part IV:—

"The lessee shall at all times during the said term keep or cause to be kept correct and intelligible books of account, and registers showing the number of persons employed in such mine; and shall also at his own expense furnish to such officer as the Local Government may appoint such returns as may be required. The lessee shall allow any officer authorized by the Local Government in that behalf at all reasonable times and during business hours to examine such accounts.

(2) Clauses 17 and 18 of the same part are hereby cancelled.

No. 1965T.R.—The 27th October 1911.—The following revised rule which has been approved by the Government of India to be substituted for rule 14 (x) of the Rules for the grant of prospecting licenses and mining leases for mica in Bengal, published, under Government Notification No. 142T.R, dated the 23rd April 1904, at pages 577—581, Part I, of the *Calcutta Gazette* of the 30th idem, is published for general information:—

"The lessee shall keep accounts showing the quantity and grades of all mica obtained from the entire area held by him in lease under Government as a single unit.

He shall keep the account of this mica separate from the mica obtained from private lands.

He shall also keep an account of the number of persons employed in each mine and complete plans of each mine.

He shall allow any officer authorized by the Local Government in that behalf at all reasonable times and during business hours to examine such accounts and plans and shall furnish that Government with such information and returns in respect of the aforesaid matters as it may prescribe.

NOTE.—All information and returns obtained or furnished under this clause shall be treated as strictly confidential. A return in Form R will be submitted each year.

BYE-LAWS FOR DISTRICT BOARD OF BANKURA UNDER SECTIONS 139 AND 140 OF THE BENGAL LOCAL SELF-GOVERNMENT ACT OF 1885 (BENGAL ACT III OF 1885).

Definitions.

1. In these bye-laws, unless there is anything repugnant in the subject or context,— Definitions.

(1) the word "cattle" has the same meaning as in the Cattle-trespass Act, 1887;

(2) "reserved tank or well" means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, *khal* or other channel, so set apart; and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well," or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition; and

(3) the "slopes" of a reserved tank or well includes all places from which the water can flow directly into such tank or well; and

(4) "road" means a road vested in, or under the control and administration of, the District Board or a Local Board; and includes—

(*a*) a village road;

(*b*) the slope, berm, borrow-pits and side-drains of a road; and

(*c*) all land vested in, or under the control and administration of, the District Board or a Local Board, and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road.

2. (*1*) No person shall encroach on any part of a road by cultivating crops thereon.

(*2*) No person shall, on any road, by means of any building, fence, pit, embankment or ditch or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

(*a*) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, make or cause any encroachment, or

(*b*) obstruct traffic, or

(*c*) cause any inconvenience to passengers, or

(*d*) hinder or impede the flow of water.

Sale, collecting or gathering of articles in vicinity of road.

3. No person shall expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

Cutting of plants, trees or hedges obstructing road or drain.

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, cut down, prune or trim such plants, trees or hedges, within the period, and in the manner, prescribed in such notice.

Damage to bridges, culverts, or causeways on road.

5. (*1*) No person shall destroy or damage, or cause to be destroyed or damaged, any bridge, culvert or causeway built on or across any road.

(*2*) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(*3*) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

6. No person shall—

(*a*) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road under the authority of the District or Local Board or the District Engineer; or

(*b*) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

Channel across road.

7. (*1*) No person shall cut a channel, or convey water by a channel, across a road, except with the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, and in such manner as he may prescribe.

(2) Any person who has been permitted by the Chairman or the Vice-Chairman of the District Board or a Local Board, or by the District Engineer, to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition.

(3) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public.

Obstruction of waterway adjoining road.

8. No person shall obstruct any waterway adjoining a road so as to injure or tend to injure the road or otherwise to render the road impassable.

Excavations on or near road.

9. (1) No person shall make any excavation on any road, or any hole, pit, tank or well within fifteen feet of any road, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer.

(2) Every person by whom, or by whose direction, any hole, pit, tank or well has been excavated within fifteen feet of a road shall be bound to take such order therewith as will prevent damage to, or erosion of, the road.

Protection of excavations on or near road.

10. The owner or occupier of any tank, well, or other excavation on or near the side of any road shall be bound to fence in or duly protect such excavation in such manner as may be directed by notice signed by the Chairman or Vice-Chairman of the District Board or a Local Board.

Use of roads, bridges, culverts or canals while closed to traffic.

11. No person shall pass over, or drive any animal or vehicle over any road, bridge, culvert or canal, so as to injure the same, while it is under construction or repair or is affected by flood or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman of the District Board or a Local Board, or (in emergent cases, pending application to such Chairman) by the District Engineer.

Discharge of rainfall from roof to road

12. No person shall, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, allow the rainfall from the roof of any building owned or occupied by him to be discharged upon any road by means of a spout or other thing intended for the conveyance of water.

Flow of filth on to road.

13. No person shall allow the water of any privy or any matter offensive or deleterious to health to flow on any road.

Removal of trees or erections falling on to road.

14. Any person owning or possessing a tree or a house, wall or other erection which has fallen, or part of which has fallen, on to a road, shall, if so required by notice in writing signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, remove such tree, house, wall, erection or part, within the period prescribed in such notice.

Curing hides on or near road.

15. No person shall cure hides on or within 100 yards of road.

18. No person shall steep any jute, hemp, bamboos, hides or other offensive matter in any drain, borrow-pit or excavation at the side of any road.

Freedom of roads.

19. No person shall prevent any other person from passing along a road, or shall otherwise interrupt the free use of a road.

Elephants and camels on road to have bell.

20. Every person owning, riding, driving or in charge of any elephant or camel proceeding on a road must see that such elephant or camel is provided with a bell, and with a light also if such animal is proceeding on a road after nightfall.

Taking elephants over road, embankment, bridge or culvert.

21. No person driving or in charge of an elephant shall—

(a) cause material injury to a road, or to an embankment vested in the District Board or a Local Board, by taking the elephant over the same; or

(b) take the elephant over a bridge or culvert vested in the District Board, or a Local Board, unless the same be constructed of arched masonry.

Removal of elephants or camels from road to admit passage of horses.

22. Every driver of an elephant or camel shall, on being so required by the rider or driver of a horse, remove such elephant or camel with reasonable promptitude to a sufficient distance from the road, to allow such horse to pass safely along the road.

Care of vehicles on road.

23. (1) No person shall drive or have in his charge on any road more than one vehicle at a time.

(2) No person in charge of, or having control over, any vehicle shall allow it to stand unattended on any road.

(3) No person shall leave a vehicle standing on a road for any longer time than is necessary for loading or unloading it.

(4) All owners or drivers of vehicles loaded with bricks or other materials shall be responsible for their being so secured that the contents thereof may not fall down on any road.

(5) If any vehicle breaks down on a road, the driver shall remove it to the edge of the road without delay, and shall, within a reasonable time, remove from the road all materials (if any) which have fallen from the vehicle, and shall place the vehicle in such a position that it will not obstruct traffic.

Carrying bamboos or *bullahs* on cart on road.

24. No person shall carry bamboos or *bullahs* on a cart on any road in such a manner as to scrape the road, or to cause injury or annoyance, or risk of injury, to travellers thereon.

NOTIFICATIONS.

Darjeeling.

No. 1096T.-M.—The 25th October 1911.—The following draft of an order which the Lieutenant-Governor in Council proposes to make, under section 221 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 4th December 1911, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

Draft order.

In exercise of the power conferred by section 221 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), and at the request of the Commissioners of the Kurseong Municipality, in the district of Darjeeling, made at a meeting, the Lieutenant-Governor in Council is pleased to extend the second clause of section 252 and section 276 of the said Act to the said Municipality.

Patna.

No. 1109T.M.—The 26th October 1911.—In exercise of the power conferred by sub-section (4) of section 241 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), and at the request of the Commissioners of the Khagaul Municipality, in the district of Patna, made at a meeting, the Lieutenant-Governor in Council is pleased to extend section 241 of the said Act to the said Municipality.

Hooghly.

No. 1137 T.M.—The 28th October 1911.—In exercise of the power conferred by section 221 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and upon the application of the Commissioners of the Bhadreswar Municipality, in the district of Hooghly, made in pursuance of a resolution passed at a meeting specially convened to consider the question, the Lieutenant-Governor in Council is pleased to extend all the provisions of Part IX of that Act to the area within Ward No. II (the Gourhati Ward) of the Bhadreswar Municipality, the boundaries of which are specified below:—

North—The Municipal drain situate on the north of the house of the late Shib Chandra Misra, running eastward from the Grand Trunk road to the Sircarpara Ghat, on the river Hooghly, and an imaginary line therefrom running westward across the Grand Trunk road to the Palpara Lane; the Palpara Lane, the Dwarijungal road, the Kantadanga road and the Station road.

East—The river Hooghly and French Gourhati.

South—The Bagdipara Lane No. 3, and an imaginary line running westward therefrom across the Dwarijungal road up to the East Indian Railway lines, and eastward therefrom across the property of the Champdani Jute Mills Company, up to the edge of the river Hooghly, the above-mentioned Bagdipara Lane lying wholly within the proposed area.

West—The East Indian Railway lines.

2. In exercise of the power conferred by section 86 of the same Act, the Lieutenant-Governor in Council is pleased to sanction the levy, under section 321 of that Act, of fees for the cleansing of private privies and cesspools within the said area of the Bhadreswar Municipality.

No. 1146T.M.—The 30th October 1911.—In exercise of the power conferred by section 27 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Lieutenant-Governor in Council is pleased to appoint Babu Siva Das Ray Chaudhuri to be Chairman of the Baruipur Municipality, in the district of 24-Parganas, *vice* Babu Durga Das Ray Chaudhuri, resigned.

No. 1148T.-M.—The 30th October 1911.—In exercise of the power conferred by sub-section (2) of section 1 of the Calcutta Improvement Act, 1911 (Ben. Act V of 1911), the Lieutenant-Governor in Council is pleased to direct that the said Act shall come into force on the 2nd January 1912.

No. 1149T.-M.—The 30th October 1911.—The following draft of rules which the Lieutenant-Governor in Council proposes to make under section 86, sub-section (*1*), clause (*a*), of the Calcutta Improvement Act, 1911 (Ben. Act V of 1911), for regulating the collection of the terminal tax on passengers imposed by Chapter V of that Act, and the payment thereof to the Board, is hereby published, as required by section 139 of that Act, for the information of persons likely to be affected thereby.

Calcutta.

II.—The draft will be taken into consideration on or after the 1st December 1911, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

DRAFT RULES.

1. The terminal tax on passengers shall be collected by means of a surcharge on fares by the administration of the railway, or the owner of the inland steam-vessel, by which the passengers are carried.

2. The amount of the tax shall be included in the fare shown on the tickets issued to passengers.

3. When a half ticket is issued, the tax shall be realized at half rates.

4. A return ticket shall be regarded as a ticket for two journeys; and the tax for both journeys shall be added to the cost of the return ticket.

5. Every terminal tax collected in any month shall be paid to the Chairman of the Board by the railway administration or the owner of the steam-vessel (as the case may be) within two months of the expiry of that month, after making such deduction therefrom as the Government of Bengal may approve to meet any expenses incurred in connection with the collection of the tax.

6. With each of such remittances the railway administration shall forward or cause to be forwarded to the Chairman of the Board a statement in Form 1 annexed hereto.

7. The owner of every inland steam-vessel shall prepare and deliver, or cause to be prepared and delivered, to the Chairman of the Board, each quarter, within the time prescribed by sub-section (*4*) of section 83 of the Calcutta Improvement Act, 1911, a return, in Form 2 annexed hereto, and shall subscribe at the foot of such return a declaration of the truth thereof.

8. On giving twenty-four hours' notice to any railway administration or owner of an inland steam-vessel, the Chairman of the Board may depute a person during office hours to examine the books and returns from which the statement prescribed in rule 6 or rule 7 has been compiled, and the said railway administration or owner (as the case may be) shall give facilities to such person to check the figures contained in such statement.

DRAFT RULES.

Rules for the Election, under sub-section (1) of section 7 of the Calcutta Improvement Act, 1911, of three members of the Corporation as members of the Board.

1. The three members of the Corporation referred to in clause (*c*) of section 4 of the Calcutta Improvement Act, 1911, shall be elected as follows, namely,—

(*a*) one by the Corporation,
( ) one by the Ward Commissioners, and
(*c*) one by the Commissioners appointed under sub-section (*2*) of section 8 of the Calcutta Municipal Act, 1899,

in accordance with the procedure hereinafter prescribed.

2. On or before such date as may be appointed by the Local Government in this behalf, a special meeting of the Commissioners by whom the election is to be made shall be convened by the Chairman of the Corporation for the purpose of the election:

Provided that not less than fifteen clear days before the date fixed for such meeting the Chairman of the Corporation shall send to each Commissioner a written notice informing him of the time and place fixed for such meeting.

3. (*1*) Any person not ineligible for election under the Calcutta Improvement Act, 1911, who is one of the Commissioners by whom the election is to be made, may be nominated as a candidate for election.

(*2*) Such nomination shall be made by means of a nomination paper in the form annexed hereto, which shall be supplied by the Chairman of the Corporation to every Commissioner applying for the same

(*3*) Each nomination paper shall be subscribed by two Commissioners as proposer and seconder: provided as follows:—

(*i*) no Commissioner shall subscribe more than one nomination paper; and
(*ii*) except in the case of an election by the Corporation, no Ward Commissioner shall subscribe to the nomination of a Commissioner appointed under sub-section (*2*) of section 8 of the Calcutta Municipal Act, 1899, and no Commissioner appointed under that sub-section shall subscribe to the nomination of a Ward Commissioner.

4. Nomination papers which are not received by the Chairman of the Corporation at least seven clear days before the date fixed for the meeting shall be rejected.

5. (*1*) If one candidate only is duly nominated, the Chairman of the Corporation shall forthwith declare such candidate to be elected.

(*2*) If more candidates than one are duly nominated, the Chairman of the Corporation shall forthwith prepare a list of such candidates, containing their names and addresses, and shall cause such list to be posted in a conspicuous place at his office.

6. (*1*) At every meeting held for the purposes of an election by the Corporation, the Chairman of the Corporation shall be the Chairman of the meeting.

(*2*) In the absence of the Chairman of the Corporation from any such meeting, the Commissioners present at such meeting shall choose one of their number to be the Chairman of the meeting.

(*3*) At every meeting held for the purposes of an election by the Ward Commissioners or by the Commissioners referred to in clause (*c*) of rule 1, the Commissioners present at the meeting shall choose one of their number to be the Chairman of the meeting.

7. At the meeting at which the election is held the Chairman of the meeting shall read out the names of all nominated candidates.

8. (*1*) The voting shall be by ballot, and each Commissioner shall have one vote only:

Provided that no Ward Commissioner shall vote at an election held by the Commissioners appointed under sub-section (*2*) of section 8 of the Calcutta Municipal Act, 1899, and no Commissioner appointed under that sub-section shall vote at an election held by the Ward Commissioners.

(*2*) If at the first ballot any one of the candidates obtains an absolute majority of the votes of the Commissioners present and voting, that candidate shall forthwith be declared by the Chairman of the meeting to be duly elected.

(3) If at the first ballot none of the candidates obtain an absolute majority of the votes of the Commissioners present and voting, the name of the candidate obtaining the least number of votes at that ballot shall be eliminated, and after such elimination a fresh ballot shall be taken. This process of elimination shall be continued until one of the candidates obtains more than half of the votes of the Commissioners present and voting.

(4) Where an equality of votes is found to exist between any of the candidates and the addition of a vote will entitle any candidate to be declared elected, or will cause any candidate to be eliminated under sub-rule (3), the determination of the person to whom such one additional vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the Chairman of the meeting and in such manner as he may determine.

(5) The candidate obtaining an absolute majority of votes in accordance with sub-rules (3) and (4) shall be declared by the Chairman of the meeting to be duly elected.

9. The Secretary to the Corporation shall make a return, in duplicate, to the Chairman of the Board, setting forth the name in full of every person elected under these rules; and the said return shall be published by notification in the *Calcutta Gazette* under the signature of the Chairman of the Board.

10. Any of the functions assigned to the Chairman of the Corporation under these rules may be delegated by him to the Vice-Chairman or the Deputy Chairman.

(3) Any voting card which is not returned to the Secretary within the said period of three days shall be rejected.

5. On the return of the voting cards to the Secretary, the cards shall be examined by two members of the Chamber, who shall be appointed by the Committee of the Chamber for this purpose.

6. The two members referred to in rule 5 shall report the result of their examination of the voting cards to the Secretary; and such report shall be conclusive evidence of the election.

7. The Secretary shall make a return, in duplicate, to the Chairman of the Board setting forth the name in full of every person elected under these rules; and the said return shall be published by notification in the *Calcutta Gazette* under the signature of the Chairman of the Board.

Rules for the Election, under sub-section (3) of section 7 of the Calcutta Improvement Act, 1911, of a member of the Bengal National Chamber of Commerce as a member of the Board.

1. The member of the Bengal National Chamber of Commerce, referred to in clause (*e*) of section 4 of the Calcutta Improvement Act, 1911, shall be elected by that Chamber, in accordance with the procedure hereinafter prescribed.

2. On or before such date as may be appointed by the Local Government in this behalf, a special meeting of the Chamber shall be convened by the Honorary Secretary to the Chamber (hereinafter referred to as "the Secretary") for the purpose of the election:

Provided that not less than fifteen clear days before the date fixed for such meeting the Secretary shall send to each member a written notice informing him of the time and place fixed for such meeting.

3. (*1*) Any person, not ineligible for election under the Calcutta Improvement Act, 1911, who is a member of the Chamber, may be a candidate for election.

(*2*) Such nomination shall be made by means of a nomination paper in the form annexed hereto, which shall be supplied by the Secretary to every member of the Chamber applying for the same.

(*3*) Each nomination paper shall be subscribed by two members of the Chamber as proposer and seconder:

Provided that no member shall subscribe more than one nomination paper.

4. Nomination papers which are not received by the Secretary at least seven clear days before the date fixed for the meeting shall be rejected.

5. (*1*) If one candidate only is duly nominated, the President of the Chamber shall forthwith declare such candidate to be elected.

(*2*) If more candidates than one are duly nominated, the Secretary shall forthwith prepare a list of such candidates, containing their names and addresses, and shall cause such list to be posted in a conspicuous place at his office.

6. At every meeting held for the purposes of an election by the Bengal National Chamber of Commerce, the members of the Chamber present at the meeting shall choose one of their number to be the Chairman of the meeting.

7. At the meeting at which the election is held the Chairman of the meeting shall read out the names of all nominated candidates.

8. (*1*) The voting shall be by ballot, and each member shall have one vote only.

(*2*) If at the first ballot any one of the candidates obtains an absolute majority of the votes of the members present and voting, that candidate shall forthwith be declared by the Chairman of the meeting to be duly elected.

(*3*) If at the first ballot none of the candidates obtains an absolute majority of the votes of the members present and voting, the name of the candidate obtaining the least number of votes at that ballot shall be eliminated, and after such elimination a fresh ballot shall be taken. This process of elimination shall be continued until one of the candidates obtains more than half of the votes of the members present and voting.

(*4*) Where an equality of votes is found to exist between any of the candidates and the addition of a vote will entitle any candidate to be declared elected, or will cause any candidate to be eliminated under sub-rule (*3*), the determination of the person to whom such one additional vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the Chairman of the meeting and in such manner as he may determine.

(*5*) The candidate obtaining an absolute majority of votes in accordance with sub-rules (*3*) and (*4*) shall be declared by the Chairman of the meeting to be duly elected.

9. The Secretary shall make a return, in duplicate, to the Chairman of the Board, setting forth the name in full of every person elected under these rules; and the said return shall be published by notification in the *Calcutta Gazette* under the signature of the Chairman of the Board.

LAND SALE NOTICE.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Jessore will be put up to sale at the Jhenidah Subdivisional Office on the 6th December 1911, corresponding with 19th Agrahayan 1318

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The conditions regarding the payment of a land-revenue fixed in perpetuity are not applicable to estates in temporarily-settled districts in which the land revenue should be fixed for the term of the current settlement and be subject to periodical revisions on expiry of each settlement. In the case of an estate situated in permanently-settled area and yielding an annual rental of less than Re. 1, there should be no condition regarding payment of land revenue.

3rd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

4th.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

5th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

PUBLIC WORKS DEPARTMENT.

ROAD CESS.

Dated Calcutta, the 27th October 1911.

RESOLUTION.

Receipts and Expenditure of the District Road Funds in the districts of Darjeeling, Singhbhum and Sonthal Parganas during 1910-11.

READ—

Annual Reports and Accounts for the year 1910-11.

Read again—

Annual Reports and Accounts of the District Road Funds for the previous year and the review thereon.

The opening credit balance of the year was Rs. 45,186, and the total receipts of the District Road Committees from all sources amounted to Rs. 2,65,627. The total amount available for expenditure was thus Rs. 3,10,813, of which Rs. 2,75,627 was spent, leaving a credit balance of Rs. 35,186 only at the close of the year. The closing balance in the district of Darjeeling was excessive.

2. A number of bridges were built, several new roads constructed, and existing roads improved, at a cost of Rs. 76,004.

3. The total expenditure on repairs was Rs. 87,798. One thousand eight hundred and ten miles of district roads and 42 miles of village roads were maintained.

4. Rupees 961 were spent in planting and maintaining trees on road-sides and in nursery gardens in the districts of Singhbhum and the Sonthal Parganas.

5. The expenditure on establishment amounted to Rs. 30,853.

In the Darjeeling district no engineer was employed. All the works and repairs in the hills of the district and most of those in the Terai were executed by the members of the committee and other private gentlemen, to whom the thanks of Government are due for their assistance.

ORDER.—Ordered that a copy of this Resolution, together with the Annual Accounts of the District Road Funds and abstracts from the reports of the Chairmen of the District Road Committees, be published in Part II of the *Calcutta Gazette*.

Ordered, also, that a copy of the Resolution, together with the Annual Accounts of the District Road Funds and abstracts from the reports of the Chairmen of the District Road Committees, be forwarded for information to the—

Commissioners of the Bhagalpur and Chota Nagpur Divisions.
Superintending Engineers of the Northern and Western Circles.
Accountant-General, Bengal.
Board of Revenue, Lower Provinces.
Financial Department of this Government.

By order of the Lieutenant-Governor in Council,

B. K. FINNIMORE,
Secretary to the Govt. of Bengal.

Extract from letter No. 445 L.S.-G., dated the 26th June 1911, from E. H. C. Walsh, Esq., I.C.S., Commissioner of the Bhagalpur Division, to the Secretary to the Government of Bengal, Public Works Department.

* * * * * * * *

2. The attention of the Deputy Commissioner and Chairman, District Road Committee, was again drawn to the remarks made by Government about the large balance standing to the credit of the Road Fund, as a result the closing balance has been reduced from Rs. 22,650-15-1 to Rs. 14,135-4-8. As reported by the Deputy Commissioner and Chariman, the cash balance is proposed to be reduced to Rs. 2,987 as estimated in the budget estimate for 1911-12.

3. The number of meetings held by the District Road Committee and the Terai Branch Committee was only 3 and 4, respectively, as compared with 4 and 6 of the preceding year, but they appear to have been sufficient to dispose of the work of the Committees.

4. The report does not call for other special remarks.

Abstract of the Report by the Chairman, District Road Committee of Darjeeling, on the operations of the District Road Fund of the District for the year 1910-11.

[*Vide* letter No. 48 R.F., dated 30th May 1911, from H. T. S. Forrest, Esq., I.C.S., Chairman of the District Road Committee, Darjeeling, to the Commissioner of the Bhagalpur Division.]

1. *Working of Committees.*—(*a*) *District Road Committee.*—The total number of the members of the Committee was 18, of which 6 were official and 12 non-official. Three meetings were held during the year The average attendance was 11, or 61·11 per cent. at a meeting.

(*b*) *Kurseong Branch Committee.*—There were 9 members during the year—2 official and 7 non-official. Five meetings were held during the year (1910-11), including one at which there was no quorum. The average attendence was 3·6, or 40 per cent., at a meeting.

(*c*) *Terai Branch Committee.*—There were 15 members of this Branch Committee—5 official and 10 non-official. Four meetings were held during the year. The average attendance at a meeting was 6·75, or 45 per cent

2. The year opened with a cash balance of Rs. 22,650-15-1 and an outstanding advance of Rs. 8,918-3-11. The total sum of Rs. 74,182-3-11, including the outstanding advance Rs. 8,918-3-11, was available for expenditure during the year. The actual expenditure during the year (1910-11) was Rs. 44,027-12, leaving a cash balance of Rs. 14,135-4—8 and an unadjusted advance of Rs. 16,019-3-3. The closing balance was more than one quarter's *kist*. A part of this sum was spent during the year, but no account having been received, it could not be adjusted. However, it is hoped that the cash balance will be reduced to a reasonable amount as estimated in the budget estimate for 1911-12.

RECEIPTS.

3. *Provincial Rates.*—The road cess was levied during the year 1910-11 in the district at the maximum rate of 6 pies in the rupee. The total collection under the head "Cess on lands" during the year 1910-11 was Rs. 25,229-10-10 against Rs. 22,746-6-8 of peceding year (1909-10). The increase was due to revaluation.

4. *Miscellaneous.*—A sum of annas 9 ohly was credited under this head on account of sale proceeds of waste forms, etc.

5. CONTRIBUTION.—(*a*) *Grant from Government.*—A sum of Rs. 10,263-13-1 was received under this head during the year, including Rs. 5,189 on account of augmentation of resources of the Committee against Rs. 7,180-8 of the preceding year (1909-10). The increase was mainly due to the Government share of cost of the Road and Public Works Cess joint Establishment and the revaluation works of the previous years received during the year.

(*b*) A contribution of Rs. 7,119 was received from the Darjeeling Improvement Fund as last year (1909-10) towards communication and share of the cost of the Joint Cess and Tauzi Establishment.

(*c*) No. contribution from private persons and other sources was received during 1910-11.

EXPENDITURE.

6. *Original Works.*—A sum of Rs. 2,773-0-9 was spent under this head out of the estimated cost of Rs. 11,951 for three bridges. The bridge over Dilaram Jhora at Margaret's Hope Tea Estate has practically been completed, but no account having been received, it could not be charged to the accounts of the year.

7. *Repairs.*—The total sum of Rs. 27,113-11-9, as per details below, was spent under this head against Rs. 52,454-7 of the preceding year. The decrease is mainly due to the fact that a heavy sum was charged during the year (1909-10) for metalling the first six miles of Road No. 32 (Naxalbari to Dabigunge *vid* Kharibari) :—

8. A total length of 9 miles of metalled roads and 344 miles, out of 361 miles of unmetalled roads, and 9 miles of village roads were actually repaired and improved upon by the Committee during the year at a cost of Rs. 4,997, Rs. 24,730 and Rs. 160, the cost per mile being Rs. 555·22, Rs. 71·88 and Rs. 17·77, respectively, including Rs. 2,773 and Rs. 4,254 for the construction of two new bridges and for repairs to important suspension bridges as stated above in paragraphs 6 and 7. A sum of Rs. 457-8 was spent for putting up sign-boards of a new pattern made of iron on certain roads.

9. *Contribution to Forest Department.*—Rupees 1,500 was contributed to the Deputy Conservator of Forests, Darjeeling Division, for the construction of a forest road from "Sandakphu to Ludma" in the district.

10. *Loans.*—No fresh loan was taken during the year. Principal Rs. 4,872-13-5 and interest Rs. 2,439-2-7 were paid during the year 1910-11 according to the terms of the loans granted by Government.

11. *Public Works Establishment.*—There was no District Engineer under this Road Committee. An Overseer and a peon were entertained under the Terai Branch Road Committee at Siliguri at a cost of Rs. 1,187-2-2, or 3·97 per cent. of the total outlay on work. The pay of the Overseer was Rs. 60 *plus* horse allowance of Rs. 20 and that of peon Rs. 7 per mensem All the works in the hills and most part of those in the Terai were, as usual, executed by the members of the Committee and by the planters. The thanks of the Committee are due to them for their valuable assistance. The important suspension bridges were maintained by the Public Works Department at the cost of the Road Committee as in previous years.

12. *Administration.*—Under the District Road Committee there were two Branch Committees, viz., Kurseong and Terai. Mr. H. T. S. Forrest, the Deputy Commissioner, was *ex-officio* Chairman of the District Road Committee and of the Terai Branch Road Committee for the whole year. Mr. F. G. E. Piffard, the senior Deputy Collector, was the Vice-Chairman of the District Road Committee. Mr. J. Byrne, the Subdivisional Officer, Kurseong, was the *ex-officio* Chairman of the Kurseong and Vice-Chairman of the Terai Branch Committees. Dr. A. D. Humphry, the Civil Medical Officer of Kurseong, was the Vice-Chairman of the Kurseong Branch Road Committee The works of the District Road Committee as well as those of the Branch Committees were satisfactorily performed. The thanks of the Committee are due to the abovenamed gentlemen and other members of the Sadar and Branch Committees for the care and interest they took in their duties.

13. *Audit of the Accounts.*—The accounts up to June 1909 have been audited by the Examiner of Local Accounts, Bengal, and the members of the Audit Sub-Committee have audited the accounts for the whole year of 1910-11.

2. I observe that only seven meetings were held during the year 1910-11 against nine in the preceding year. The Chairman reports that meetings were not held at monthly intervals as there was not always business to place before the Committee. I am unable to accept this explanation as satisfactory. Last year, it was pointed out to the Chairman that if the members of the Committee take proper interest in their work, it is hardly possible that sufficient business should not be forthcoming for their consideration and disposal. I am again drawing the attention of the Chairman to these remarks.

3. The average percentage of attendance of the members of the Committee at meetings was, however, more satisfactory, being 47·6 against 37·03 at the nine meetings in the previous year.

4. The Committee appear to have made good use of the funds at their disposal during the year, which closed with a credit balance of Rs. 4,796 against Rs. 14,303 in the preceding year.

Abstract of the Report by the Chairman, District Road Committee of Singhbhum, on the operations of the District Road Fund of the district for the year 1910-11.

(*Vide* letter No. 20 R.C., dated 19th May 1911, from A. W. Cook, Esq., I.C.S., Chairman, District Road Committee, Singhbhum, to the Commissioner of the Chota Nagpur Division.)

1. *Working of the Committee.*—There were 15 members of the Committee (five official and 10 non-official). Seven meetings were held during the year. The average percentage of attendance of the members of the Committee was 47·6 against 37·03 at nine meetings in the previous year. Meetings at monthly intervals were not held, as there was not always business to place before the Committee.

2. The Examiner of Local Accounts, Bengal, has audited the accounts up to February 1911, and the members of the audit Sub-Committee appointed under section 174 of the Cess Act have audited for the whole year.

RECEIPTS.

3. The road-cess was levied at the maximum rate of 6 pies in the rupee. The opening balance of the year was Rs. 14,303, and the total receipts from all sources amounted to Rs. 43,567. The total amount available for expenditure was thus Rs. 57,870, of which Rs. 53,074 was spent, leaving a credit balance of Rs. 4,796, which was less than one quarter's *kist*. Out of the said cash balance of Rs. 4,796, a sum of Rs. 2,023 was on account of security deposits not withdrawn by contractors within the year.

EXPENDITURE.

4. *Original works—Communications.*—During the year a sum of Rs. 24,358 was spent under this head. Out of the Rs. 5,000 received from Government for the construction of Inspection bungalows in the Kolhan Government estate, a sum of Rs. 4,425 was spent up to last year (1909-10) and the balance (Rs. 575) spent during the year.

5. *Repairs—Communications.*—The total expenditure on repairs was Rs. 9,981. Out of 32 unmetalled roads comprising a total length of 445 miles 7 furlongs and 204 yards, only 12 roads, comprising a total length of 183 miles, were maintained during the year, against 272 miles in the previous year.

6. The following statement shows the length of district roads (metalled, unmetalled and village roads), the amount spent on the maintenance of the roads, and the cost per mile :—

NOTE.—As shown in columns 1 to 6 metalling 5 miles of the Jyntgarh road has been completed this year at a cost of Rs. 12,349, including Rs. 5,741 spent in 1909-10. The cost in column 9 excludes Rs. 575 spent over a Kolhan bungalow completed this year.

No roads are maintained by the District Road Committee from Public Works funds.

7. *Arboriculture.*—270 new trees were planted during the year. These, together with 1,325 unestab ished plants of the preceding year, were maintained at a cost of Rs. 366, the allotment being Rs. 350.

8. *Nursery.*—There are 4 nursery gardens. The garden at Chaibassa on the south bank of the Jubilee tank contains 500 plants, and that at Bhoya 25 plants.

9. No famine-relief works were done during the year.

10. The following statement compares the cost of maintenance during the year of several classes of roads with that of previous year and the average cost per mile.

Extract from letter No. 496 L.S.-G., dated the 7th July 1911, from E. H. C. WALSH, ESQ., I.C.S., *Commissioner of the Bhagalpur Division, to the Secretary to the Government of Bengal, Public Works Department.*

2. The closing balance which stood at the low figure of Rs. 8,232 in the preceding year, was raised to Rs. 16,255 in the year 1910-11.

3. The average percentage of attendance of the members of the Committee at meetings was 43·88 against 52·75 in the previous year. The falling-off in the attendance is to be regretted.

Abstract of the Report by the Chairman, District Road Committee of the Santhal Parganas, on the operations of the District Road Fund of the district for the year 1910-11.

[*Vide* letter No. 192P W., dated 27th May 1911, from H. Ll. L. Allanson Esq., I.C.S, Chairman of the District Road Committee of Santhal Parganas, to the Commissioner of the Bhagalpur Division.]

Working of the Committee.—There was no change in the constitution of the Committee during the year It consisted of 9 members, of whom 3 were *ex-officio* and the rest non-official. The latter consisted of landed proprietors or their managers. The Committee held 21 meetings during the year, against 18 in the previous year; of these 7 were special, 13 ordinary and one meeting had to be adjourned for want of a quorum. The average attendance of members was 4·40, against 4·22 in the year before, and the percentage of average attendance was 43·88 against 52·75. There was a slight improvement in the attendance of the members, but still it leaves much to be desired. The low attendance of the members was due to (1) one member absenting himself for six months on the ground of ill-health, (2) one vacancy in the membership not having been filled up till five months had elapsed, and (3) delay in the appointment of new members in place of two members who resigned in the course of the year

RECEIPTS.

2. The year opened with a cash balance of Rs. 8,232. The total receipts of the Committee from all sources amounted to Rs. 1,55.983 and the expenditure to Rs. 1,47,960, leaving a closing balance of Rs. 16,255 at the end of the year. The balance includes Rs. 1,500, being private donation for a specific work and Rs 2,700 being the unspent balance of Government grant and private subscription for constructing upper Primary school buildings in the district. The following table compares the receipts under several heads of the year with those in the previous year:—

	Deposit	1,363	1,039
	Total ...	1,46,599	1,55,983

3. *Land Revenue.*—There is a considerable decrease in the receipt under Government grant owing to (1) the final withdrawal of the grant varying from Rs. 18,000 to Rs. 20,000 a year, hitherto made to the Committee out of the Provincial share of the Forest revenue accruing in the district, and (2) the falling-off (from Rs. 7,636 to Rs. 6,903) in the contribution for Miscellaneous public improvements in Government estates. Partly to make up the heavy loss of income under this head, the Committee received a grant of Rs. 10,000 from the accumulated funds of the Hirunpur and Sahebganj cattle markets.

4. *Provincial rates.*—The road cess was levied at the maximum rate of 6 pies in the rupee and the cess receipt during the year was better by Rs. 14,753 than the amount provided in the budget. The increase is due to the levy of cess on Ambar, Sultanabad and some petty estates, the valuation of which was completed during the year. The valuation work in the district is practically complete, and re-valuation of some estates has recently been started. It is not, however, expected that the income of the Committee will undergo any marked change in the near future from this source.

5. *Law and Justice.*—The large increase under the head "Fees, Fines, etc.," is due to the imposition of fines on several contractors, who either failed to complete their contracted works in time or did bad work.

6 *Miscellaneous.*—Rupees 37 credited to this head represents the amount realized from sale of agreement forms and the excess interest on the Provident Fund deposit withdrawn.

7. *Civil Works.*—There was a considerable increase in the income of the Committee from "Ferry tolls," and it is due partly to the realization of arrears due for the previous year and mainly to the effort of the Subdivisional Officer, Dumka, to sell the three ferries, *Hijla*, *Bedia* and *Bijoypur* under his management to some advantage. The receipt under "Staging Bungalows" fell much short of that realized in the previous year, and the decrease is due to the fact that in the year before a sum of Rs. 628 was realized on account of arrear rent from the Maheshpur estate. Rupees 1,628 was received during the year from private sources for specific works against Rs. 7,689 in the preceding year. Of this, Rs. 1,500 represents a voluntary donation made by Rai Mahabir Prasad Bahadur of Chapra for construction of a well in the Deoghur *mela* ground. This work, when completed, will prove of utmost utility to the large gathering of pilgrims visiting the place througout the year, especially during the *mela* period, and the thanks of the committee are due to the Rai Bahadur for this token of his benevolence and public spirit. Of the balance, Rs. 70 was received from Mr. Grant of Dumka estate, for the remainder of his donation of Rs. 1,570 for the Ghormara bridge near Sahebganj, and Rs. 58 from Babu Tulsi Mandal of Deoghur for a culvert on the 30th mile of Dumka-Deoghur road.

8. The variation in the receipt under "Government grant" is not such as to call for any special remarks.

9. The small increase under "Other miscellaneous sub-heads" is purely incidental. There were larger collections under "rent of lands" sale of "stores and materials" and "sale-proceeds of trees, grass" etc., while there was a considerable decrease under "Miscellaneous proper."

11. *Land revenue.*—The total expenditure under this head was Rs. 28,043, against Rs. 32,112 in the previous year. There is a considerable decrease under "Original works" with a corresponding increase under "Repairs." In the preceding year, it was found necessary to curtail the usual maintenance allotment of the listed roads, in order to find money to pay for the several original works then in progress—a step that was inevitable owing to the withholding of the grant of Rs. 60,000 in 1908-09. The matter was partly set right during the year by making as much provision as possible for repair works by cutting down the allotment for original works to the narrowest limit possible. The increase under "Agricultural improvement" is due to the fact that the full allotment of Rs. 2,000 was not spent in the year before, the bulk of the money allotted remaining with the disbursing officers as unadjusted advances which had only been accounted for during the year. Several irrigation *bandhs* and tanks were either constructed or re-excavated in the Damin during the year. They will be very useful as irrigation works and indirectly help in improving the village water-supply. Rupees 137 spent under "Miscellaneous" consists of the amount paid on account of compensation for the land taken up for the extension of Borio Bazar and that paid for some boundary pillars for the Dumka Damin.

12. *Provincial rates.*—There was no expenditure under "Valuation charges" against Rs. 159 in the previous year.

13. *Administration.*—Rupees 1,595 was spent on account of "Establishment and contingencies" of the Committee's office, against Rs. 1,391 in the previous year. The increase is due to the permanent Accountant drawing higher salary having been employed throughout the year, while in the previous year he only worked for two months or so. There was no payment on account of grain compensation allowance during 1910-11. Rupees 25, was, however, paid for the first time as travelling allowance to one of the Committee's members.

14. *Medical.*—There are no medical institutions under the Committee. Rupees 77 was, however, spent through the Civil Surgeon, Dumka, on account of transit charges for the despatch of quinine packets from the district depôt to mufassil vendors, in connection with the new scheme for popularising the sale of quinine in malarial tracts.

15. *Veterinary charges.*—Rupees 240 spent under this head, represents the Committee's annual contribution towards the travelling allowance of the Veterinary Assistant at Dumka, and the entertainment of an itinerant Veterinary Assistant at Sahebganj.

16. *Superannuation allowance and pension.*—There is only one pensioner under the Committee, and Rs. 240 was paid for his pension at the sanctioned rate of Rs. 20 per mensem. The decrease under "Provident Fund Contribution," is owing to the fact that, in the previous year, the contribution was paid on the back salary of certain officers confirmed in their respective appointments.

17. *Stationery and Printing.*—The fluctuation in the expenditure under this head is not such as to need any special remark.

18. *Miscellaneous.*—Rupees 294 was spent under this head: Rs. 260 paid to the District Engineer on account of his remuneration realized from the several Court of Wards' estates for the work done by him on their account, and the balance for the purchase of blank cheque-books for use in the Committee's office.

19. *Civil Buildings New work.*—Out of the total amount of Rs. 5,087 spent under this head, Rs. 4,078 was expended towards constructing Upper Primary School buildings, out of the grant placed at the disposal of the Committee by the Education Department, and the balance Rs. 1,009 towards re-roofing the Road office building with Raniganj tiles.

20. *Civil Buildings—Repairs.*—Rupees 131 spent under this head was on account of annual repairs done to the Road Committee's Office building and godown.

21. *Communication—New works.*—The expenditure under this head amounts to Rs. 38,782 against Rs. 32,939 in the year before. Nearly two-thirds of the amount was spent on the works in progress from the preceding year, and the balance on the works started for the first time during the year. The works of most importance carried out during the year under "Land Revenue" and "Road Fund" are noted below with the amount spent on each—

LAND REVENUE

2.	Ditto last five miles of Dumka-Pakour road ...	1,081
3.	Ditto Godda-Hansdiha road	4,864
4.	Ditto Dumka-Rampurhat road	767
5.	Constructing Ghormara bridge near Sahebganj	2,791
6.	Improving Dumka-Madhupur road	1,856
7.	Flood damage repairs to and extension of Hardia causeway ...	922
8.	Constructing Nanger bridge	1,370
9.	Improving Pakour-Hirunpur road	3,098
10.	Ditto Sanghata bridge	676

22. The general improvement effected in the communication during the year was in the nature of filling in the existing gaps by the construction of bridges and culverts, and gravelling and stone-metalling worst portions of certain important roads, over which the traffic is very heavy. The important bridges completed are Ghormara, Nanger, Bhora and certain minor bridges on Dumka-Madhupur road, and those at Debpur on Pakour-Hirunpur road, and two others on Amrapara-Muraroi road are in the course of construction. The Hardia causeway was almost completed during the year. The Godda-Hansdiha road has been gravelled throughout and bridged with the exception of two big gaps at Poraya and Ghunghusa. This is now one of the best roads in the district, and its importance may increase if the Bhagalpur-Bansi Railway reaches Hansdiha. The two unbridged rivers are likely to remain so for some time, especially the river at Poraya. It is not worth while considering the bridging of these rivers until the Railway comes to Hansdiha. The improvement of three Rajmahal roads, Sahebganj-Banjhi, Tinpahar-Borio and Barhawa-Barhait was continued and portions of them were stone-metalled during the year.

23. *Communication—Repairs.*—Rupees 41,687 was spent in the maintenance of the scheduled roads, against Rs. 34,109 in the previous year. The increase is due partly to the payment of the previous year's liabilities and partly to the larger allotments sanctioned for

repairing the more important roads which were only partially repaired in the previous year for want of funds. The three new roads, namely—(1) Ramgarh-Hansdiha, (2) Shahabad-Bhagaya, (3) Baromasia-Asanboni were taken on to the district schedule. They were really not new at all, being old public roads, and were being maintained in a manner by the zemindars through whose estates and the rayats through whose villages they pass, except Bhagaya-Shahabad which was one of the listed Damin roads maintained formerly out of the Estate Improvement Fund. Of the 48 scheduled district roads, the one numbered 21, Kumrabad road was, as before, maintained by the zemindar of Belpatta. Of the others, the important ones were kept in thorough repairs for general traffic throughout the year and the unimportant *kutcha* roads in passable condition, as only fair weather tracts.

24. The total mileage of district roads were 888 against 852 in the previous year, the increase is due to the 3 new roads being added on to the schedule. Of this, 27½ miles were metalled and the rest unmetalled. The total number of scheduled village roads was the same as in the previous year, with a total mileage of 33. Besides the four scheduled village roads, the non-scheduled Damin roads were also maintained in proper repair as far as funds would permit. The expenditure on repair is classified in the following table:—

25. *Railway feeder roads.*—The Railway feeder roads in the district under improvement are (*a*) Sahebgunj-Banjhi road, (*b*) Tinpahar-Borio road, (*c*) Bahwa-Burhait road, (*d*) Pakour-Hirunpur road, (*e*) Amrapara Mararoi road and (*f*) Dumka Rampurhat road. These roads are being improved with cutting side drains, banking and bridging where necessary, and being gravelled or stone-metalled gradually as funds permit. They will be of great public utility when completed.

26. *Famine Relief.*—No famine relief works were taken up during the year, no necessity arising.

27. *Establishment.*—The expenditure was Rs. 23,413 against Rs. 24,108 in the previous year. The decrease is mainly due to no temporary establishment being maintained during the year, while 2 temporary Sub-Overseers were employed throughout the previous year to look after the original works The following table shows the amount spent on establishment and the percentage of its cost on the expenditure on Civil works:—

YEAR.	Outlay on works.	Outlay on establishment employed on works.	Percentage.

28. *Petty Establishment.*—Rupees 338 was spent on account of cost of establishment and contingencies of the three dâk bungalows under the Committee at Dumka, Rajmahal and Sahebgunj.

29. *Village sanitation.*—Rupees 60 was paid to the Sanitation Committee, Rajmahal, as the Committee's annual contribution for sanitary works in Rajmahal town. The village sanitation in the district was, on the whole, satisfactory. The country being undulating, special sanitary arrangements are not very necessary except in low-lying tracts in Pakour and Rajmahal. The people generally, specially the Sonthals themselves, look to the removal of village refuse. The Subdivisional Officers in the district generally look after the village sanitation, while on tour The financial condition of the District Road Fund with increasing needs of improved communication, does not admit of any special grant being made for improvement of the village sanitation. All that the Committee can do and are doing is to help it indirectly by supply of comparatively pure water from the wells, bandhs, tanks, either nearly excavated or improved by re excavation.

30. *Tools and plant.*—The expenditure under this head was Rs. 716 against Rs. 843 in the previous year.

31. *Arboriculture.*—Rupees 595 was spent on arboriculture mainly in making gabions to protect young plants: 10 malis were entertained throughout the year to carry out the plantings and look after the old plants still under protection. Besides, 32 Damin Bungalow mali-chaukidars also helped in the arboricultural work, in addition to their duties as Bungalow chaukidars. The nurseries exist at suitable intervals along the principal roads, in most cases within the compounds of Inspection and the Damin Bungalows, each being in charge of a mali. 1,950 young plants were planted during the year all of which are being protected by some sort of guards. No definite working plan was followed as none has yet been prepared for the district. On the whole arboriculture is more or less of a failure.

32. *Water supply and water works.*—Rupees 265 was spent in sinking a well at Rasikpur, a suburb of Dumka, when there was an epidemic of cholera, in order to provide a supply of wholesome water to the locality. Rupees 190 was spent in clearing silt of three old Moghul wells at Sirsi, Nawabdehri and Moghulghat in Rajmahal, out of the special grant sanctioned by the Commissioner. They will greatly benefit the *hât* people, neighbouring villagers and the public in general. Besides, Rs. 4,313 was spent under "Land Revenue," in sinking wells, excavating new tanks and bandhs, and improving the existing ones in the Damin Government estates. The supply of water is sufficient throughout the district except a few villages in Dumka and Pakour subdivisions, and the existing sources are enough for the ordinary purposes.

A statement showing the thana totals of water-supply (Form No. 1) for the several subdivisions is given below.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD,

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 18th September 1911:

No. 19 OF 1911.

A Bill further to amend the Indian Post Office Act, 1898.

WHEREAS it is expedient further to amend the Indian Post Office Act, 1898; It is hereby enacted as follows:—

1 of 1898.

Short title.

1. This Act may be called the Indian Post Office (Amendment) Act, 191 .

Repeal of portions of section 7 and the First Schedule of Act VI of 1898.

2. The proviso to sub-section (*1*), and sub-section (*2*), of section 7, and the First Schedule of the Indian Post Office Act, 1898, are hereby repealed.

1 of 1898.

Substitution of new sub-sections (*1*) and (*2*) in section 21 of same Act.

3. For sub-sections (*1*) and (*2*) of section 21 of the said Act, the following sub-sections shall be substituted, namely:—

"21. (*1*) The Governor General in Council may make rules as to the transmission of articles by post.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may—

(*a*) specify articles which may not be transmitted by post;

(*b*) prescribe conditions on which articles may be transmitted by post,

(*c*) provide for the detention and disposal of articles in course of transmission by post in contravention of rules made under clause (*a*) or clause (*b*);

(*d*) provide for the granting receipts for, and the granting and obtaining certificates of, posting and delivery of postal articles and the sums to be paid, in addition to any other postage, for such receipts and certificates;

(*e*) regulate covers, forms, dimensions, maximum weights, and enclosures, and the use of postal articles, other than letters, for making communications; and

(*f*) prescribe the fees to be charged for inquiries into complaints regarding the disposal of postal articles."

Amendment of section 23 of same Act.

4. (*1*) In section 23, sub-section (*2*), of the said Act, after the words "in contravention of" the words and figures "section 20, clause (*a*), or of" shall be inserted.

(*2*) In sub-section (*3*) of the same section of the said Act, for clause (*b*) the following shall be substituted, namely:—

"(*b*) any postal article sent by post in contravention of the provisions of section 20 may be disposed of in such manner as the Governor General in Council may by rule direct."

Amendment of section 24 of same Act.

5. In section 24 of the said Act, for the words "Where a postal article, suspected to contain any contraband goods" the words "Except as otherwise provided in this Act, where a postal article suspected to contain any goods of which the import by post or the transmission by post is prohibited by or under any enactment for the time being in force", shall be substituted.

Amendment of and addition to section 25 of same Act.

6. In section 25 of the said Act, for the words "all such goods found" the words "all postal articles reasonably believed or found to contain such goods" shall be substituted, and to the same section the following shall be added, namely: —

"In carrying out any such search, such officer of the Post Office may open or unfasten, or cause to be opened or unfastened, any newspaper or any book, pattern or sample packet in course of transmission by post."

Amendment of section 26 (1) of same Act.

7. In section 26, sub-section (1), of the said Act, for the words "shall be delivered to the Government or to an officer thereof mentioned in the order, to be disposed of in such manner as the Governor General in Council may direct", the following shall be substituted, namely:—

"shall be disposed of in such manner as the authority issuing the order may direct."

Amendment of section 35 of same Act.

8. (1) In section 35, sub-section (2), of the said Act, at the end of clause (c) the word "and" shall be omitted, and after clause (d) the following shall be added, namely:—

"and

(e) provide for the retention and repayment to the addressee in cases of fraud of money recovered on the delivery of any value-payable postal article."

(2) After sub-section (3) of the same section the following shall be added, namely:—

"(4) No suit or other legal proceeding shall be instituted against the Secretary of State for India in Council or any officer of the Post Office in respect of anything done, or in good faith purporting to be done, under any rule made under clause (e) of sub-section (2)."

Addition to section 48 of same Act.

9. To section 48 of the said Act the following shall be added, namely:—

"or

(e) any wrong payment or delay in payment of a money order beyond the limits of British India by an officer of any post office, not being one established by the Governor General in Council."

STATEMENT OF OBJECTS AND REASONS.

Experience has shown that the existing Post Office Act, which was enacted in 1898, fails in certain respects to give adequate powers to the postal authorities to deal with articles posted in contravention of the Act. The present Bill is designed to give such further powers as are required, and at the same time to remove certain obscurities and to remedy such minor defects as have been found to exist. An explanation of the several amendments which it is proposed to make is given in the subjoined *Notes on Clauses*.

Notes on Clauses.

Clause 2.—There are certain isolated localities where the cost of carrying the parcel traffic very considerably exceeds the receipts from such traffic. The object of the amendment is to enable the Post Office to increase rates on parcels in such particular localities, where it is found that the maximum rates allowed under the existing Act are unremunerative. The English Post Office Act fixes no maximum rates for the parcel post. It is considered that the object in view can most simply be attained by erasing the proviso to sub-section (1) of section 7. A corollary to this is the erasure of sub-section (2) of section 7 and of the First Schedule.

Clause 3.—It is considered advisable to provide for the issue of rules to prohibit the transmission by post of circulars relating to lotteries, and to prohibit or restrict the transmission by post of coin, bullion or any other articles of a specified description. At present there is no prohibition of the transmission of circulars relating to lotteries, although the publication of such circulars is an offence under section 294-A of the Indian Penal Code. The transmission of gold coin or bullion is limited by executive orders, but it is desired to provide expressly for the issue of rules to cover such cases. These objects will be attained by the addition of the new sub-clauses (*a*), (*b*) and (*c*) to sub-section (2) of section 21 of the existing Act.

The addition of sub-clause (*f*) has been made in order to make it possible to provide by rule for the imposition of a fee for an enquiry regarding the disposal of a postal article of any

class. It has been found that a great deal of labour and trouble is caused to post offices and audit offices by the investigation of complaints relating to unregistered value-payable articles, a large majority of which ultimately prove to be groundless. In the British Post Office an enquiry fee of 2*d.* is charged for each enquiry into the alleged loss or non-delivery of a registered article, on the condition that the fee will be refunded if it is found that the Post Office has been in fault. It is considered advisable to adopt a similar procedure in India with regard to value-payable articles, but the amendment has been so worded as to enable the principle of an enquiry fee to be extended, if necessary, to postal articles of any class.

Clause 4.—The amendment of section 23 (*2*) so as to allow the opening of any newspaper, book, pattern or sample packet suspected to have been sent in contravention of section 20 (*a*) of the Act is necessary to render the prohibitions laid down under section 20 effective. The necessity for this amendment arose from the powerlessness of the Post Office to stop the circulation of an extremely indecent pamphlet recently published, inasmuch as the Act does not allow the postal authorities to open any article suspected to have been sent in contravention of section 20. In the United Kingdom the Post Office has the power to open any postal article to ascertain whether it contains indecent matter, but it is considered that in India the opening of newspapers and book, pattern or sample packets only should be permitted for this purpose. Letters and parcels will not be affected.

The provisions of section 23 (*3*) (*b*) of the existing Act are not satisfactory. Under them the Post Master General is constituted the authority which shall decide whether an article is or is not indecent or obscene, or whether words written thereon are or are not seditious. It is considered advisable to relieve the postal authorities of this responsibility, and to substitute a provision enabling the Governor General in Council to make rules for the treatment of articles which are considered by the postal authorities to have been sent in contravention of section 20.

Clause 5.—The absence of any definition of "contraband goods" in the existing Act has been repeatedly felt, and it is proposed to substitute a defining phrase, making it clear that the provisions of section 24 are applicable to goods of which the import or transmission by post has been prohibited under the Excise, Opium or other laws.

Clause 6.—This clause makes an addition to section 25 of the Act to make it clear that the power to search conferred by that section includes the power to open or unfasten any newspaper or any book, pattern or sample packet in course of transmission by post suspected to contain goods of any specified description, with respect to which a notification has been published under section 19 of the Sea Customs Act, 1878. The present law leaves it doubtful whether the power to search includes the power to open, although it has indeed been held to include the power to open any postal article. It is desirable to make the law definite on this point, and at the same time to limit the power to open specifically to newspapers, book, pattern or sample packets. The power will not extend to letters and parcels, although the postal authorities will have power to hand over unopened to the Customs authorities postal articles which they are not permitted to open, but which they have good reason to believe to contain prohibited goods. A further defect in the existing law is that it empowers the postal authorities to deliver to such officer as the Governor General in Council may appoint only the goods found and not the postal articles containing the goods.

Clause 7.—This clause amends the last words of section 26 (*l*) by providing that the order for the disposal of intercepted articles should be passed by the authority sanctioning their interception. At present while a Local Government or an officer specially authorised in this behalf by the Governor General in Council can order the interception of a postal ticle, the directions as to its disposal have to be issued by the Governor General in Council. This procedure is cumbrous and unnecessary, and it is considered that the Local Government or the officer empowered to intercept postal articles should be authorised to dispose of them.

Clause 8.—As the law stands, it is illegal to withhold from the sender of a value-payable article payment of the money received from the addressee, even if the article may have obviously been sent to defraud the addressee. It is necessary that there should be some provision enabling the Post Office to withhold payment in such cases, and the object of the amendments introduced by clause 9 is to enable the Governor General in Council to make rules authorising a Post Master General—

(1) to withhold the payment to the sender of a value-payable article of the money received from the addressee, if the latter complains, immediately on receipt, that the article was sent fraudulently, and if there are good grounds for believing such complaint to be justified, and

(2) to order the return of the value-payable article to the sender and the refund to the addressee of the money received from him, if the Post Master General is fully satisfied, after enquiry has been made, that the article was fraudulently sent.

Clause 9.—The object of this clause is to exempt the Secretary of State from liability in cases of wrong payment, or delay in payment, beyond the limits of British India of a money order issued by the Post Office of India. The necessity for the amendment has been established by a recent judgment against the Secretary of State in a case where it was admitted that payment had been made to the wrong person through no fault of the Indian Post Office but owing to a want of care and caution on the part of a foreign Post Office.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 22nd September 1911.

No. 20 OF 1911.

A Bill to provide for the delegation of Executive Powers and Duties in certain cases.

WHEREAS it is expedient to provide for the delegation of executive powers and duties in certain cases ; It is hereby enacted as follows :—

1. This Act may be called the Delegation Act, 19 .

Short title.

2. Subject to the provisions hereinafter contained, the Governor General in Council may, by notification in the Gazette of India, delegate to any authority or class of authority specified therein, either absolutely or subject to such conditions and restrictions as he thinks fit to impose, all or any executive powers or duties conferred or imposed upon him or upon any authority subordinate to him by any enactment made by any authority in India.

Delegation of executive powers and duties by Governor General in Council.

3. Subject to the provisions hereinafter contained, the Local Government of a Province for which a Legislative Council has been, or may hereafter be, constituted, may, by notification in the local official Gazette, make a like delegation of all or any executive powers or duties conferred or imposed on such Local Government or upon any authority subordinate to it by any enactment made by any authority in India solely for such Province.

Delegation of executive powers and duties by Local Government.

4. Nothing in section 2 or section 3 shall be deemed to empower the Governor General in Council or the Local Government to delegate—

Exceptions to sections 2 and 3.

(*a*) any powers or duties conferred or imposed by the Code of Criminal Procedure, 1898, or the Code of Civil Procedure, 1908, or by any enactment relating to the constitution of the Civil Courts for the time being in force, or

V of 1898.
V of 1908.

(*b*) any powers conferred by any enactment on a superior authority to sanction or consent to the exercise by an inferior authority of any powers conferred on such authority thereunder.

5. The powers of delegation conferred by sections 2 and 3 shall be exercised subject to the following conditions, namely :—

Conditions of exercise of powers of delegation.

(1) no delegation shall be made in respect of powers imposed or duties conferred by an enactment which has been in force for less than five years :

Provided that, when an enactment has been repealed and re-enacted, a delegation may be made of any power or duty conferred or imposed by such enactment if the provision conferring or imposing the power or duty has been in force for at least five years ;

(2) the authority making a delegation under this Act shall, before issuing the notification, publish a draft of the proposed notification as follows, namely ;

(*a*) when the authority making the delegation is the Governor General in Council, in the Gazette of India and in the local official Gazette (if any) of every Local Government in whose territories the enactment conferring or imposing the power or duty to be delegated is in force, and

(*b*) when the authority making the delegation is a Local Government, in the local official Gazette ;

(3) there shall be published with the draft a notice specifying a date on or after which the draft will be taken into consideration ;

(4) the authority making the delegation shall receive and consider any objection or suggestion which may be made by any person with respect to the draft before the date so specified ;

(5) at the time of the publication of such draft notification a copy thereof shall be sent to—

(*a*) every member for the time being of the Legislative Council of the Governor General or of the local Legislative Council, as the case may be ; and

(*b*) to the Secretary to such Legislative Council ;

(6) the Secretary of such Legislative Council shall lay any such draft notification on the table of the Council at the meeting of Council next following its receip ;

(7) no notification issued under this Act shall have effect unless—

(*a*) three months have elapsed from the date of the publication of the draft of such notification ; and

(*b*) a meeting of the Legislative Council concerned has taken place subsequent to the date of such publication.

6. The publication in the Gazette of India or the local official Gazette, as the case may be, of a notification purporting to be issued under this Act shall be conclusive proof that the notification has been duly issued.

Publication of notification to be conclusive proof that it has been duly made.

Delegation of powers to make to include delegation of powers to add to, amend, vary or rescind.

7. Where a notification has been issued under the provisions of section 2 or section 3 delegating a power to issue notifications, orders, rules or bye-laws, then, unless it is otherwise expressly provided in such notification, the power so delegated includes a power exercisable in the like manner and subject to the like sanction and conditions, if any, to add to, amend, vary or rescind any notifications, orders, rules or bye-laws so issued.

Continuation of orders, etc., issued by authority whose power is delegated.

8. Where any notification is issued under the provisions of section 2 or section 3, then, unless it is otherwise expressly provided in such notification, any appointment, notification, order, scheme, rule, form or bye-law already made or issued by the authority whose power is delegated, shall continue in force and be deemed to have been issued by the authority to which the power is delegated unless and until it is superseded by any appointment, notification, order, scheme, rule, form or bye-law made or issued by that authority.

STATEMENT OF OBJECTS AND REASONS.

THE Royal Commission on Decentralization pointed out, in paragraph 409 of their Report, that the proposals which they made in the direction of decentralization would, in existing circumstances, entail a large amount of continuous amending legislation, in order to permit of the delegation to a lower authority of powers and duties now vested by law in a higher authority. To give effect to their proposals, with a minimum of legislation of a petty character, they recommended, in paragraph 416 of their Report, the enactment of a general Act of Delegation, which would permit of the transmission of powers and functions by notifications of the Government of India or of the local Government, as the case might be.

The Commission made this recommendation after considering the alternative of a general Decentralization Act or Acts, which would specify in schedules the specific powers under particular Acts to be delegated, and after taking into account the opinions of Local Governments on both alternatives. They concluded that, subject to certain safeguards, mentioned in paragraph 416 of their Report, there could be no objection to a system of delegation of powers and duties by notification.

To the safeguards suggested by the Royal Commission, others have been added by the Government of India. All such safeguards are shown in clause 5 of the Bill. Moreover, the Bill specially excludes from its purview (*vide* clause 4)—

(*a*) powers or duties conferred by the Codes of Civil and Criminal Procedure, and by the several enactments relating to the constitution of Civil Courts; and

(*b*) powers conferred by any enactment on a superior authority to sanction or consent to the exercise by an inferior authority of any powers conferred on such authority by such enactment.

The Bill is designed, in short, to facilitate delegation in respect of non-controversial matters.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 22nd September 1911 :—

No. 21 OF 1911.

A Bill to consolidate and amend the Excise Law in the Central Provinces.

WHEREAS it is expedient to consolidate and amend the law in the Central Provinces relating to the import, export, transport, manufacture, sale and possession of intoxicating liquor and of intoxicating drugs; It is hereby enacted as follows:—

CHAPTER I.

PRELIMINARY.

1. (*1*) This Act may be called the Central Provinces Excise Act, 19 .

Short title, extent and commencement.

(*2*) It extends in the first instance to the whole of the Central Provinces; and

(*3*) It shall come into force on such date as the Local Government may, by notification, direct.

(*4*) With the previous sanction of the Governor General in Council, the Local Governments of Ajmere and Merwara, British Baluchistan, and Coorg, may, by notification in the official Gazette, extend to the whole or any part of their provinces, all or any of the provisions of this Act subject to such restrictions and modifications as they may think fit respectively.

2. In this Act, unless there is anything repugnant in the subject or context,—

Definitions.

(*15*) "place" includes house, building, shop, booth, tent, vessel, raft and vehicle: [Ib., s. (20

(*16*) expressions referring to "sale" include any transfer otherwise than by way of gift: [Ib., s. 3 (14).]

(*17*) "spirit" means any liquor containing alcohol obtained by distillation whether it is denatured or not: [Cf. Act X 1896, s. 3 ((1), and Ma Act I, 1886 (8).]

(*18*) "*tari*" means fermented or unfermented juice drawn from any kind of palm tree: and [Mad. Act 1886, (7).]

(*19*) "transport" means to move from one place to another within the province. [Ib., s. 3 (17

Provision supplemental to the definition of "intoxicating drug".

3. The Local Government may, by notification, declare what shall be deemed to be *ganja*, *bhang*, or *charas*.

Power to declare what shall be deemed to be "country liquor" and "foreign liquor" respectively.

4. The Local Government, with the previous sanction of the Governor General in Council, may, by notification declare what, for the purposes of this Act, or any portion thereof, shall be deemed to be "country liquor" and "foreign liquor," respectively.

[*Cf. ib.* 4.]

Saving of enactments.

5. Nothing contained in this Act shall affect the provisions of the Sea Customs Act, 1878, or the Indian Tariff Act, 1894, (except section 6 thereof), or the Cantonments Act, 1910, or any rule or order made thereunder.

VIII of 1878.
VIII of 1894.
XV of 1910.

CHAPTER II.

ESTABLISHMENT AND CONTROL.

[*Cf.* Mad. Act I, 1886, *ss.* 4 and 5 (1).]

Establishment and powers thereof.

6. The Local Government may, by notification, for the whole or for any specified part of the province,—

(*a*) appoint an officer, hereinafter referred to as the Excise Commissioner, who, subject to such control (if any) as the Local Government may direct, shall superintend the administration of the Excise Department and the collection of the excise-revenue;

(*b*) appoint any person other than the Collector to exercise all or any of the powers and to perform all or any of the duties conferred and imposed on a Collector by or under this Act, either concurrently with, or in subordination to or in exclusion of the Collector, subject to such control as the Local Government may direct;

(*c*) appoint officers of the Excise Department of such classes and with such designations, powers and duties as the Local Government may think fit;

(*d*) order that all or any of the powers and duties assigned by or under this Act to any officer appointed under clause (*c*) shall be exercised and performed by any Government officer or any other person;

(*e*) delegate to the Chief Revenue-authority or the Excise Commissioner all or any of its powers under this Act;

(*f*) withdraw from any officer or person all or any of his powers under this Act; and

(*g*) permit the delegation by the Chief Revenue-authority, the Excise Commissioner or the Collector to any person or class of persons specified in such notification of any powers conferred or duties imposed upon it or him by or under this Act, or exercised or discharged by it or him in respect of the excise-revenue under any other Act for the time being in force.

CHAPTER III.

IMPORT, EXPORT AND TRANSPORT.

Power to prohibit import, export or transport.

7. The Local Government may, by notification,— [Ben. V of s. 11.]

(*a*) with the previous sanction of the Governor General in Council, prohibit, throughout the province or in any specified area thereof, the import or export of any excisable article;

(*b*) prohibit the transport of any excisable article.

Restriction on import, export or transport.

8. No excisable articles shall be imported, exported or transported, except—

(*a*) after payment of any duty of Customs or Excise to which it may be liable, or execution of a bond for such payment; and

(*b*) on compliance with such conditions as the Local Government may impose.

Requirement of pass for import, export or transport.

9. No excisable article exceeding such quantity as the Local Government may prescribe by notification either generally or for any specified area, shall be imported, exported, or transported except under a pass issued, or deemed to be issued, under the provisions of this Act: [*Cf.* Act I, *s.* 10; Act V *s.* 12.]

Provided that in the case of duty-paid foreign liquor such passes shall be dispensed with, unless the Local Government shall, by notification, otherwise direct with respect to any local area.

Passes for import, export or transport.

10. (*1*) Passes for the import, export or transport of excisable articles may be granted by the Collector: [*Cf.* ... XII, ... 90.]

Provided that passes for the import and export of such excisable articles as the Excise Commissioner may from time to time determine shall be granted only by the Excise Commissioner.

(*2*) Such passes may be either general for definite periods and kinds of excisable articles, or special for specified occasions and particular consignments only.

Passes issued by other authorities may be deemed passes granted under this Act.

11. The Excise Commissioner may, by general or special order, direct, subject to such conditions (if any) as he may impose, that a pass granted by any authority in India shall be deemed to be a pass for any purpose under this Act,

CHAPTER IV.

MANUFACTURE, POSSESSION AND SALE.

[*Cf.* Mad. Act I, 1886, s. 4, and Act II, 1896, ss. 11 and 12.]

Licenses required for manufacture of excisable article.

12. (*a*) No excisable article shall be manufactured or collected;

(*b*) no hemp or coca plant shall be cultivated;

(*c*) no *tari*-producing tree shall be tapped and no *tari* shall be drawn from any tree;

(*d*) no liquor shall be bottled for sale;

(*e*) no distillery or brewery shall be constructed or worked; and

(*f*) no person shall use, keep or have in his possession any materials, still, utensil, implement or apparatus whatsoever for the purpose of manufacturing any excisable article other than *tari*;

except under the authority and subject to the terms and conditions of a license granted in that behalf:

Provided that the Local Government may, by notification, declare that the provisions of this section shall not apply, in any area specified in this behalf, to the tapping of *tari*-producing trees, or the drawing of *tari* under such conditions as it may prescribe.

[*Cf.* Mad. Act I, 1886, s. 5.]

Establishment or licensing of distilleries and warehouses.

13. The Excise Commissioner may—

(*a*) establish a distillery in which spirit may be manufactured under a license granted under section 12 on such conditions as the Local Government may impose;

(*b*) discontinue any such distillery;

(*c*) license, on such conditions as the Local Government may impose, the construction and working of a distillery or brewery;

(*d*) establish or license a warehouse, wherein any excisable article may be deposited and kept without payment of duty; and

(*e*) discontinue any such warehouse.

Payment of duty on removal from distillery, brewery or place of storage.

14. Without the sanction of the Local Government no excisable article shall be removed from any distillery, brewery, warehouse or other place of storage established or licensed under this Act unless the duty (if any) imposed under section 23 has been paid or a bond has been executed for the payment thereof.

[*Cf.* Ben. Act 1909, s. 7.]

Possession of excisable articles generally.

15. (*1*) No person not being licensed to manufacture, cultivate, collect or sell any excisable article, shall, except under a permit granted by the Collector in that behalf, have in his possession any quantity of any excisable article in excess of such quantity as the Local Government may by notification prescribe.

(*2*) The Local Government may prescribe for the whole province or any area therein the maximum quantity of any excisable article which may be possessed by persons generally or by any specified class of persons, and at all times or on specified occasions:

Provided that different limits may be prescribed for different qualities of the same article.

(*3*) Sub-section (*1*) shall not apply to any foreign liquor—

(*a*) which is in the possession of any common carrier or warehouseman as such, or

(*b*) which is lawfully procured by and in the possession of any person for his *bonâ fide* private consumption and not for sale.

(*4*) Notwithstanding anything contained in the foregoing sub-sections, the Local Government may, by notification, prohibit the possession by any person or class of persons, either in the province or in any specified area, of any excisable article, either absolutely, or subject to such conditions as it may prescribe.

[*Cf.* Mad. Act I, 1886, s. 15, and Act XII, 1896, s. 12.]

License required for sale of excisable articles.

16. (*1*) No excisable article shall be sold except under the authority and subject to the terms and conditions of a license granted in that behalf:

Provided that—

(*a*) a person having the right to the *tari* drawn from any tree may sell such *tari* without a license to a person licensed to manufacture or sell *tari* under this Act;

(*b*) a cultivator or owner of any plant from which an intoxicating drug is produced may sell without a license those portions of the plant from which the intoxicating drug is manufactured or produced to any person licensed under this Act to deal in the same, or to any officer whom the Excise Commissioner may prescribe; and

(*c*) nothing in this section shall apply to the sale of any foreign liquor lawfully procured by any person for his private use and sold by him or on his behalf or on behalf of his representatives in interest upon his quitting a station or after his decease, or to any sale held by order of a Court.

(*2*) On such conditions as the Excise Commissioner may determine, a license for sale under the Excise law for the time being in force in other parts of British India may be deemed to be a license granted in that behalf under this Act.

[*Cf.* Mad. Act I, 1886, s. 16.]

Power to grant lease of right to manufacture, etc.

17. (*1*) The Local Government may lease to any person, on such conditions and for such period as it may think fit, the right—

(*a*) of manufacturing, or of supplying by wholesale, or of both, or

(*b*) of selling by wholesale or by retail, or

(*c*) of manufacturing or of supplying by wholesale, or of both, and of selling by retail

any country liquor or intoxicating drug within any specified area.

(*2*) The licensing authority may grant to a lessee under sub-section (*1*) a license in the terms of his lease; and, when there is no condition in the lease which prohibits sub-letting, may, on the application of the lessee, grant a license to any sub-lessee approved by such authority.

Lessee's permission to draw *tari*.

18. Where a right of manufacturing *tari* has been leased under section 17, the Local Government may declare that the written permission of the lessee to draw *tari* shall have the same force and effect as a license from the Collector for that purpose.

[*Cf.* Act XII, 1896, *s.* 62.]

Manufacture and sale of liquor in military cantonments.

19. Within the limits of any military cantonment, and within such distance from those limits as the Local Government in any case may prescribe, no license for the retail sale of liquor shall be granted, except with the knowledge and consent of the Commanding Officer.

[*Cf.* Mad. Act I, 1886, *s.* 27.]

Duties of licensees with regard to measurement and testing.

20. Every person who manufactures or sells any excisable article under a license granted under this Act shall be bound—

(*a*) to supply himself with such measures, weights and instruments as the Excise Commissioner may prescribe, and to keep the same in good condition; and

(*b*) on the requisition of any Excise-officer duly empowered in that behalf, at any time to measure, weigh or test any excisable article in his possession in such manner as the said Excise-officer may require.

Prohibition of employment of children under the age of fourteen years and of women.

21. (*1*) No person who is licensed to sell foreign liquor or country spirit for consumption on his premises shall, during the hours in which such premises are kept open for business, employ or permit to be employed, either with or without remuneration, any child under the age of fourteen years in any part of such premises in which such liquor or spirit is consumed by the public.

(*2*) No person who is licensed to sell foreign liquor for consumption on his premises shall, without the previous permission in writing of the Excise Commissioner, during the hours in which such premises are kept open for business, employ or permit to be employed, either with or without remuneration, any woman in any part of such premises in which liquor is consumed by the public.

(*3*) Every permission granted under sub-section (*2*) shall be endorsed on the license and may be modified or withdrawn.

[*Cf.* Mad. Act I, 1886, *s.* 54.]

Closing of shops for the sake of public peace.

22. (*1*) The District Magistrate, by notice in writing to the licensee, may require that any shops in which any excisable article is sold shall be closed at such times or for such period as he may think necessary for the preservation of the public peace.

(*2*) If a riot or unlawful assembly is apprehended or occurs in the vicinity of any such shop, a Magistrate of any class, or any police-officer above the rank of constable who is present, may require such shop to be kept closed for such period as he may think necessary.

(*3*) When any Magistrate or police-officer issues an order under sub-section (*2*), he shall forthwith inform the Collector of the fact.

CHAPTER V.

DUTIES AND FEES.

[*Cf.* Mad. Act I, 1886, *s.* 17; Act XII, 1896, *ss.* 7, 8, and 13 and Act XVI of 1863, *s.* 1.]

Duty on excisable article.

23. (*1*) The Local Government may by notification, impose a duty, at such rate or rates as it thinks fit, either generally or for any specified area, on any excisable article—

(*a*) imported; or

(*b*) exported; or

(*c*) transported; or

(*d*) manufactured, cultivated or collected under any license granted under section 12; or

(*e*) manufactured in any distillery established, or any distillery or brewery licensed, under this Act.

(*2*) Duty may be imposed under sub-section (*1*) at different rates according to the places to which any excisable article is to be removed, or according to the strength and quality of such article.

(*3*) Notwithstanding anything contained in sub-section (*1*),—

(i) duty shall not be imposed thereunder on any article which has been imported into British India and was liable, on such importation, to duty under the Sea Customs Act, 1878, or the Indian Tariff Act, 1894; VIII of 187 VIII of 189

(ii) duty imposed thereunder on denatured spirit or beer manufactured in British India shall, unless the Local Government with the previous sanction of the Governor General in Council otherwise directs, be equal to the duty to which denatured spirit or beer, as the case may be, when imported into British India by sea, is liable under the Indian Tariff Act, 1894, or any other law for the time being in force relating to the duties of customs on goods imported into British India.

[*Cf.* Mad. Act I, 1886, s. 8.]

Ways of levying such duty.

24. Subject to such rules regulating the time, place and manner as the Local Government may prescribe, such duty shall be levied rateably on the quantity of excisable article imported, exported, transported or manufactured in or issued from a distillery, brewery or warehouse :

Provided that—

(1) duty may be levied—

(*a*) on intoxicating drugs by an acreage rate levied on the cultivation of the hemp or coca plant, or by a rate charged on the quantity collected ;

(*b*) on spirit or beer manufactured in any distillery established or any distillery or brewery licensed under this Act—

(i) in accordance with such scale of equivalents calculated on the quantity of materials used, or by the degree of attenuation of the wash or wort, as the case may be, as the Local Government may prescribe, or

(ii) by a rate charged directly on the materials used ;

(*c*) on *tari*, by a tax on each tree from which the *tari* is drawn :

(2) where payment is made upon the issue of an excisable article for sale from a warehouse, it shall be at the rate of duty in force on the date of issue of such article from the warehouse.

[Ben. Act of 1909, s. 11]

Payment for grant of leases.

25. Instead of or in addition to any duty leviable under this Chapter, the Local Government may accept payment of a sum in consideration of the grant of any lease under section 17.

CHAPTER VI.

LICENSES, PERMITS AND PASSES.

[Mad. Act 1886, s. 24. Ben. Act of 1909, s.

Form and conditions of licenses, etc.

26. Every license, permit or pass granted under this Act—

(*a*) shall be granted—

(i) on payment of such fees (if any),

(ii) for such period,

(iii) subject to such restrictions and on such conditions ; and

(*b*) shall be in such form and contain such particulars,

as the Local Government may direct either generally or in any particular instance.

[Mad. Act 1886, s. 25, Ben. Act of 1909, s.]

Power to take security from licensee.

27. Any authority granting a license under this Act may require the licensee to give such security for the observance of the terms of his license, or to make such deposit in lieu of security, as such authority may think fit.

[*Ibid*, s. 41.]

Technical defects, irregularities and omissions.

28. (1) No license granted under this Act shall be deemed to be invalid by reason merely of any technical defect, irregularity or omission in the license or in any proceedings taken prior to the grant thereof.

(2) The decision of the Excise Commissioner as to what is a technical defect, irregularity or omission shall be final.

[*Cf.* Mad. Act I, 1886, s. 26. Ben. Act V, 1909, s. 42.]

Power to cancel or suspend license, etc.

29. (1) Subject to such restrictions as the Local Government may prescribe, the authority granting any license, permit or pass under this Act may cancel or suspend it—

(*a*) if any duty or fee payable by the holder thereof be not duly paid ; or

(*b*) in the event of any breach by the holder thereof or by any of his servants, or by any one acting on his behalf, with his express or implied permission, of any of the terms or conditions thereof ; or

(*c*) if the holder thereof is convicted of any offence under this Act or any other law for the time being in force relating to revenue, or of any cognizable and non-bailable offence, or of any offence under the Indian Merchandise Marks Act, 1889, or under any section which has been introduced into the Indian Penal Code by section 3 of that Act ; or

IV of 1889.

XLV of 1860.

(*d*) if the holder thereof is punished for any offence referred to in clause (8) of section 167 of the Sea Customs Act, 1878 ; or

VIII of 1878.

(*e*) where a license, permit or pass has been granted on the application of the holder of any lease granted under section 17—on the requisition in writing of such lessee ; or

(*f*) if the conditions of the license, permit or pass provide for such cancellation or suspension at will.

(2) Where a license, permit or pass held by any person is cancelled under clause (*a*), clause (*b*), clause (*c*) or clause (*d*) of sub-section (1), the authority aforesaid may cancel any other license, permit or pass granted to such person under this Act or under any other law for the time being in force relating to excise-revenue, or under the Opium Act, 1878.

I of 1878.

(3) The holder shall not be entitled to any compensation for its cancellation or suspension, nor to the refund of any fee paid or deposit made in respect thereof.

(4) Where a license, permit or pass is cancelled or suspended under clause (*a*), clause (*b*), clause (*c*) or clause (*d*) of sub-section (1),—

(*a*) the fee payable for the balance of the period for which such license would have been current but for such cancellation or suspension, may be recovered from the ex-licensee as excise-revenue ;

(*b*) the Collector may take the grant under management or resell it, but any profit realised by such management or resale which is not in excess of the amount recovered for such period shall be paid to the ex-licensee.

[*Cf.* Act XII, 1896, s. 28. Ben. Act V of 1909, s. 43.]

Power to withdraw licenses.

30. (*1*) Whenever the authority which granted any license under this Act considers that such license should be withdrawn for any cause other than those specified in section 29, it shall remit a sum equal to the amount of the fees payable in respect thereof for fifteen days, and may withdraw the license either—

(*a*) on the expiration of fifteen days' notice in writing of its intention to do so, or

(*b*) forthwith without notice.

(*2*) If any license be withdrawn under clause (*b*) of sub-section (*1*), the aforesaid authority shall, in addition to remitting such sum as aforesaid, pay to the licensee such further sum (if any) by way of compensation as the Excise Commissioner may direct.

(*3*) When a license is withdrawn under sub-section (*1*), any fee paid in advance or deposit made by the licensee in respect thereof shall be refunded to him, after deducting the amount (if any), due to Government.

Surrender of license.

31. (*1*) Any holder of a license granted under this Act to sell an excisable article may surrender his license on the expiration of one month's notice in writing given by him to the Collector of his intention to surrender the same, and on payment of the fee payable for the license for the remainder of the period for which it would have been current but for such surrender:

Provided that if the Excise Commissioner is satisfied that there is sufficient reason for surrendering a license, he may remit to the holder thereof the sum so payable on surrender or any portion thereof.

(*2*) Sub-section (*1*) shall not apply in the case of any license granted under section 17.

Explanation.—The words "holder of a license," as used in this section, include a person whose tender or bid for a license has been accepted, although he may not actually have received the license.

CHAPTER VII.

OFFENCES AND PENALTIES.

[*Cf.* Mad. Act I, 1886, s. 55, and Act XII, 1896, ss. 45, 46, 48, 49 and 51.]

Penalty for illegal import, etc.

32. Whoever, in contravention of this Act, or of any rule, notification or order made, issued or given thereunder, or of any license, permit or pass granted, under this Act,—

(*a*) imports, exports, transports, manufactures, collects or possesses any excisable article; or

(*b*) save in the case provided for in section 36 sells any excisable article; or

(*c*) cultivates any hemp or coca plant; or

(*d*) taps or draws *tari* from any *tari*-producing tree; or

(*e*) constructs or works any distillery or brewery; or

(*f*) uses, keeps or has in his possession any materials, still, utensil, implement or apparatus whatsoever for the purpose of manufacturing any excisable article other than *tari*; or

(*g*) removes any excisable article from any distillery, brewery or warehouse licensed, established, or continued under this Act; or

(*h*) bottles any liquor;

shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both.

Penalty for attempting to render denatured spirit fit for human consumption.

33. Whoever—

(*a*) attempts to render fit for human consumption any spirit which has been denatured; or

(*b*) has in his possession any spirit in respect of which he knows or has reason to believe that any such attempt has been made;

shall be punishable with imprisonment for a term which may extend to three months, or with fine which may extend to one thousand rupees, or with both.

[Mad. Act 1886, s.

Penalty for illegal possession.

34. Whoever, without lawful authority, has in his possession any quantity of any excisable article knowing the same to have been unlawfully imported, transported, manufactured, cultivated or collected, or knowing the prescribed duty not to have been paid thereon, shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both.

[*Cf.* Mad. I, 1886, s. and Act 1896, s. 47.

Penalty for, offences not otherwise provided for.

35. Whoever does any act in contravention of any of the provisions of this Act, or of any rule, notification or order made, issued or given thereunder and not otherwise provided for in this Act, shall be punishable with fine which may extend to two hundred rupees.

Penalty for certain unlawful acts of licensed vendors.

36. (*1*) A licensed vendor or any person in his employ and acting on his behalf who—

(*a*) sells any excisable article to a person who is drunk; or

(*b*) sells or gives any excisable article to any child apparently under the age of fourteen years; or

(*c*) in contravention of section 21 employs or permits to be employed on any part of his licensed premises referred to in that section any child or woman; or

(*d*) permits drunkenness, disorderly conduct or gaming on the premises of such vendor; or

(*e*) permits persons whom he knows or has reason to believe to have been convicted of any non-bailable offence, or who are reputed prostitutes, to resort to or assemble on the premises of such vendor, whether for the purposes of crime or prostitution or not:

shall be punishable with fine which may extend to five hundred rupees.

(*2*) Where any licensed vendor, or any person in his employ and acting on his behalf, is charged with permitting drunkenness on the premises of such vendor, and it is proved that any person was drunk on such premises, it shall lie on the person charged to prove that the licensed vendor and the persons employed by him took all reasonable steps for preventing drunkenness on such premises.

Cf. Mad I, 1886, s. and Act , 1896, ss. 52.]

Penalty for misconduct by licensees, etc.

37. A holder of a license, permit or pass granted under this Act or any person in the employ of such holder and acting on his behalf, who intentionally—

(*a*) fails to produce such license permit or pass on the demand of any Excise-officer or of any other officer duly empowered to make such demand; or

(*b*) save in a case provided for by section 32, contravenes any rule made under section 59; or

(*c*) does any act in breach of any of the conditions of the license, permit or pass not otherwise provided for in this Act;

shall be punishable in case (*a*) with fine which may extend to two hundred rupees, and in case (*b*) or case (*c*) with fine which may extend to five hundred rupees.

Penalty for consumption in chemist's shops, etc.

38 (*1*) A chemist, druggist, apothecary or keeper of a dispensary who allows any excisable article, which has not been *bonâ fide* medicated for medicinal purposes, to be consumed on his business premises by any person not employed in his business, shall be punishable with imprisonment for a term which may extend to three months, or with fine which may extend to one thousand rupees, or with both.

(*2*) Any person not employed as aforesaid who consumes any such excisable article on such premises, shall be punishable with fine which may extend to two hundred rupees

[Ben. Act V of 1909, s. 55.]

Manufacture, sale or possession by one person on account of another

39. (*1*) Where any excisable article has been manufactured or sold or is possessed by any person on account of any other person, and such other person knows or has reason to believe that such manufacture or sale was, or that such possession is, on his account, the article shall for the purposes of this Act, be deemed to have been manufactured or sold by, or to be in the possession of, such other person.

(*2*) Nothing in sub-section (*1*) shall absolve any person who manufactures, sells or has possession of an excisable article on account of another person from liability to any punishment under this Act for the unlawful manufacture, sale or possession of such article.

[Mad. Act I, 1886, s. 64.]

Presumption as to commission of offence in certain cases.

40 In prosecutions under section 32, section 33 and section 34 it shall be presumed, until the contrary is proved, that the accused person has committed an offence punishable under that section in respect of—

(*a*) any excisable article, or

(*b*) any still, utensil, implement or apparatus whatsoever for the manufacture of any excisable article other than *tari*, or

(*c*) any materials which have undergone any process towards the manufacture of an excisable article or from which an excisable article has been manufactured,

for the possession of which he is unable to account satisfactorily.

[Ben. Act V of 1909, ss. 56, 57.]

Criminal liability of licensee for acts of servants

41. Where any offence under section 32, section 33, section 34, section 36 or section 37 is committed by any person in the employ and acting on behalf of the holder of a license, permit or pass granted under this Act such holder shall also be punishable as if he had himself committed the same, unless he establishes that all due and reasonable precautions were exercised by him to prevent the commission of such offence:

Provided that no person other than the actual offender shall be punishable with imprisonment except in default of payment of fine.

[Ben. Act V of 1909, s. 58.]

Enhanced punishment after previous conviction.

42. If any person, after having been previously convicted of an offence punishable under section 32, section 33, section 34, or section 38, or under the corresponding provisions in any enactment repealed by this Act, subsequently commits and is convicted of an offence punishable under any of those sections, he shall be liable to twice the punishment which might be imposed on a first conviction under this Act:

Provided that nothing in this section shall prevent any offence which might otherwise have been tried summarily under Chapter XXII of the Code of Criminal Procedure, 1898, from being so tried.

V of 1898.

[*Cf.* Mad. Act I, 1886, s. 65.]

Liability of certain things to confiscation.

43. (*1*) Whenever an offence has been committed which is punishable under this Act, the excisable article, materials, still, utensil, implement or apparatus in respect of or by means of which such offence has been committed shall be liable to confiscation.

(*2*) Any excisable article lawfully imported, transported, manufactured, had in possession or sold along with, or in addition to, any excisable article liable to confiscation under sub-section (1), and the receptacles, packages and coverings in which any such excisable article, materials, still, utensil, implements or apparatus as aforesaid is or are found, and the other contents, if any, of the receptacles or packages in which the same is or are found, and the animals, carts, vessels, rafts or other conveyance used in carrying the same, shall likewise be liable to confiscation.

[*Cf.* Mad. Act I, 1886, s. 66, and Act XII, 1896, s. 61.]

Order of confiscation.

44. (*1*) Where in any case tried by him the Magistrate decides that anything is liable to confiscation under section 43, he may either order confiscation or may give the owner of the thing liable to be confiscated an option to pay, in lieu of confiscation, such fine as the Magistrate thinks fit.

(*2*) When an offence under this Act has been committed, but the offender is not known or cannot be found, the case shall be enquired into and determined by the Collector who may order confiscation :

Provided that no such order shall be made until the expiration of one month from the date of seizing the thing intended to be confiscated, or without hearing any person who may claim any right thereto, and the evidence (if any) which he may produce in support of his claim :

[*Cf.* Code of Criminal Procedure, s. 525.]

Provided further that if the thing in question is liable to speedy and natural decay, or if the Collector is of opinion that the sale would be for the benefit of its owner, the Collector may at any time direct it to be sold; and the provisions of this sub-section shall, as nearly as may be practicable, apply to the net proceeds of such sale.

[Mad. Act I, 1886 s. 67.]

Power to compound offences.

45. (*1*) The Collector may—

(*a*) accept from any person whose license, permit or pass is liable to be cancelled or suspended under clauses (*a*) and (*b*) of section 29, or who is reasonably suspected of having committed an offence under section 35, section 36 or section 37, a sum of money not exceeding two hundred rupees in lieu of such cancellation or suspension or by way of composition for such offence, as the case may be; and

(*b*) in any case in which any property has been seized as liable to confiscation under this Act may, at any time before an order of confiscation has been passed by a Magistrate, release the same on payment of the value thereof as estimated by the Collector.

(*2*) On the payment of such sum of money, or such value, or both, as the case may be, to the Collector, the accused person, if in custody, shall be discharged, the property seized (if any) shall be released ; and no further proceedings shall be taken against such person or property.

Penalty on Excise-officer making vexatious search, seizure, detention or arrest.

46. Any Excise-officer who vexatiously and unnecessarily— [S. 58, Bo. Act V 1909.]

(*a*) enters or searches or causes to be entered or searched any place under colour of exercising any power conferred by this Act, or

(*b*) seizes the moveable property of any person on the pretence of seizing or searching for any article liable to confiscation under this Act, or

(*c*) searches or arrests any person,

shall be punishable with imprisonment for a term which may extend to three months, or with fine which may extend to five hundred rupees, or with both.

CHAPTER VIII.

DETECTION, INVESTIGATION AND TRIAL OF OFFENCES.

Landholders and others to give information.

47. Whenever any excisable article is manufactured or collected, or any hemp or coca plant is cultivated, on any land in contravention of this Act— [Ben. Act of 1909, s.]

(*a*) all owners and occupiers of such land and their agents ; and

(*b*) all village-headmen, village-accountants, village-watchmen, village police-officers, and all officers employed in the collection of revenue or rent of land on the part of Government or the Court of Wards, in the villages,—

shall, in the absence of reasonable excuse, be bound to give notice of the fact to a Magistrate or to an officer of the Excise, Police or Land-revenue Department, as soon as the fact comes to their knowledge.

Power to enter and inspect places of manufacture and sale.

48. The Excise Commissioner, or a Collector or any Excise-officer not below such rank as the Local Government may by notification prescribe, or any Police-officer duly empowered in that behalf, may— [Mad. 1886, s. 59 ; *Cf.* XII, 1896, s. 53.]

(*a*) enter and inspect, at any time by day or by night, any place in which any licensed manufacturer manufactures or stores any excisable article; and

(*b*) enter and inspect, at any time within the hours during which sale is permitted and at any other time during which the same may be open, any place in which any excisable article is kept for sale by any person holding a license under this Act ; and

(*c*) examine accounts and registers, and examine, test, measure or weigh any materials, stills, utensils, implements, apparatus or excisable article found in such place.

[*Cf.* Mad. Act I, 1886, s. 34, and Act XII, 1896, s. 37.]

Power to arrest without warrant, to seize article liable to confiscation and to make searches.

49. Any officer of the Excise, Police, or Land Revenue Departments, subject to such restrictions as the Local Government may prescribe, and any other person duly empowered, may—

(*a*) arrest without warrant any person found committing an offence punishable under section 32, section 33, or section 34; and

(*b*) seize and detain any excisable or other article which he has reason to believe to be liable to confiscation under this Act or any other law for the time being in force relating to excise-revenue; and

(*c*) detain and search any person upon whom, and any vessel, raft, vehicle, animal, package, receptacle or covering in or upon which, he may have reasonable cause to suspect any such article to be.

[*Cf.* Mad. Act I, 1886, s. 30, and Act XII, 1896, s. 40.]

Power of Magistrate to issue a warrant.

50. If a Magistrate, upon information and after such inquiry (if any) as he thinks necessary, has reason to believe that an offence under section 32, section 33 or section 34 has been, is being, or is likely to be, committed, he may issue a warrant—

(*a*) for the search of any place in which he has reason to believe that any excisable article, still, utensil, implement, apparatus or materials, in respect of which such offence has been, is being, or is likely to be, committed, are kept or concealed, and

(*b*) for the arrest of any person who he has reason to believe to have been, to be or to be likely to be engaged in the commission of any such offence.

[*Cf.* Mad. Act I, 1886, s. 31, and Act III, 1896, s. 8.]

Power to search without a warrant.

51. Whenever any Excise-officer not below such rank as the Local Government may, by notification, prescribe, has reason to believe that an offence under section 32, section 33, or section 34, has been, is being, or is likely to be, committed, and that a search-warrant cannot be obtained without affording the offender an opportunity of escape or of concealing evidence of the offence, he may, after recording the grounds of his belief,—

(*a*) at any time, by day or night, enter and search any place and seize anything found therein which he has reason to believe to be liable to confiscation under this Act; and

(*b*) detain and search, and, if he thinks proper, arrest any person found in such place whom he has reason to believe to be guilty of such offence aforesaid.

[*Cf.* Ben. Act V of 1909, s. 74.]

Powers of Excise-officers in matters of investigation.

52. (*1*) Any Excise-officer not below such rank, and within such specified area, as the Local Government may by notification, prescribe, shall, as regards offences under section 32, section 33 and section 34, exercise the powers conferred on an officer in charge of a police-station by the provisions of the Code of Criminal Procedure, 1898: V of 1898.

Provided that any such powers shall be subject to such restrictions and modifications (if any) as the Local Government may by rule prescribe.

(*2*) For the purposes of section 156 of the said Code the area in regard to which an Excise-officer is empowered under sub-section (*1*) shall be deemed to be a police-station, and such officer shall be deemed to be the officer in charge of the station.

(*3*) Any such officer, specially empowered in that behalf by the Local Government, may, without reference to a Magistrate and for reasons to be recorded by him in writing, stop further proceedings against any person concerned or supposed to be concerned in any offence against this Act, which he has investigated or which may have been reported to him.

[*Cf.* Ben. Act V of 1909, s. 74 (4).]

Report by investigating officer.

53. If on an investigation by an Excise-officer empowered under section 52, sub-section (*1*), it appears that there is sufficient evidence to justify the prosecution of the accused, the investigating officer, unless he proceeds under section 52, sub-section (*3*), shall submit a report (which shall for the purposes of section 190 of the Code of Criminal Procedure, 1898, be deemed to be a police report) to a Magistrate having jurisdiction to inquire into or try the case and empowered to take cognizance of offences on police-reports. V of 1898

[*Cf.* Mad. Act I, 1886, s. 36.]

Report by Excise-officer.

54. Where any Excise-officer below the rank of Collector makes any arrest, seizure or search under this Act, he shall, within twenty-four hours thereafter, make a full report of all the particulars of the arrest, seizure or search to his immediate official superior, and shall, unless bail be accepted under section 56, take or send the person arrested, or the thing seized, with all convenient despatch, to a Magistrate for trial or adjudication.

[Ben. Act V of 1909, s. 81.]

Arrests, searches, etc., how to be made.

55. Save as in this Act otherwise expressly provided, the provisions of the Code of Criminal Procedure, 1898, relating to arrests, detentions in custody, searches, summonses, warrants of arrest, search-warrants, and the production of persons arrested, shall apply, as far as may be, to all action taken in these respects under this Act. V of 1898.

Security for appearance in case of arrest without warrant.

CHAPTER IX.

MISCELLANEOUS.

59. (1) The Local Government may make rules for the purpose of carrying out the provisions of this Act. [*Cf.* Mad. Act I, 1886, ss. 5, 29, and Act XII, 1896, ss. 9, 10, 12, 19, 29, 68.] Power to make rules.

(2) In particular, and without prejudice to the generality of the foregoing provision, the Local Government may make rules—

(*a*) prescribing the powers and duties of Excise-officers;

(*b*) regulating the delegation of any powers by the Chief Revenue authority, the Excise Commissioner or Collectors under section 6, clause (*g*);

(*c*) declaring in what cases or classes of cases and to what authorities appeals shall lie from orders, whether original or appellate, passed under this Act or under any rule made thereunder, or by what authorities such orders may be revised, and prescribing the time and manner of presenting, and the procedure for dealing with appeals;

(*d*) regulating the import, export, transport, manufacture, cultivation, collection, possession, supply or storage of any excisable article;

(*e*) regulating the periods and localities for which, and the persons or classes of persons to whom licenses for the wholesale or retail vend of any excisable article may be granted, and regulating the number of such licenses which may be granted in any local area;

(*f*) prescribing the procedure to be followed and the matters to be ascertained before any license for such vend is granted for any locality;

(*g*) regulating the time, place and manner of payment of any duty or fee;

(*h*) prescribing the authority by the form in which, and the terms and conditions on and subject to which, any license, permit or pass shall be granted, and may by such rules, among other matters,—

(i) fix the period for which any license, permit or pass shall continue in force,

(ii) prescribe the scale of fees or the manner of fixing the fees payable in respect of any such license, permit or pass,

(iii) prescribe the amount of security to be deposited by holders of any license, permit or pass for the performance of the conditions of the same,

(iv) prescribe the accounts to be maintained and the returns to be submitted by license-holders and

(v) prohibit or regulate the transfer of licenses;

(*i*) providing for the destruction or other disposal of any excisable article deemed to be unfit for use;

(*j*) regulating the disposal of confiscated articles;

(*k*) regulating the grant of expenses to witnesses and to persons charged with offences under this Act and subsequently released or acquitted; and

(*l*) regulating the power of Excise-officers to summon witnesses from a distance.

60. All rules made under this Act shall be published in the local official Gazette, and on such publication shall have effect as if enacted in this Act. [*Cf.* Act I, s. 96.] Publication of rules and notifications.

Recovery of Government dues.

61. (*1*) The following moneys, namely,—

(*a*) all excise-revenue,

(*b*) any loss that may accrue when, in consequence of default, a grant has been taken under management by the Collector, or has been re-sold by him, and

(*c*) all amounts due to the Government by any person on account of any contract relating to the excise-revenue,

may be recovered from the person primarily liable to pay the same, or from his surety (if any), by distress and sale of his moveable property, or by any other process for the recovery of land-revenue due from landholders or from farmers of land or their sureties.

(*2*) When a grant has been taken under management by the Collector, or has been re-sold by him, the Collector may recover, in any manner authorized by sub-section (*1*), any money due to the defaulter by any lessee or assignee.

[*Cf.* Mad. Act I, 1886, *s.* 28.]

Government lien on property of defaulters.

62. In the event of default by any person licensed or holding a lease under this Act, all his distillery, brewery, or warehouse or shop buildings, fittings or apparatus and all stocks of excisable articles or materials for manufacture of the same held in or upon any distillery, brewery, warehouse or shop premises shall be liable to be attached in satisfaction of any claim for excise-revenue or in respect of any losses incurred by Government through such default and to be sold to satisfy such claim, which shall be a first charge upon the sale-proceeds.

[Act XII, 1896, *s.* 28.]

Recovery of dues by lessee under section 17.

63. Any person to whom a lease has been granted in accordance with the provisions of section 17, may, in a case where sub-letting is not forbidden by the terms of his lease, proceed against any person holding under him for the recovery of any money due in respect of such sub-lease or holding as if it were an arrear of rent recoverable under the law for the time being in force with regard to landlord and tenant:

Provided that nothing contained in this section shall affect the right of any such grantee to recover any such money by civil suit.

[*Cf.* Act XII 1896, *s.* 66.]

Power of Local Government to exempt excisable articles from the provisions of the Act.

64. The Local Government may, by notification, either wholly or partially and subject to such conditions as it may think fit to prescribe, exempt any excisable article from all or any of the provisions of this Act, either throughout the province or in any specified area, or for any specified period or occasion, or as regards any specified class of persons.

[*Cf.* Mad. Act I, 1886, *s.* 72.]

Protection to persons acting under Act.

65. No suit, prosecution or other legal proceeding shall lie against any person for anything which is in good faith done or intended to be done under this Act.

[*Ibid.*]

Limitations of suits.

66. No suit shall lie against the Secretary of State for India in Council or against any Excise-officer in respect of anything done, or alleged to have been done, in pursuance of this Act, unless the suit is instituted within six months from the date of the act complained of.

Repeal of enactments.

67. The enactments mentioned in the Schedule are hereby repealed to the extent specified in the fourth column thereof.

THE SCHEDULE.

(*See section 67.*)

ENACTMENTS REPEALED.

1	2	3	4
Year.	No.	Short title.	Extent of repeal.
1863 ...	XVI	The Excise (Spirits) Act, 1863.	So much as has not been repealed.
1894 ...	VIII	The Indian Tariff Act, 1894	Section 6.
1896 ...	XII	The Excise Act, 1896	So much as has not been repealed.
1906 ...	VII	The Excise (Amendment) Act, 1906.	The whole.

STATEMENT OF OBJECTS AND REASONS.

IN 1905 a Committee was appointed by the Government of India to investigate the excise-administration of each Province, and to suggest such alterations in the law as might be desirable to suit local conditions.

In connection with this investigation the Committee was instructed to consider whether the various defects in the Excise Act, 1896 (XII of 1896), which had been brought to notice, rendered it desirable that the Act in question should be completely repealed, and, if so, to indicate the main lines on which fresh legislation was required. The Committee after a full investigation decided in favour of repeal. They pointed out that the Act was unsuited to modern conditions, and that it was an obstacle in the way of improved methods of excise-administration. They were of opinion that a fresh enactment of general application, which should proceed on the lines of the Madras Abkari Act, I of 1886, should be passed.
